NASCAR[®]

SUPERSPEEDWAY SET

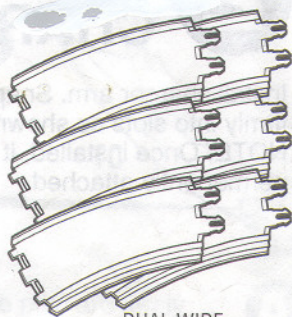

INSTRUCTIONS

Requires 6 "C" size batteries (not included). For best performance, use alkaline batteries.

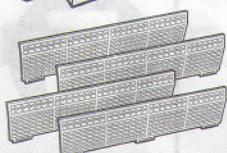

CONTENTS:

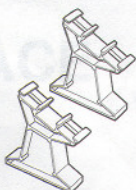

PIT STOP/CHARGER STATIONS

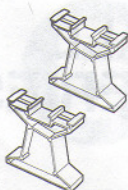

DUAL WIDE CURVES (45°)

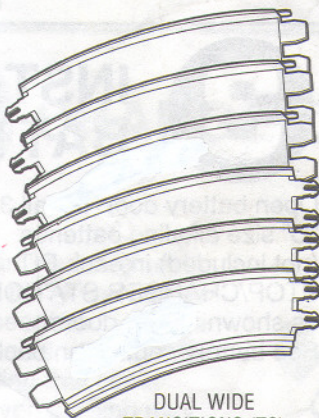

FENCES

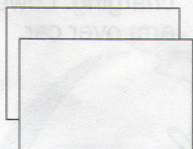

ANGLED TRESTLES (B)

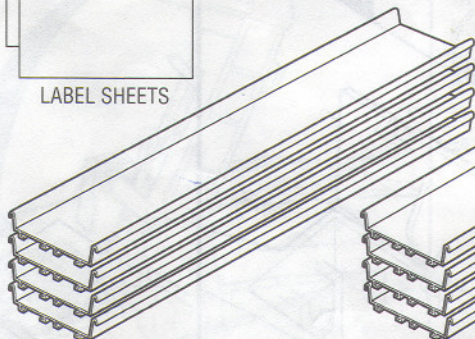

FLAT TRESTLES (C)

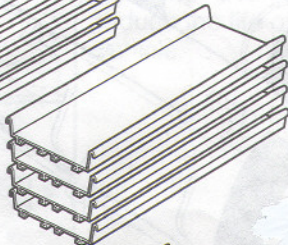

DUAL WIDE TRANSITIONS (TC)

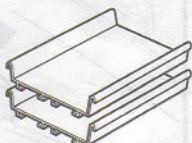

LABEL SHEETS

20" TRACKS

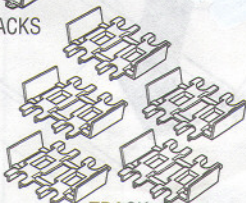

10" TRACKS

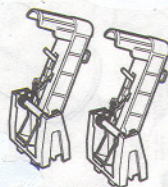

5" TRACKS

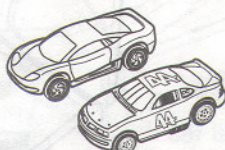

SMALL TRESTLES (A)

TRACK CONNECTORS

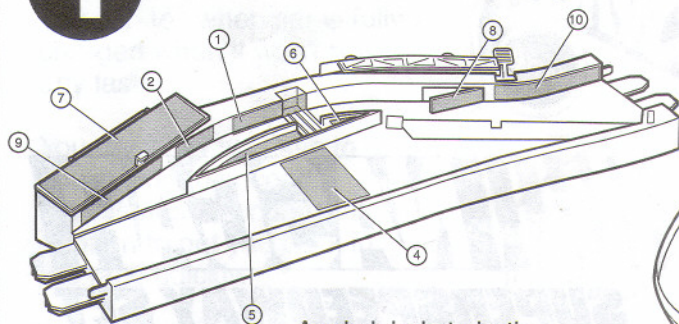

CHARGER ARMS

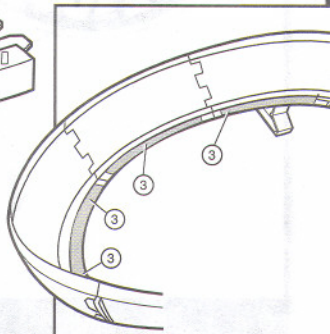

2 X-V RACERS™ CARS

Keep these instructions for future reference.

1 APPLY LABELS

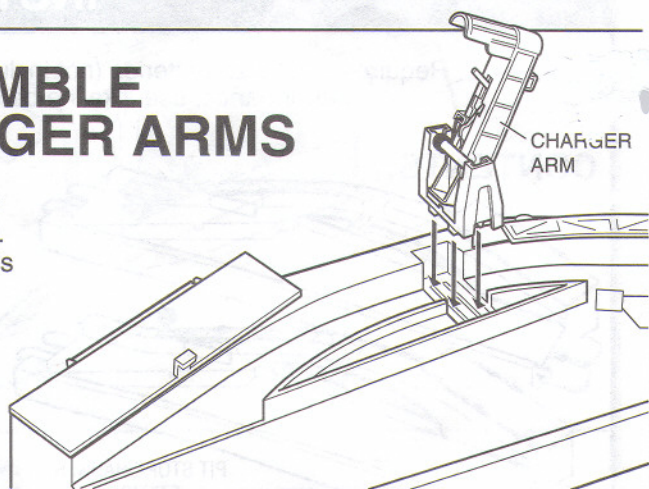

Apply labels to both charger stations. Each uses the same numbers

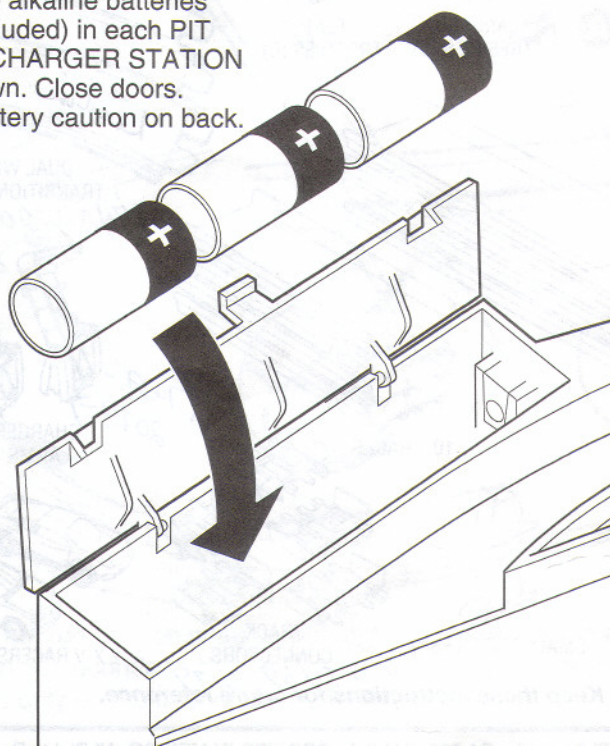

2 ASSEMBLE CHARGER ARMS

Install charger arm. Snap firmly into slots as shown. NOTE: Once installed, it is permanently attached.

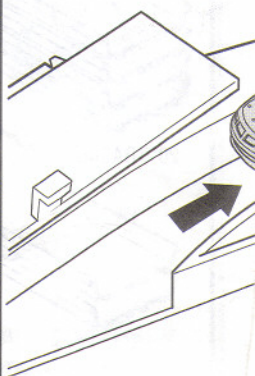

3 INSTALL BATTERIES

Open battery door. Install 3 "C" size alkaline batteries (not included) in each PIT STOP/CHARGER STATION as shown. Close doors. See battery caution on back.

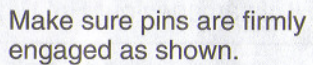

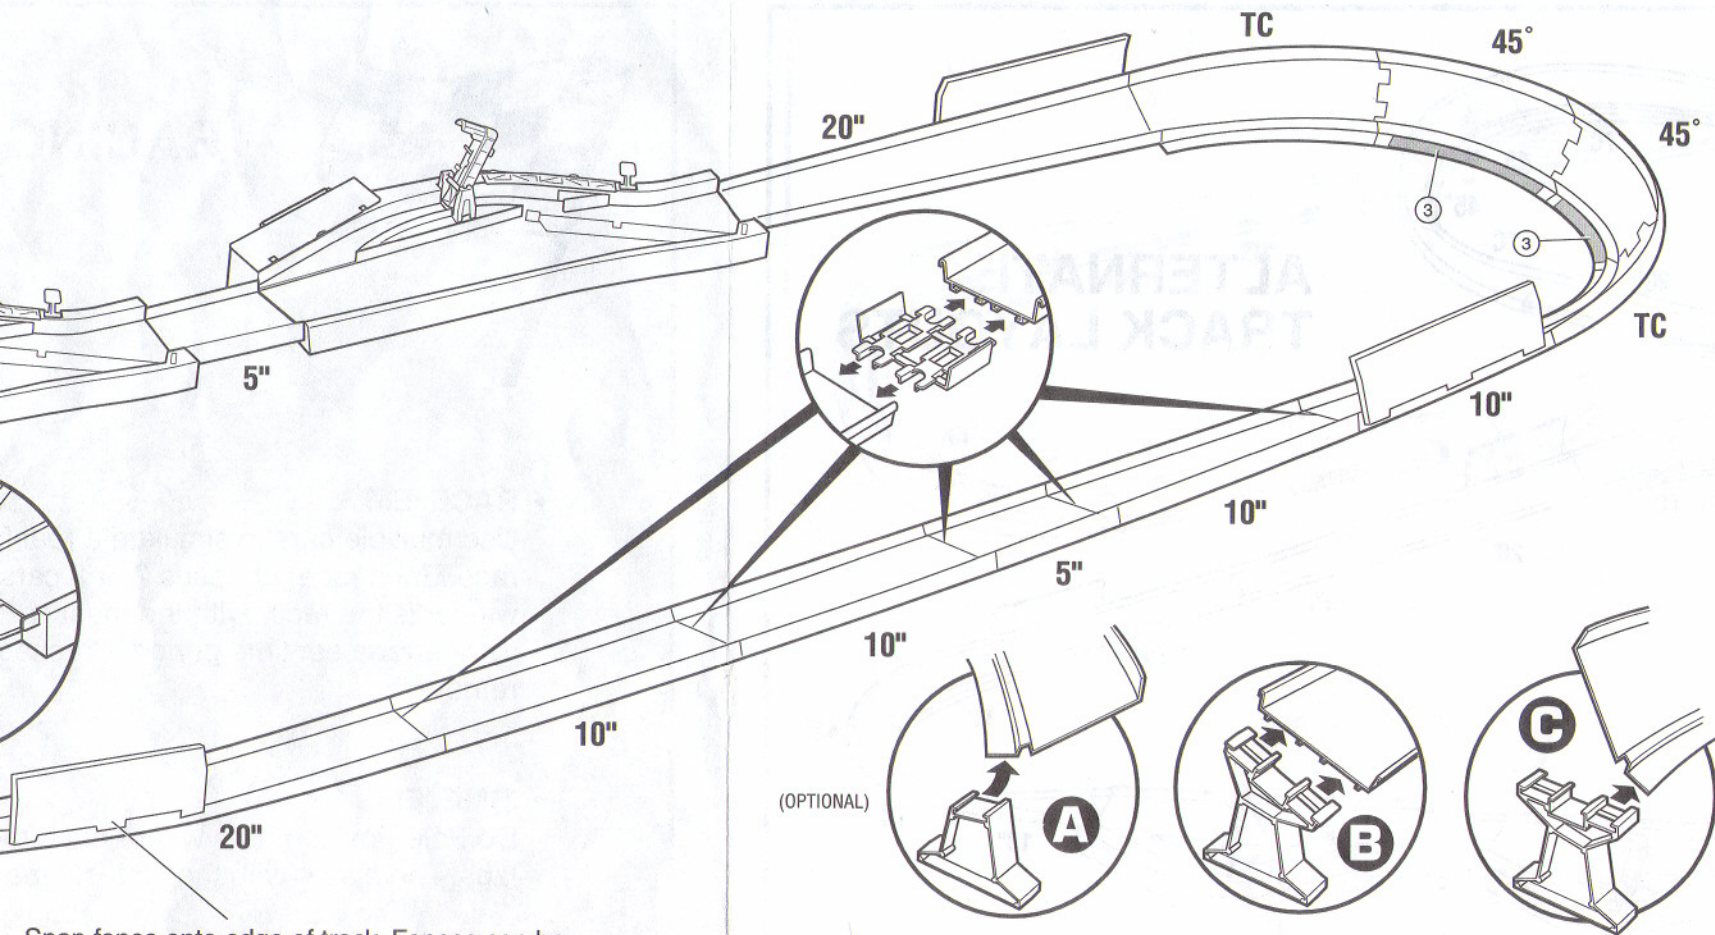

5 PR

Place car in position charging. Lower charger arm over car.

Snap together curved track sections as shown. Do the same for opposite end.

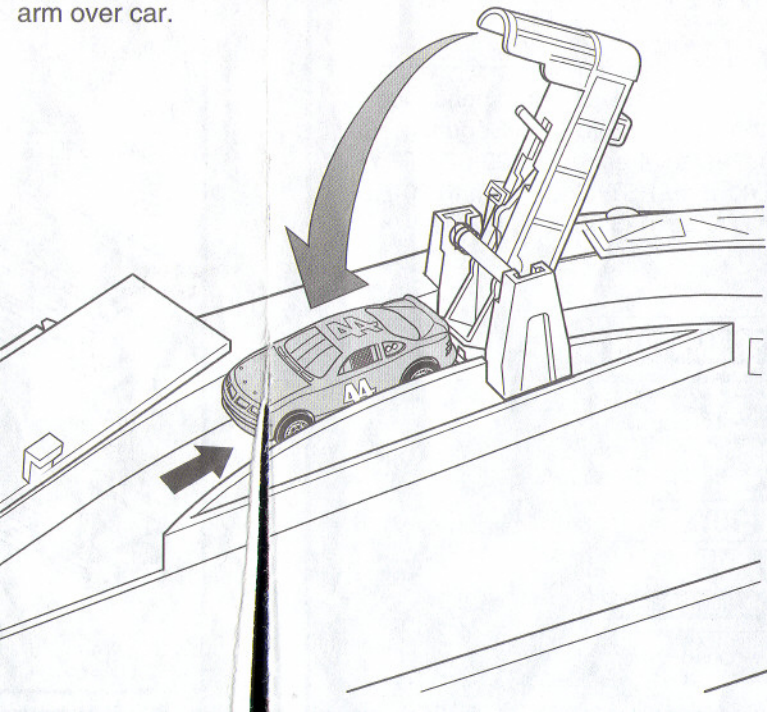

Snap fence onto edge of track. Fences can be re-positioned to help keep cars on track.

TRESTLE CONNECTIONS (PLACE AS DESIRED)

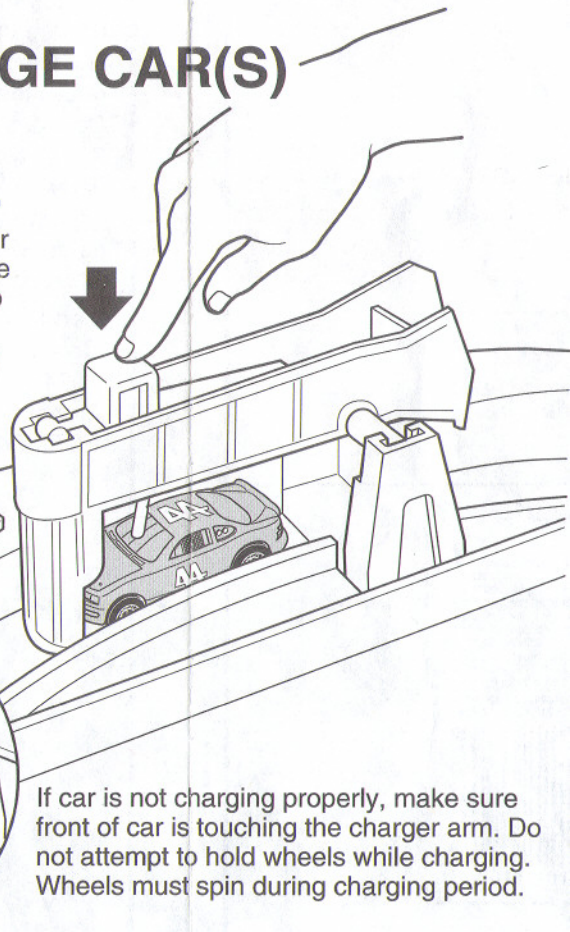

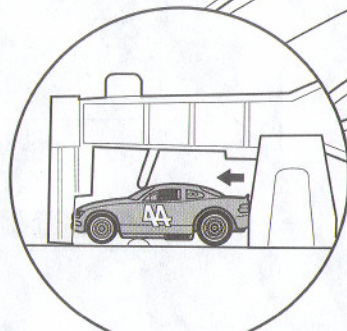

5 PREPARE TO RACE

Place car in position for charging. Lower charger arm over car.

6 CHARGE CAR(S)

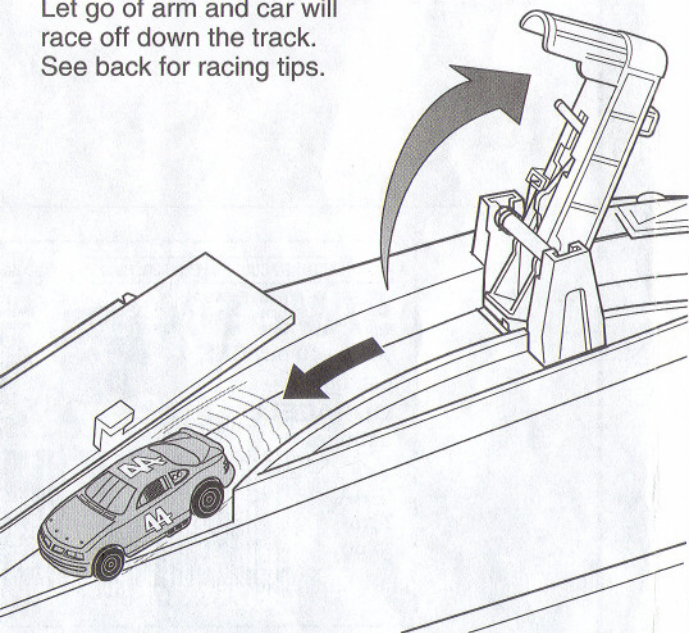

"Drivers, start your engines!" Press down firmly on charger arm for 10 seconds to charge car. Rear wheels will begin to spin, indicating that car is charging. Overcharging may reduce the life of your vehicle.

If car is not charging properly, make sure front of car is touching the charger arm. Do not attempt to hold wheels while charging. Wheels must spin during charging period.

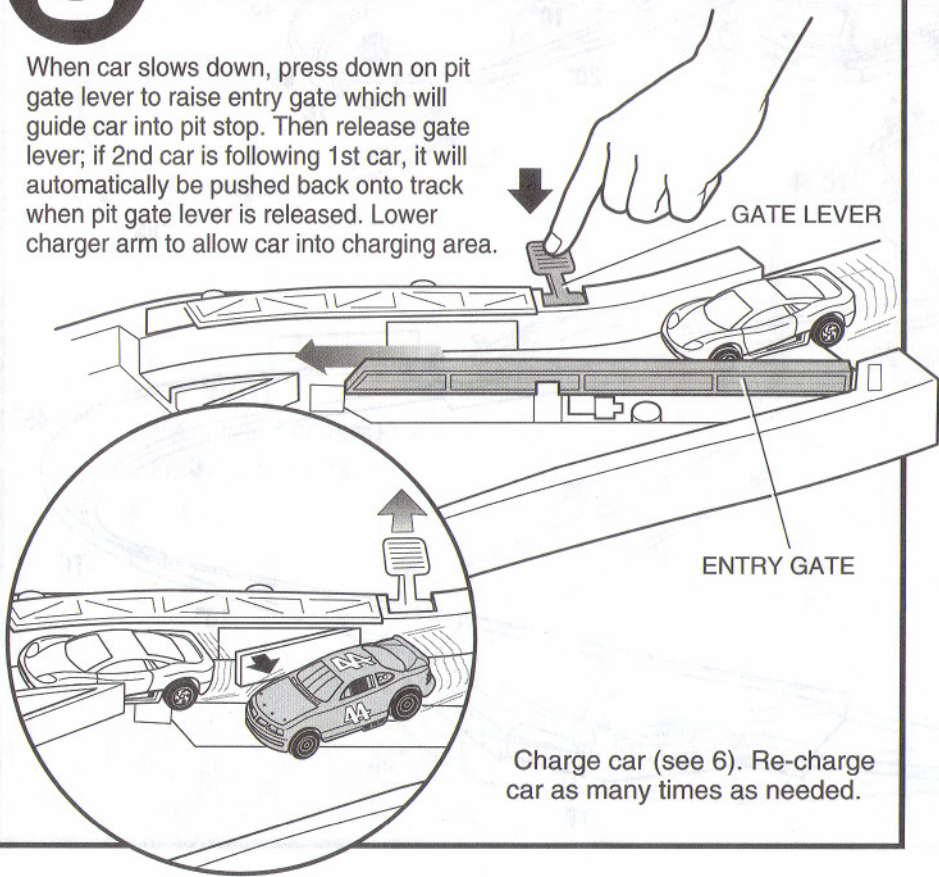

7 RACE

Let go of arm and car will race off down the track. See back for racing tips.

8 PIT STOP

When car slows down, press down on pit gate lever to raise entry gate which will guide car into pit stop. Then release gate lever; if 2nd car is following 1st car, it will automatically be pushed back onto track when pit gate lever is released. Lower charger arm to allow car into charging area.

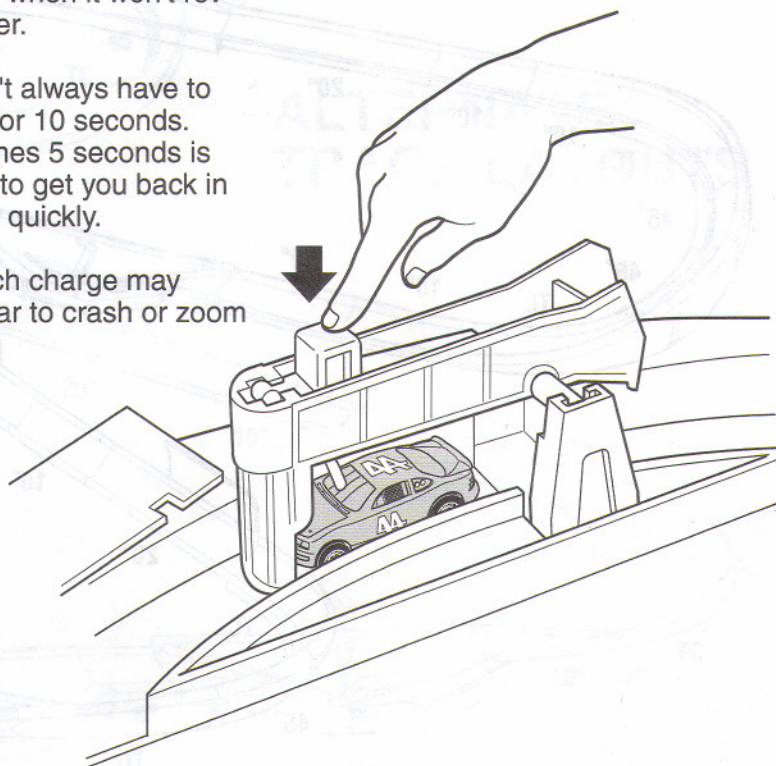

Charge car (see 6). Re-charge car as many times as needed.

PERFORMANCE TIPS

You can tell when car is fully charged when it won't rev any faster.

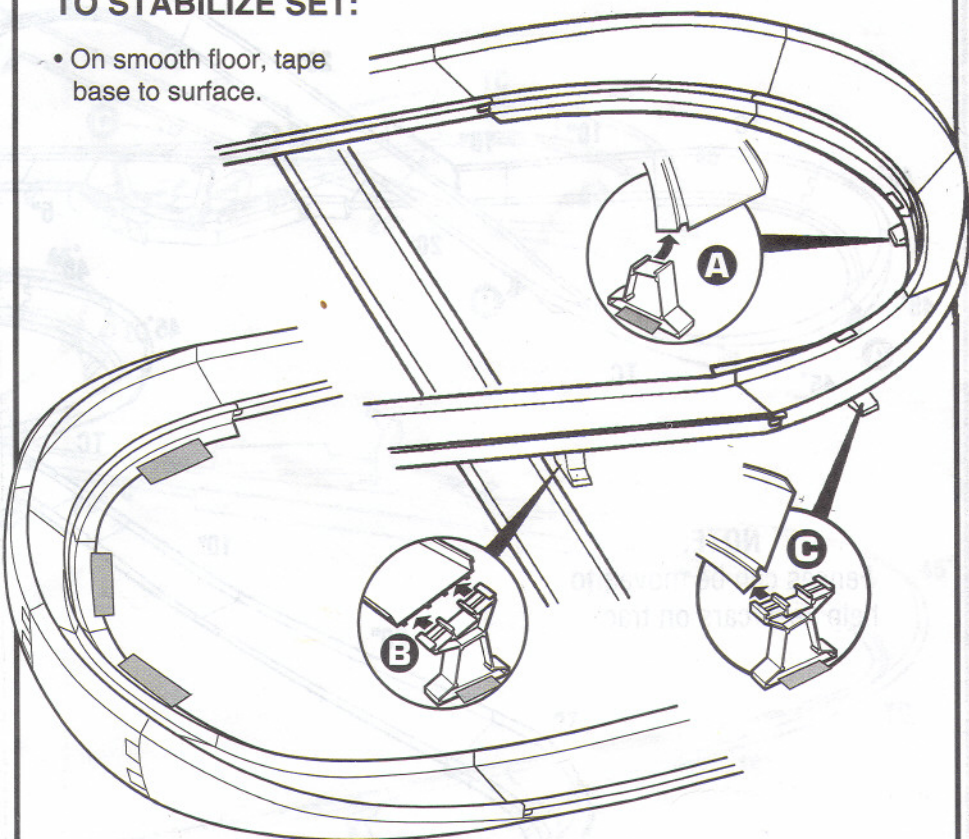

You don't always have to charge for 10 seconds. Sometimes 5 seconds is enough to get you back in the race quickly.

Too much charge may cause car to crash or zoom off track.

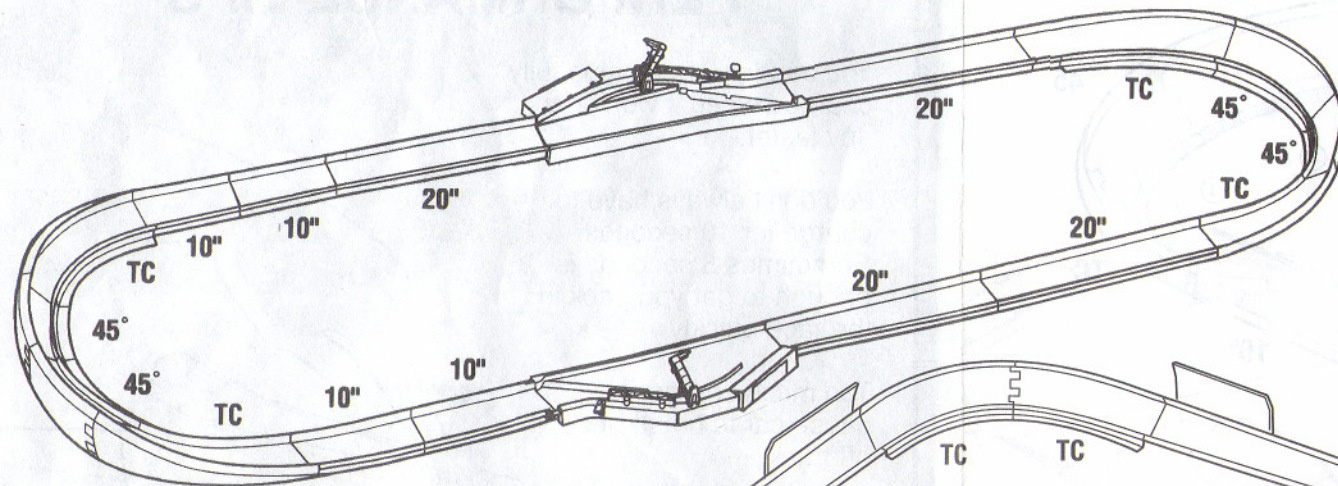

TO STABILIZE SET:

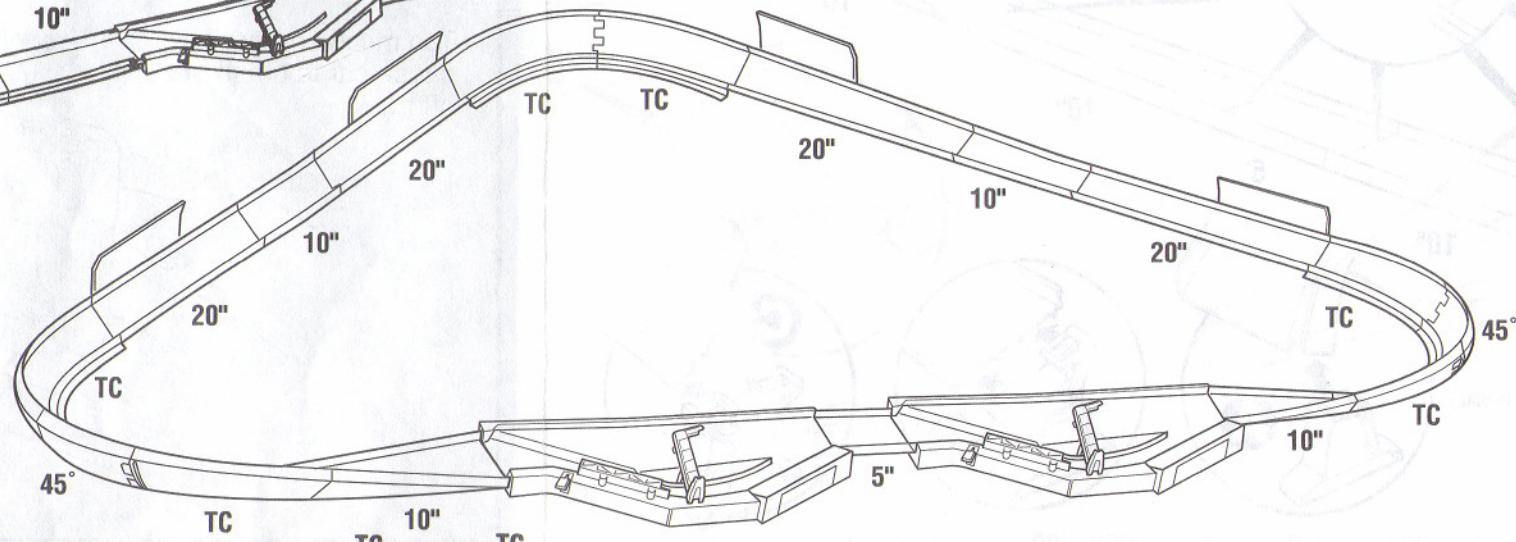

- On smooth floor, tape base to surface.

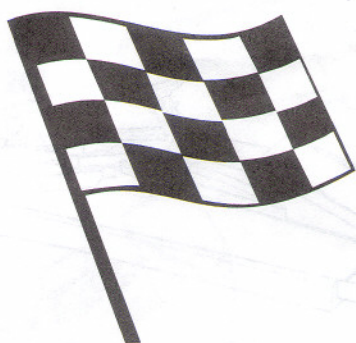

Do not run cars on shag carpet, dirt or wet surfaces. If cars take longer than 10 seconds to charge, replace batteries. Do not immerse in water. Use only on the floor or on HOT WHEELS track.

ALTERNATE TRACK LAYOUTS

RACING TIPS

- **RACE 'EM**

Use multiple cars to simulate a real Daytona 500 race. Each racer chooses 2 or 3 cars. The winner is the racer with the most cars left on the track after a set time period. Crashed cars are removed.

- **TIME 'EM**

Do Pole Position runs where each racer runs 20 laps. The player with the fastest time wins.

- **PASS 'EM**

The excitement is in passing other cars. Try to keep track of number of laps run or how many times you pass or lap another car.

- **CRASH 'EM**

Each racer uses multiple cars. The racer who gets the most cars on the track prior to any crashes wins.

MANUFACTURER COUPON EXPIRES: 12/31/99

SAVE 50¢

when you buy **ONE**
package of
DURACELL®

batteries
(sizes: D,
C, AA,
AAA
or 9V)

For best performance, use alkaline batteries

CAUTION:

1. Non-rechargeable batteries are not to be recharged.
2. Rechargeable batteries are to be removed from the product before they are charged.
3. If removable rechargeable batteries are used, they are only to be charged under adult supervision.
4. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
5. Do not mix old batteries and new batteries.
6. Only batteries of the same or equivalent type as recommended are to be used.
7. Be sure to insert batteries with the correct polarities and always follow the toy and battery manufacturers' instructions.
8. Exhausted batteries are to be removed from the product.
9. The supply terminals are not to be short-circuited.
10. Dispose of batteries safely.

CAUTION: Vehicles each contain a rechargeable cell. If fluid leaks, avoid contact with eyes and discard vehicle.

Only use chargers supplied with this toy. Use of an alternate charging source will damage your Hot Wheels X-V Racers Vehicle.

2-YEAR LIMITED WARRANTY

Mattel, Inc. warrants to the original consumer purchaser that this product will be free of defects in material or workmanship for two years (unless otherwise specified in alternate warranties) from the date of purchase. If defective, return the product along with proof of the date of purchase, postage prepaid, to Consumer Adjustment Center, 15930 E. Valley Boulevard, City of Industry, CA 91744 for replacement or refund at our option. This warranty does not cover damage resulting from accident, misuse or abuse. **VALID ONLY IN U.S.A.** This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Send only the product to the address above. Send all correspondence to Consumer Affairs, Mattel, Inc., 333 Continental Blvd., El Segundo, CA 90245-5012, U.S.A.
