Buttons and Sensors

Buttons: When she asks you a “Yes” or “No” question (like: Wanna hear a secret?), you must press the YES (“Y”) button for “Yes” or the NO (“N”) button for “No”. That way she’ll know exactly what you answered. If she asks a “Yes” or “No” question and you do not press the YES (“Y”) or NO (“N”) button on her shoe, your Diva Starz™ friend will not “understand” your answer and may respond by asking a different question. If you answer while she is in the middle of a sentence, she may not immediately recognize your answer. Allow her to complete the sentence, activity, or her movement (of eyelids and head) so she can respond to your answer.

Sensors: Her sensors enable her to recognize her fashions and accessories. The IR (infrared) sensors enable her to recognize her friends Alexa™, Nikki®, and Summer™.

Microphone: Lets your Diva Starz™ friend know when you respond to her questions. She may ask you a question like: What’s the best present you ever received? Tell her. The microphone lets her know when you’ve answered. If you don’t respond, your Diva Starz™ friend will ask two more questions. If you still do not respond, she will become silent until you are ready to play again.

Dressing Your Diva Starz™ Friend

Tia™ has the cutest outfits around! If you love playing fashion designer then you and Tia™ are going to be a trend-o-matic duo.

Word is, you're
into fashion!
Try some clothes
on me!

Each Diva Starz™ friend comes with her own special wardrobe. She's able to recognize her outfit and its color when you put it on her. To put her clothes on, just line up the clothing sensors with the sensor openings on her body. Check out the diagram (above) for an extreme close-up!

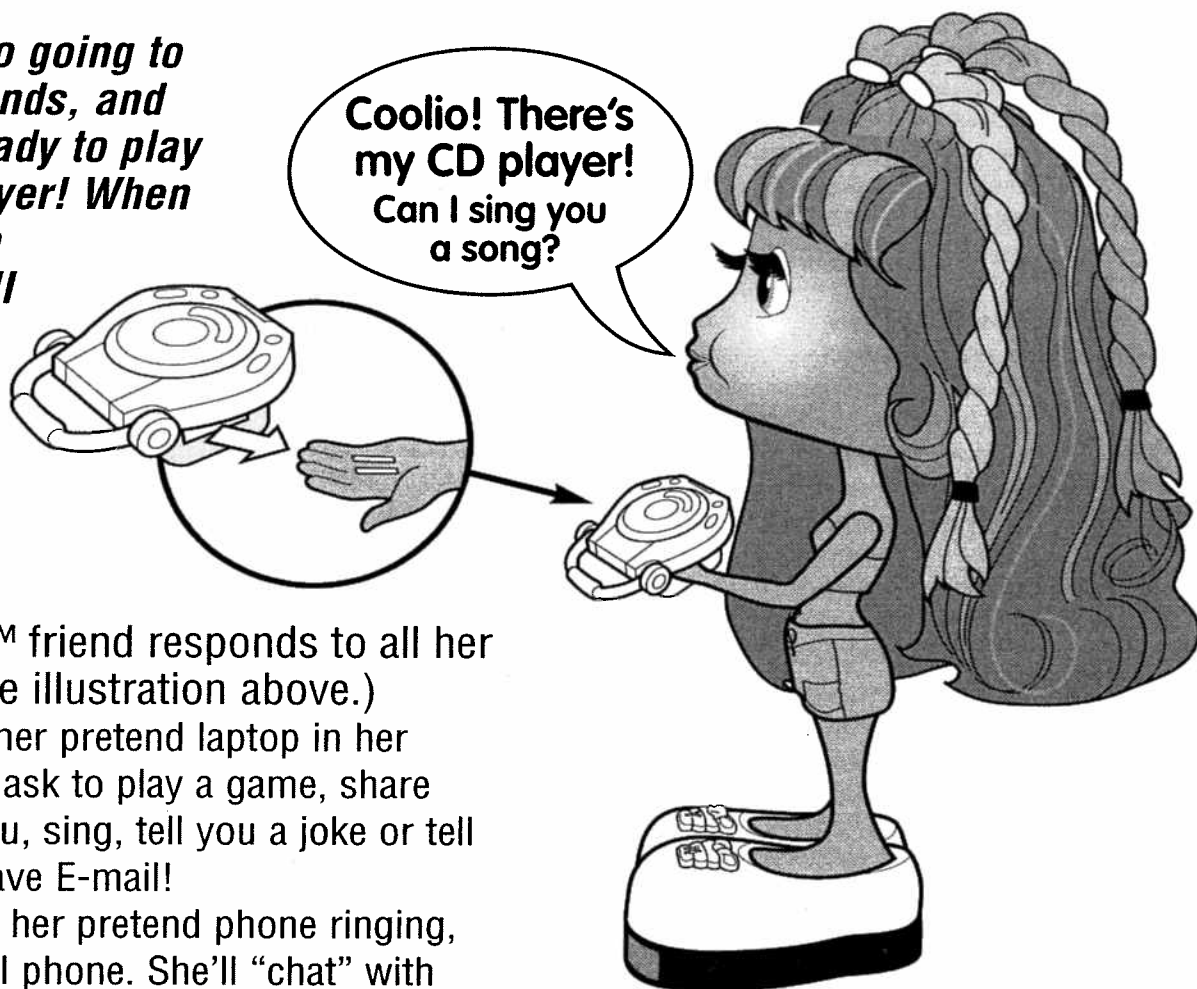

Diva Starz™ friends really know what's up, especially when you try to dress them in each other's outfits; they'll tell you who it belongs to! They even know when it's time to put on pajamas and when it's time to get dressed in the morning.

When you dress her, she may ask you to play one of her favorite fashion makeover games. If you don't want to play a game right now, no problem! Press the NO ("N") button. But remember, she's your best friend and will keep trying to play with you.

Flip to Games, on page 10, to find out what your Diva Starz™ friend likes to play when she's bored!

Diva Starz™ Accessories

Tia™ is way into going to parties with friends, and she's always ready to play with her CD player! When you give her the CD player, she'll sing and talk about music!

Your Diva Starz™ friend responds to all her accessories. (See illustration above.)

- When you put her pretend laptop in her hand, she may ask to play a game, share secrets with you, sing, tell you a joke or tell you that you have E-mail!
- When you hear her pretend phone ringing, give her the cell phone. She'll "chat" with her Diva Starz™ friends!
- When you place her pet's leash handle in her hand, she'll tell you all about her pet.

The pretend CD player, laptop and cell phone accessories are non-working.

Please take care of the accessories, but if you misplace a piece, you can still play. Press the YES ("Y") button when the doll asks for an accessory. She will respond as if you had actually placed the accessory in her left hand.

She may prompt you to hand her a specific accessory; if after several requests you do not give her the accessory, she'll go on and chat about something else. You can also place an accessory in her left hand without her asking for it. If she's in the middle of talking about something else she may not get your hint. Instead, she'll do what any best friend would do, she'll just keep on talking away about whatever it is she wants to say to you at that moment! When she finishes, she will then respond to the new accessory.

Take a peek at the Games on page 10 to find out what games you can play together.

Hair Stylin'

Got a look for me?

Okay, here's everything you need to know about creating an exciting hair-do for Tia™. She'll let you know if the style is a hair-do or a hair-don't.

Your Diva Starz™ friend comes with her own hair brush and hair barrettes. You can wait for her to prompt you to style her hair or you can come up with your own masterpiece.

Always remember that when you have finished styling your Diva Starz™ friend's hair, you must press the YES ("Y") button for her to recognize that you're done. If you take a while before you press the YES ("Y") button, she will ask if you are done with her hair and then ask you to press the YES ("Y") or NO ("N") button.

Gently brush her hair with her hair-brush. If you press the top of her head too hard, she may respond by saying something like, "Ow!".

After you have pressed the YES ("Y") button, she may ask you if you want to try another style, or she may ask you to play the Hair Guessing Game. Skip on over to the Games on page 10 to find out how you play.

Games and More!

Let's play a game!

The Diva Starz™ know how to have fun, and they can't wait to share their FAB-A-LICIOUS games with you. Take a look at the cool games you can play together:

Minute Makeover: In this game your Diva Starz™ friend will count to 15 as you try to dress and undress her in as many different outfits as you can. Don't worry about keeping track, your Diva Starz™ friend will tell you after the 15 seconds are up! And there's no cheating; your Diva Starz™ friend knows if you put the same outfit on her twice or more in a row! Make sure that you snap her fashions on snugly.

Simon Says*: Your Diva Starz™ friend tells you what clothes to put on her or what accessory to hand her. (Play this game using only the fashions and accessories that came with your Diva Starz™ friend.) Listen carefully, she might trick you by not saying, "Simon says".

Hair Guessing Game: Create a hair style for your Diva Starz™ friend. She will close her eyes and try to guess what it is. You have to press the YES ("Y") button so she can recognize when you're done styling her hair.

Fortune Teller (kinda like Magic 8 ball®!): Your Diva Starz™ friend will make her predictions about anything; ask her a YES or NO question and she'll give you a revealing answer. Diva Starz™ really know what's up!

and More!

Nicknames:** Each Diva Starz™ friend loves to make up cool nicknames for you. Once she creates a nickname for you, she'll call you by that nickname all day. She will give you a new nickname each day.

Word of the Day:** Your Diva Starz™ friend will let you in on her secret word of the day, each day! It's always something totally cool and another way for the two of you to have a lot of fun.

Dreams: Your Diva Starz™ friend knows what time it is. In the morning, she just may wake up and tell you about her dream!

**Simon Says Game: If you do not have the accessory or fashion that the doll requests, you can still play Simon Says. If she says "Simon says", press the YES ("Y") button. If she tries to trick you by not saying "Simon says", press the NO ("N") button.*

***If you turn her ON/OFF switch to OFF, then turn it back to ON, she will not "remember" what nickname or the word of the day she used before.*

Playing with 2 or More Diva Starz™ Friends

Diva Starz™ are **way** smart! When you get Tia™, Alexa™, Nikki®, and Summer™ together, they may surprise you and randomly talk to each other!

To increase your chances of a surprise conversation, the dolls need to face each other (it's only polite you know!). They work best when one doll's shoes are pointing toward the other doll's shoes.

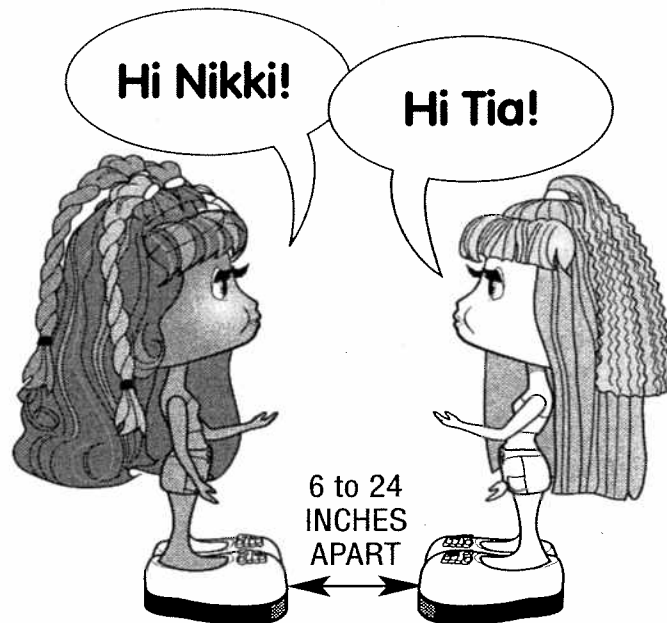

- When playing with 2 dolls, have them face each other.
- To play with 3 or 4 dolls, imagine each doll is standing on the corner of an invisible square, facing in to the center.

For best results, make sure all dolls are at the same level on a smooth flat surface and facing in toward one another. The dolls should be no closer than 6" and no further away than 24". That's all it takes to get the Diva Starz™ to talk to each other.

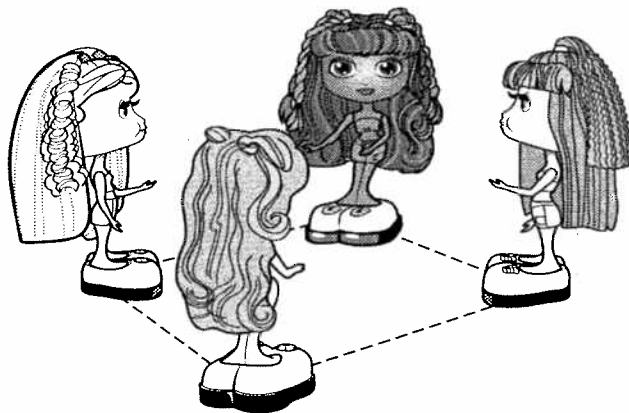

IMPORTANT: The Diva Starz™ friends may not be able to talk to each other in direct sunlight or fluorescent light.

Sharing Fashions!

Diva Starz™ friends **really** know what's up, especially when you try to dress them in each other's outfits. (Each Diva Starz™ friend has her own fave look and can distinguish her outfits and accessories from her friends'.) You can dress Tia™ in other Diva Starz™ friends outfits—but you can't fool her! She recognizes all her Diva Starz™ friends fashions and some accessories and she may even tell you who it belongs to!

WHEN PLAYING WITH 2 DOLLS, HAVE THEM FACE EACH OTHER.

TO PLAY WITH 3 OR 4 DOLLS, IMAGINE EACH DOLL IS STANDING ON THE CORNER OF AN INVISIBLE SQUARE, FACING IN TO THE CENTER.

Just Play!

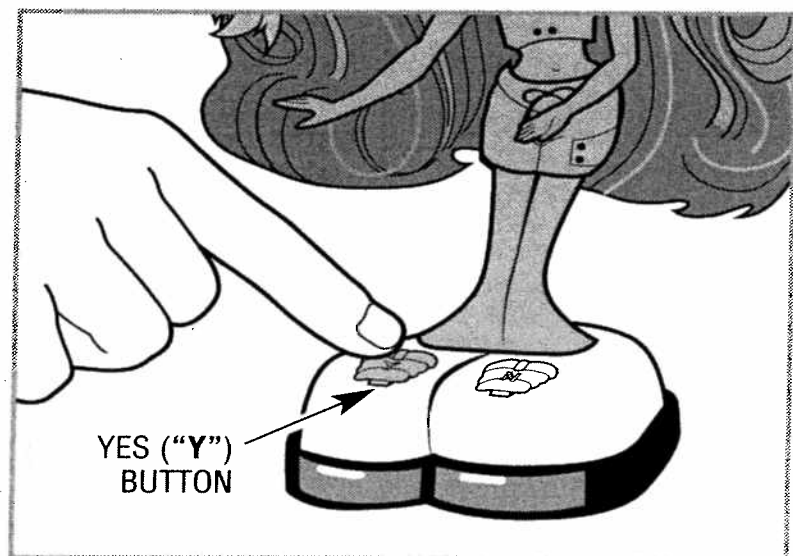

Do you wanna
just play?

Your doll may ask you if you would like to “Just play.” This is when you can really use your imagination. You can style your doll’s hair, put different outfits on her and make up scenarios for your doll. Your doll will respond once to each outfit placed on her, or if you press the top of her head, but she will not go into other play modes nor respond to any of her accessories. She will just be quiet, and you can make up all of her dialogue for her.

This is a great time to introduce your Diva Starz™ doll with other dolls you may want her to meet. They can all go shopping together, or out on dates, and you provide the conversation. You can style her hair as many times as you’d like, and she won’t ask for a particular style or tell you if she likes it or not.

When you are finished with your imagination time with your doll, and would like to have her respond or play a game with you again, simply press the YES (“Y”) button on her shoe. Your Diva Starz™ doll will immediately respond and be ready to talk, talk, talk.

IF TIA™ SAYS: “DO YOU WANNA JUST PLAY?”
PRESS THE YES (“Y”) BUTTON IF YOU WANT
TO JUST PLAY WITH HER.

Caring for Your Diva Starz™ Friend

Diva Starz™ are your new best friends, and you'll have a long lasting friendship if you remember these helpful hints:

- Never immerse your Diva Starz™ friend in water
- Never wash your Diva Starz™ friend's hair.
- Do not touch her eyes or try to turn her head.
- If your Diva Starz™ friend gets dirty, rub clean with a damp, soft cloth.
- Be sure to keep the contact sensors clean. Should they become dirty, gently wipe area with a cotton swab. Then wipe with a clean tissue or cloth. Refer to page 1 for sensor locations.
- Store all fashions and accessories in a clean dry area away from extreme heat or cold. A self-locking plastic storage bag (not included) is recommended.
- To conserve battery life, remember to turn doll "off" if you don't play with her for a long period of time.

Trouble Shooting Tips

- If you place an outfit on your Diva Starz™ friend, or place an accessory in her hand and she does not respond:
 - Sometimes she is in the middle of a sentence or a game, and she may not immediately recognize your request. Allow her to complete the sentence, activity, or her movement (of eyelids and head). Make sure that the accessory or fashion is taken off, then snap the new fashion or accessory all the way on so she can respond to your new request.
- If she still will not respond:
 - Be sure to keep her hand and clothing contact sensors clean. If they become dirty, gently wipe area with a cotton swab, then wipe with a clean tissue or cloth. Refer to call outs on page 1 for sensor locations.
- If your Diva Starz™ friend's speech becomes slow or garbled, you may need to replace the batteries.
- Be sure to use only fresh "AA" alkaline batteries when replacing the batteries.
- Make sure the batteries are properly aligned (positive with + and negative with -).
- Note: Each time you change the batteries or turn the doll off, you will need to reset your Diva Starz™ friend's internal clock. Refer to page 6 for details.
- If your Diva Starz™ friend asks you to reset her clock, then continues to ask you to reset her clock, the batteries need to be replaced.
- When playing with more than one Diva Starz™ friend, make sure all dolls are standing at the same level on a smooth flat surface and facing in toward one another. The dolls should be no closer than 6" to one another and no further away than 24".
- If your Diva Starz™ friend should suddenly stop while playing, and the doll does not respond to any of your commands, the doll program may be 'locked up', i.e.:
 - If the doll stops moving (even after she says several sentences) she may need to be reset by switching her ON/OFF switch to OFF then back to ON.
 - Refer to page 6 to reset the clock. (You will need to reset the clock each time you turn the ON/OFF switch to OFF then back to ON.) Then you will be able to play with her again.
- **IMPORTANT:** The Diva Starz™ friends may not be able to talk to each other in direct sunlight or fluorescent light.
- Please take care of the accessories, but if you misplace a piece, you can still play by doll prompts. Press the YES ("Y") button when the doll asks for an accessory. She will respond as if you had actually placed the accessory in her left hand.
- Press the YES ("Y") or NO ("N") button **once** for each response. If you press a button more than once, your Diva Starz™ friend will "remember" the additional press and will apply it to her next question or comment.
