

Care

- Wipe this toy with a clean cloth dampened with a mild soap and water solution. Do not immerse this toy.
- This toy has no consumer serviceable parts. Please do not take this toy apart.

FCC Note (United States Only)

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

Loving Family™ Western Horse Instructions

Product features and decorations may vary from the picture above. Figure not included.

Model Numbers: 75278, 75279, 75280

Please keep this instruction sheet, as it contains important information.

Requires three (LR44) button cell batteries for operation (included)

Adult assembly is required for battery replacement.

Tool needed for battery replacement: Phillips screwdriver (not included).

www.fisher-price.com

Attaching the Saddle

- Place the blanket on the horse's back.
- Place the saddle on top of the blanket.
- Insert the peg on the underside of the saddle strap into the hole in the battery compartment door.
- Fit the two holes on one end of the strap onto the two pegs on the other end of the strap.

Sounds and Actions

- Tip the horse's head forward to hear realistic sounds and see the horse paw at the ground.

2

Battery Replacement

For best results, use only alkaline batteries.

1.5V x 3
LR44 or Equivalent
SHOWN ACTUAL SIZE

Battery Tips

- Do not mix old and new batteries.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Remove the batteries during long periods of non-use. Always remove exhausted batteries from the toy. Battery leakage and corrosion can damage this toy. Dispose of batteries safely.
- Never short circuit the battery terminals.
- Non-rechargeable batteries are not to be recharged.
- Only batteries of the same or equivalent type as recommended in the "Battery Replacement" instructions are to be used.
- If removable rechargeable batteries are used, they are only to be charged under adult supervision.
- Rechargeable batteries are to be removed from the toy before they are charged.
- If you use a battery charger, it should be examined regularly for damage to the cord, plug, enclosure and other parts. Do not use a damaged battery charger until it has been properly repaired.

- Remove the saddle from the horse.
- Locate the battery compartment on the underside of the horse.
- Loosen the screw in the battery compartment door with a Phillips screwdriver. Lift to remove the battery compartment door.
- Remove the exhausted batteries from the battery compartment and properly discard them.
- Insert three button cell "LR44" batteries, as indicated inside the battery compartment.

Hint: We recommend using **alkaline** batteries for longer battery life.

- Replace the battery compartment door and tighten the screw with a Phillips screwdriver. Do not over-tighten.
- Replace the saddle on the horse.
- When sounds from this toy become faint or stop working, it's time for an adult to replace the batteries!
