East Aurora, New York 14052

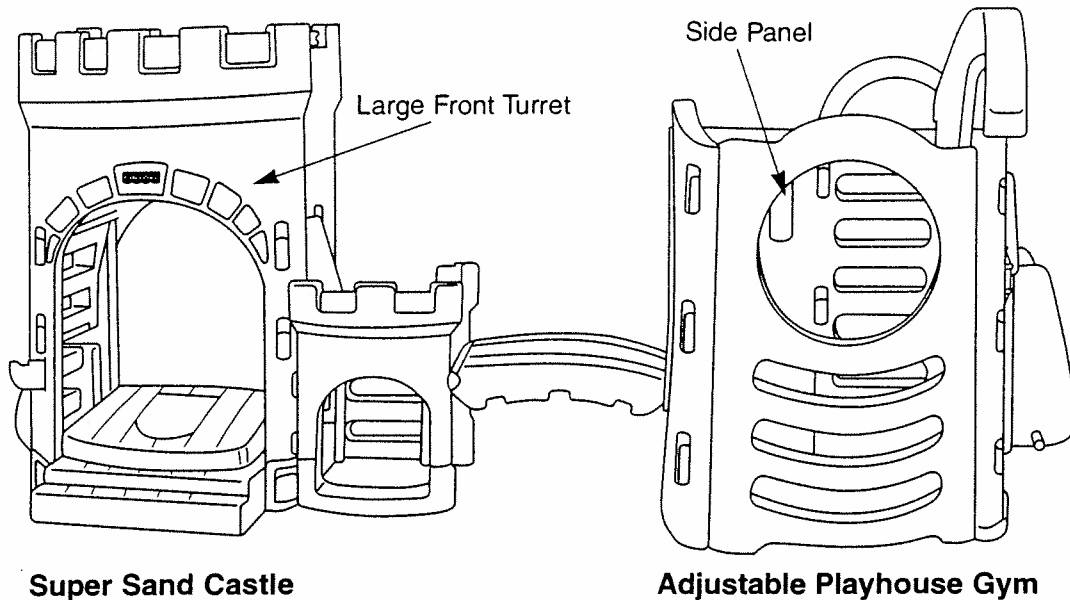

Hearing-impaired consumers using TTY/TDD equipment, please call 1-800-382-7470.

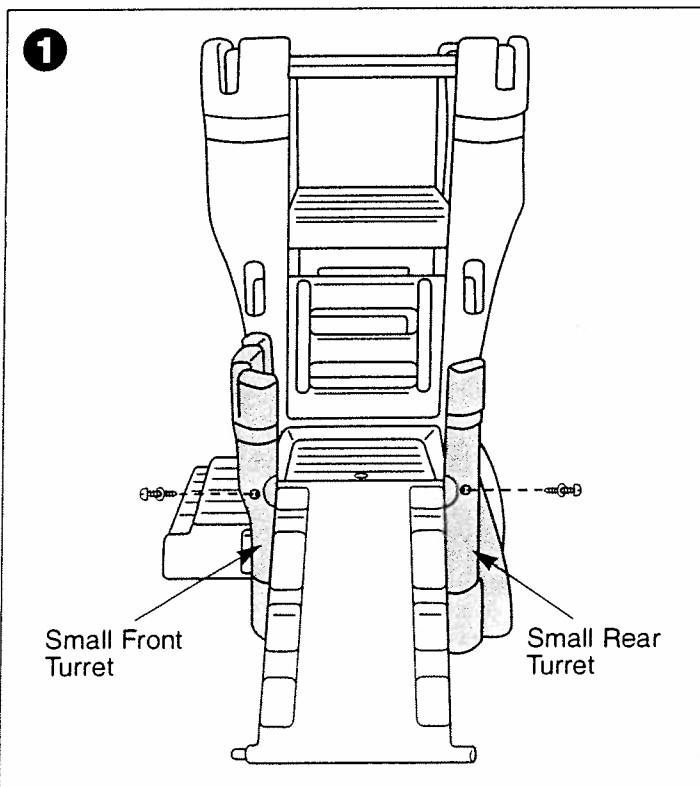

CAUTION

Please keep small parts and plastic bags out of children's reach.

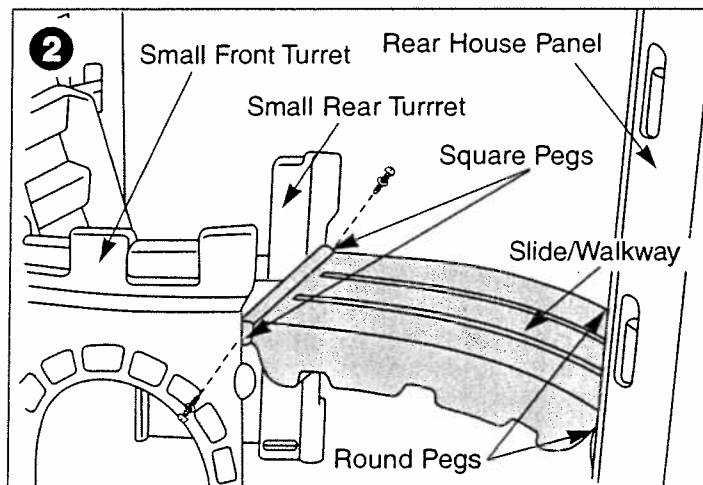

Super Sand Castle to Adjustable Playhouse Gym

- Position the Super Sand Castle to your left with the large front turret facing you.
- Position the Adjustable Playhouse Gym to your right with the side panel facing you.

- Remove the screws with washers from the Super Sand Castle small turrets with a Phillips screwdriver. Set this hardware aside for step **2**.

- Remove the Super Sand Castle slide and turn it upside down.
- First fit the round pegs on the Super Sand Castle slide into the slots in the Adjustable Playhouse Gym rear house panel.
- Then fit the square pegs on the Super Sand Castle slide into the square "holes" in the Super Sand Castle small turrets.
- Align the screw holes in the Super Sand Castle small turrets and each side of the slide.

Helpful Hint: To make sure the screw holes are aligned, pass the shaft of the screwdriver through the holes before inserting the screws.

- Place a washer onto each screw. Insert the screws through the Super Sand Castle small turrets and into each side of the slide. Tighten the screws with a Phillips screwdriver. Do not over-tighten.
