Welcome to the Imaginext™ System

The Imaginext™ system lets your child's imagination come alive. With easy snap together panels, kids can build different structures in lots of different ways. Use some of the parts or all of them!

Preschool children will enjoy using all parts of this toy to build structures of their own creation. At first they will need parental assistance to build the structure on the front cover. It may be easier to use our step-by-step instructions and give your preschooler only the parts that will be assembled in each step. The more your child plays with this toy, and development and skill increases, the less assistance your child will need!

**Please keep this instruction sheet for future reference,
as it contains important information.
For children 4-10 years.**

Let's Build It!

WARNING

Warning – Choking Hazard
Not recommended for children
under 3 years because it contains
small parts that can be swallowed.

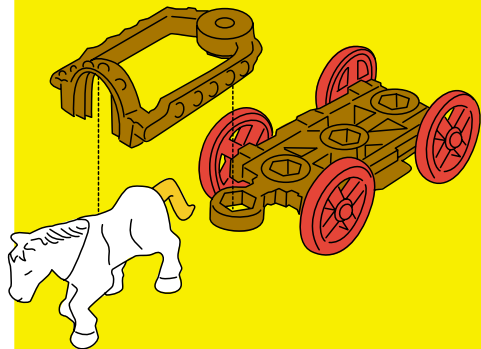

CAUTION

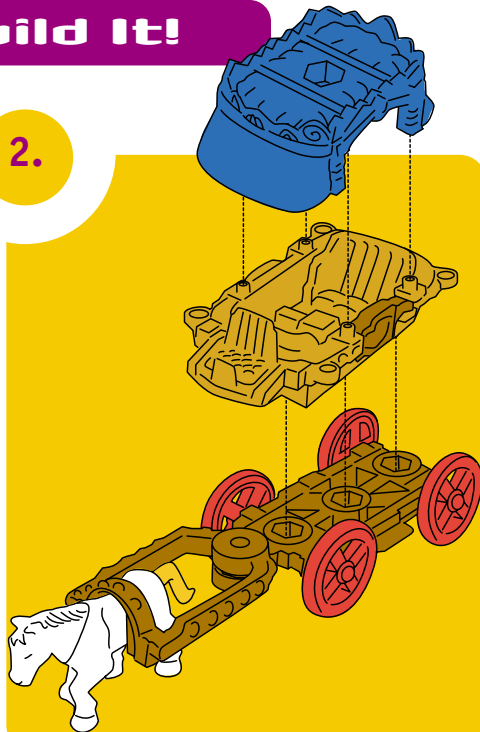

- Do not launch the projectile at close range.
- Only use the projectile supplied with this toy.
- Do not fire at people or animals.
