Shown Actual Size

ASSEMBLY

IMPORTANT! Before each usage or assembly, inspect this product for damaged hardware, loose joints, missing parts or sharp edges.

⚠ CAUTION

This package contains small parts.
Adult assembly is required.

1

- Remove the small curved tube from the liner.
- Position the liner upside down on a flat surface.
- Unfasten the buckle.

2

- Identify the **large curved tube** without buttons and the **small curved tube** with buttons and red dots.

3

- Locate the tunnel in the liner near the **NOTICE label**.
- Insert the large curved tube through the tunnel in the liner near the **NOTICE label**.

4

- Note the locations of the sleeves, on each side of the liner, near the **WARNING label**.

ASSEMBLY

5

- Locate the tunnel in the liner near the **WARNING** label.
- Insert the **small curved tube** through the tunnel in the liner near the **WARNING** label.

IMPORTANT! DO NOT yet insert the small curved tube through the sleeves in the liner.

6

- Position the back stand so that it leans toward the **WARNING** label on the liner. Make sure the arrows on the ends of the back stand **point toward the WARNING** label.
- Slide the ends of the back stand onto the ends of small curved tube.

7

- Push the buttons on the ends of the small curved tube while sliding the back stand over the buttons. **Make sure the buttons "snap" into the holes in the plastic ends of the back stand.**

IMPORTANT! If you cannot slide the back stand completely onto the small curved tube (so that the buttons "snap" into the holes), you have probably assembled the back stand incorrectly. Turn the back stand around and re-read steps 6 and 7.

8

- Now, insert the ends of the small curved tube through the sleeves on each side of the liner.

ASSEMBLY

9

- Position a handle so that the handle grip is toward you. (The smooth side of the handle should be facing the liner.)
- Fit the end of the handle onto one of the ends of the small curved tube. Make sure the handle covers the red dot on the small curved tube.

Helpful Hint: The red dot on the small curved tube may be hidden by the liner. You may need to adjust the liner for a clearer view of the red dot.

- Repeat this procedure to assemble the other handle.

10

- Insert a screw through each handle and into the small curved tube. Tighten the screws with a Phillips screwdriver. Do not over-tighten.
- Pull on each handle to be sure they are properly secured to the small curved tube. If you can remove one or both, re-read steps 9 and 10.

11

- At an angle, fit the ends of the large curved tubes into the handles. Align the holes in the ends of the large curved tube with the holes in the handles.
- Insert a screw through the inside of each handle and into the large curved tube. Tighten the screws with a Phillips screwdriver. Do not over-tighten.
- Pull on each handle to be sure they are properly secured to the large curved tube. If you can remove one or both, re-read this step.

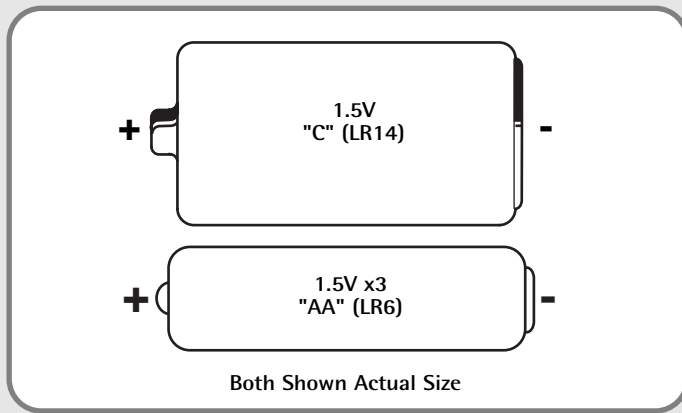

12

- Position the front stand so that the metal fasteners in the rubber feet face the back stand.
- Fit the ends of the front stand into the indent inside each handle.
- Insert a screw through each handle and into the ends of the front stand. Tighten the screws with a Phillips screwdriver. Do not over-tighten.
- Pull the front stand to be sure it is properly secured to the handles. If you can remove it, re-read this step.

Assembly is now complete.

BATTERY INSTALLATION

Battery Tips

- Do not mix old and new batteries.
- Do not mix different types of batteries: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Remove the batteries during long periods of non-use. Always remove exhausted batteries from the toy. Battery leakage and corrosion can damage this toy. Dispose of batteries safely.
- Never short circuit the battery terminals.
- Non-rechargeable batteries are not to be recharged.
- Only batteries of the same or equivalent type as recommended in the Battery Installation instructions are to be used.
- If removable rechargeable batteries are used, they are only to be charged under adult supervision.
- Rechargeable batteries are to be removed from the toy before they are charged.
- If you use a battery charger, it should be examined regularly for damage to the cord, plug, enclosure and other parts. Do not use a damaged battery charger until it has been properly repaired.

Sound Unit

- Insert a coin (or the end of a flat end screwdriver) and remove the battery compartment door on the sound unit.
- Insert three, size "AA" (LR6) alkaline batteries as shown inside the battery compartment. Be sure to place the batteries on top of the ribbon.

Hint: For easy removal of the batteries, simply lift the ribbon.

- Replace the battery compartment door and "snap" it securely closed.

Soothing Unit

- Insert a coin (or the end of a flat end screwdriver) and remove the battery compartment door on the soothing unit.
- Insert one, size "C" alkaline battery as shown inside the battery compartment.
- Replace the battery compartment door, and "snap" it securely closed.

OPERATION AND USE

IMPORTANT! Before each usage or assembly, inspect this product for damaged hardware, loose joints, missing parts or sharp edges. Do not use if any parts are missing or broken. Contact Fisher-Price® for replacement parts and instructions if needed. Never substitute parts.

⚠ WARNING

- Never place product on an elevated surface.
- To prevent strangulation:
 - Never place items with a string, such as hood strings or pacifier cords, around child's neck.
 - Never place bassinet near a window where cords from blinds or drapes can strangle a child.

To Unfold

⚠ WARNING

Soothing Sounds Portable Bassinet must be fully erected prior to use.

- Place the bassinet on a flat surface to open it.

2

- Turn the bassinet face down.
- Pull the back stand toward the **WARNING** label on the liner until the buttons "snap" into place.

3

- Pull the front stand toward the **NOTICE** label on the liner.

OPERATION AND USE

4

- Turn the bassinet upright. Check to be sure the bassinet is **fully erect**.
- Push down on the bassinet. **Make sure the buttons on the back stand are "snapped" into place.**

When Putting Baby to Sleep*

- Normal, healthy infants should **ALWAYS** sleep on their backs.
- Quilts, comforters and blankets should **NEVER** be placed under an infant.
- **NEVER** place any covering higher than an infant's shoulders.
- **NEVER** place infants to sleep on pillows, sofa cushions, adult beds, waterbeds, beanbags, or any other surface not specifically designed for infant sleep.
- Do not overdress your baby. If you feel comfortable, your baby will too.

*This important safety message is brought to you by the Juvenile Products Manufacturers Association.

Restraint System

WARNING

- Never leave child unattended.
- To prevent falls, use only for a child who is unable to push up on hands and knees, pull up or sit unassisted.
- When used as an infant seat, to prevent falls, always use restraint.

5

- Place your baby in the bassinet.
- Position the restraint pad between your baby's legs.
- Fasten both waist belts to the buckles on each side of the restraint pad. **Make sure you hear a "click" on both sides.**
- Check to be sure the restraint is securely attached by pulling it away from your baby. The restraint should remain attached.

OPERATION AND USE

6

To tighten the waist belts:

- Feed the anchored end of the waist belt up through the buckle to form a loop **A**.
- Pull the free end of the waist belt **B**.
- Repeat this procedure to tighten the other waist belt.

To loosen the waist belts:

- Feed the free end of the waist belt up through the buckle to form a loop **A**.
- Enlarge the loop by pulling on the end of the loop toward the buckle.
- Pull the anchored end of the waist belt to shorten the free end of the waist belt **B**.
- Repeat this procedure to loosen the other waist belt.

Note: After adjusting the waist belts to fit your child, make sure you pull on them to be sure they are securely fastened.

Bassinet Position Adjustment

7

- You can adjust the bassinet to an **upright** or **recline** position for baby's comfort.

8

To adjust the bassinet to upright:

- Lift the back of the liner and then fasten the buckle. **Make sure you hear a "click".**

To adjust the bassinet to recline:

- Support the back of the liner with your hand, unfasten the buckle and guide the back of the liner down into position.

OPERATION AND USE
