Assembly

IMPORTANT! Before each usage or assembly, inspect this product for damaged hardware, loose joints, missing parts or sharp edges.

1

- Remove the small curved tube from the liner.
- Position the liner upside down on a flat surface.
- Unfasten the buckle.

2

- Identify the **large curved tube** without buttons and the **small curved tube** with buttons and red dots.

3

- Locate the tunnel in the liner near the **"NOTICE" label**.
- Insert the **large curved tube** through the tunnel in the liner **near the "NOTICE" label**.

4

- Note the locations of the sleeves on each side of the liner, near the **"WARNING" label**.

5

- Locate the tunnel in the liner near the **"WARNING" label**.
- Insert the **small curved tube** through the tunnel in the liner **near the "WARNING" label**.

IMPORTANT! DO NOT insert the small curved tube through the sleeves in the liner.

Assembly

6

- Position the back stand so that it leans toward the "WARNING" label on the liner. Make sure the buttons on the plastic ends of the back stand are toward the "WARNING" label.
- Slide the ends of the back stand onto the ends of small curved tube.

7

- Push the buttons on the ends of the small curved tube while sliding the back stand over the buttons. **Make sure the buttons "snap" into the holes in the plastic ends of the back stand.**

8

- Insert the ends of the small curved tube through the sleeves on each side of the liner.

9

- Position a handle so that the handle grip is toward you. (The smooth side of the handle should be facing the liner.)
- Fit the end of the handle onto one of the ends of the small curved tube. Make sure the handle covers the red dot on the small curved tube.

Helpful Hint: The red dot on the small curved tube may be hidden by the liner. Adjust the liner for a clearer view of the red dot.

- Repeat this procedure to assemble the other handle.

Assembly

10

- Insert a screw through each handle and into the small curved tube. Tighten the screws with a Phillips screwdriver. Do not over-tighten.

11

- At an angle, fit the ends of the large curved tubes into the handles. Align the holes in the ends of the large curved tube with the holes in the handles.
- Insert a screw through the inside of each handle and into the large curved tube. Tighten the screws with a Phillips screwdriver. Do not over-tighten.

12

- Position the front stand so that the metal fasteners in the rubber feet face the back stand.
- Fit the ends of the front stand into the indent inside each handle.
- Insert a screw through each handle and into the ends of the front stand. Tighten the screws with a Phillips screwdriver. Do not over-tighten.

Assembly is now complete.

Battery Installation

- Insert a coin (or the end of a flat end screwdriver) and open the battery compartment door on one of the handles.
- Insert one size "C" alkaline battery as shown inside the battery compartment.
- Close the battery compartment door.

Battery Tips:

- Remove the battery during long periods of non-use. Always remove an exhausted battery from the product. Battery leakage and corrosion can damage the product.
- Never short circuit the battery terminals.
- A non-rechargeable battery is not to be recharged.
- Only a battery of the same or equivalent type as recommended in the "Battery Installation" instructions is to be used.
- If a removable rechargeable battery is used, it is only to be charged under adult supervision.
- A rechargeable battery is to be removed from the product before it is charged.
- If you use a battery charger, it should be examined regularly for damage to the cord, plug, enclosure and other parts. Do not use a damaged battery charger until it has been properly repaired.

Operation and Use

IMPORTANT! Before each usage or assembly, inspect this product for damaged hardware, loose joints, missing parts or sharp edges. Do not use if any parts are missing or broken. Contact Fisher-Price® for replacement parts and instructions if needed. Never substitute parts.
