

You **MUST** follow the instructions below to properly assemble the seat wire caps and seat wire to the seat.

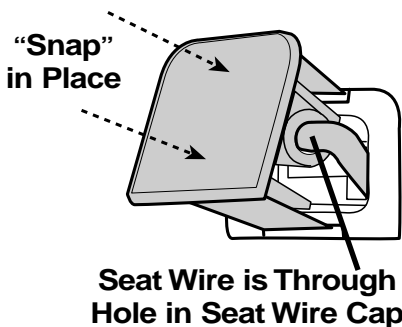

Complete assembly steps 1-12 in the instruction booklet. Then, follow the instructions below for assembly steps 13-14.

13

- Fit each end of the seat wire **through the hole** in each seat wire cap.

14

- **“Snap”** the seat wire caps into place.

Now, refer back to the instruction booklet to complete assembly of the swing and review important information its use.
