

# GRANKY'S SPINNING CARGO DROP

## INSTRUCTIONS

Keep these instructions for future reference as they contain important information.

### ASSEMBLY

**ADULT ASSEMBLY REQUIRED.** No tools needed.

## TRACK LAYOUT

## HOW TO PLAY

1. Place the cargo crate on Diesel's flatbed cargo car as shown, aligning the pegs on the flatbed with the slot on the bottom of the crate.

2. Wind Cranky in the direction shown until he locks into place.

## HOW TO PLAY

3. As Diesel passes the loading area...

4. ...Cranky will spin and hook the cargo crate...

5. ...and deliver the cargo down the chute!

## BATTERY INSTALLATION

Unscrew and lift cover away from top of product.  
Install battery as indicated inside the battery compartment.  
For longer life use only alkaline batteries.  
Requires 1 "AA" (LR6) battery.  
If this toy begins to operate erratically, you may need to reset the electronics.  
Remove the battery from the toy and replace it.

Required tool:  
Phillips screwdriver  
(not included)

## BATTERY SAFETY INFORMATION

In exceptional circumstances batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Non-rechargeable batteries are not to be recharged.
  - Rechargeable batteries are to be removed from the product before being charged.
  - Rechargeable batteries are only to be charged under adult supervision.
  - Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
  - Do not mix old and new batteries.
  - Only batteries of the same or equivalent type as recommended are to be used.
  - Batteries are to be inserted with the correct polarity.
  - Exhausted batteries are to be removed from the product.
  - The supply terminals are not to be short-circuited.
  - Dispose of battery(ies) safely.
  - Do not dispose of this product in a fire.
- The batteries inside may explode or leak.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

NOTE: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

- THIS CLASS B DIGITAL APPARATUS COMPLIES WITH CANADIAN ICES-003.
- CET APPAREIL NUMERIQUE DE LA CLASSE B EST CONFORME A LA NORME NMB-003 DU CANADA.
- Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
- L'utilisation de ce produit est sujette aux conditions suivantes :
  - (1) il ne doit pas produire de brouillage et
  - (2) il doit pouvoir tolérer tout brouillage reçu, même si ce brouillage est susceptible de compromettre son fonctionnement.
