

Rock 'n Playhouse Box

INSTRUCTIONS

Keep these instructions for future reference as they contain important information.

HOW TO PLAY

There are three floors of fun with music & sounds on every floor! The elevator triggers sound effects on each floor, while Julius phrases prompt play, encouraging children to use their Julius Jr. character figures to skate on the ramp, enter the invention dimension, look through the telescope and more.

Open the door to enter the Playhouse and trigger a special entry sequence.

Skate on the skateboard ramp.

Dance on the light-up floor on the ground level.

Take the "Lift-o-Tron" magic elevator to the 2nd floor and rock out with the band.

Go for a rocket ride in outer space.

Go onto the roof and peer out into the 'real world.'

Universal fit sliding conveyor belt can be attached to other conveyor belts and smaller sets for extended play.
