Before Use

⚠ CAUTION

Please keep small parts such as the plastic tab out of children's reach. Throw the plastic tab away.

Note: A plastic tab was attached to the toy for in-store demonstration purposes. While the tab may have already been removed, check the back of the toy to be sure. If the plastic tab is still attached, open the fasteners on the back of the toy and pull and remove the tab. Close the fasteners and throw the plastic tab away.

Battery Replacement

For best results, we recommend replacing the batteries that came with this toy with three, new “AA” (LR6) alkaline batteries.

- Open the fasteners on the back of the toy to access the battery compartment.
- Loosen the screws in the battery compartment door with a Phillips screwdriver. Remove the battery compartment door. Throw the exhausted batteries away.
- Insert three, new “AA” (LR6) **alkaline** batteries.

Hint: We recommend using **alkaline** batteries for longer battery life.

- When sounds become faint or stop, it's time for an adult to change the batteries!
- Replace the battery compartment door and tighten the screws with a Phillips screwdriver. Do not over-tighten.
- Close the fasteners on the toy.

- Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities (Europe only).

Battery Safety Information

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your product.

To avoid battery leakage:

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the product. Dispose of batteries safely. Do not dispose of this product in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type, as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the product before charging.
- If removable, rechargeable batteries are used, they are only to be charged under adult supervision.

FCC Statement

United States Only

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
