## GAME ASSEMBLY

1. Slide the controllers into the slots on the side of the ring. Controllers should be inserted at an angle with the knob on the end of the controller going through the opening first.

2. Insert the robot platforms into the holes on the large platform and snap the robot holders into the controllers.

3. Insert the robots into the grooves on the robot platforms.

4. Insert the ring poles into each corner of the main platform.

5. Apply labels on the back of the robots and on the side of the ring.

## GAME CONTROLS

## OBJECT OF THE GAME

To knock your opponent's robot out by punching it in the jaw and making its head pop up.

## HOW TO PLAY

1. Grasp the controls and rapidly press the control buttons to throw punches.

2. Move the control pad side to side or back and forth to control the movement of the robot.

3. Target the head of your opponent's robot. When the robot's head pops up the game is over.

4. Press down the robot's head to start the next round.
