## HOW TO PLAY

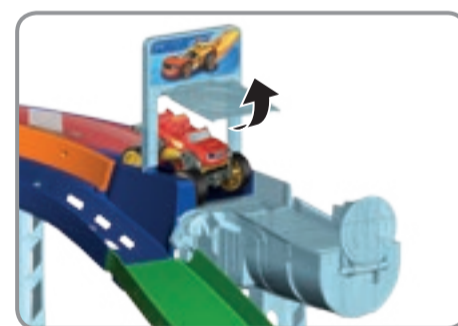

1. Set the 2 roadblocks to determine the direction of the vehicle.

2. Load the vehicle into the Turbo Launcher and pull the lever to the bottom of the ramp to set the launcher.  
**Note:** Turbo Launcher may not work with all Blaze vehicles.

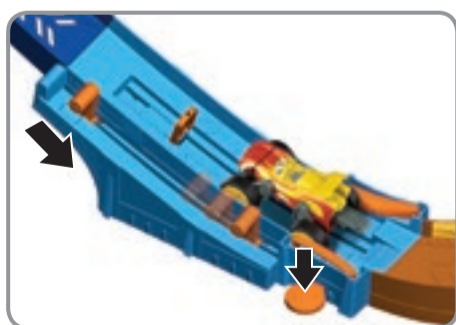

3. Press the button to send Blaze racing around the track.

4. Blaze bursts through the gate into the Turbo Flipper.

5. Slowly pull the handle and the Turbo Flipper transforms Blaze, sending him speeding over the ramp and around the track.  
**Note:** Turbo Flipper only works with Blaze Flip & Race vehicles. Additional Flip & Race vehicles sold separately and subject to availability.

6. Every time Blaze reaches the Turbo Launcher, make sure he is correctly positioned in the launcher. Then pull the lever back and press the button to send Blaze racing around the track again.

7. At any time, you can press the clip and rotate Blaze to transform him from a monster truck into a race car and back again.
