# Fisher-Price® Smart Connect™ App

- Some features of this product only work with the Fisher-Price® Smart Connect™ app.
- Download the Fisher-Price® Smart Connect™ app to control the sleeper from your smart device (not included). The app is available from the App Store® or Google Play™.
- The Smart Connect™ app is compatible with most iOS and Android™ devices. Please refer to the chart for a list of compatible devices. Device not included.

## Pairing Your Device with Soother

**Before using the Fisher-Price® Smart Connect™ App for the first time, pair your device (not included) with the soother.**

- Open the Fisher-Price® Smart Connect™ App on your device. Be sure your device is within approximately 1,8 meters of the soother to pair.
  - Press and hold the pairing button (the power button)  on the soother for 5 seconds to pair it with your device. Once paired, you'll see a green button light on your device.
- Hint:** If you cannot pair your device with the soother, try moving the device closer to the product.

# The soother of your dreams ....

More features are available using the **Fisher-Price® Smart Connect™** App

- Program Sleep Stages for baby's bedtime routine;
- Choose light colors, brightness and sequences;
- Make music style selections;
- Use your device to control volume;
- Use your device to turn soother power ON or OFF.

 Touch the **power button** to turn ON. Touch again to turn power OFF. When you turn power back on, the soother recognizes the most recent music/sounds/light selections.

 Touch the **sleep sounds button** to turn on soothing sounds. Touch again to change the sound. Each touch advances to a different sound: Pink Noise, Brown Noise, Womb Sounds, Ocean Waves, Nature or Wind. Press and hold this button to turn off sounds.

 Touch the **music button** to turn on gentle music. Touch again to change to a different music selection. Each touch advances to a different music selection. Press and hold this button to turn off music.

 Touch the **volume button** to increase volume. Touch again and again to increase volume level and then turn volume off. Your next touch sets volume at it's lowest level again. Press and hold this button to turn volume off.

 Touch the **animal projection button** to turn on enchanting projection. Touch again to turn projection off.

 Touch the **star projection button** to turn on multi-colored projection. Touch again to turn projection off.

 Touch the **nightlight button** to turn on a soft, amber nightlight. Touch again to turn the nightlight off.

**FCC STATEMENT (UNITED STATES ONLY)**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**CAN ICES-3 (B)/NMB-3 (B)**

Operation is subject to the following two conditions:

(1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes : (1) il ne doit pas produire de brouillage et (2) il doit pouvoir tolérer tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre son fonctionnement.
