2. Snap the connected two sides into the base.
3. Snap the safety rails into the top of the Dinosaur Habitat.
4. Cut the plastic sticks off of their frame. Use safety scissors.

SET UP

There are two ways to play Tumblin' Monkeys® Raptors Jurassic World™: "Standard" and "Rescue Blue."

STANDARD

1. Randomly place two sticks of each color through the holes on each level of the Dinosaur Habitat.
2. Drop all the Raptors EXCEPT THE BLUE RAPTOR in the top. If any fall out, put them in again.

RESCUE BLUE

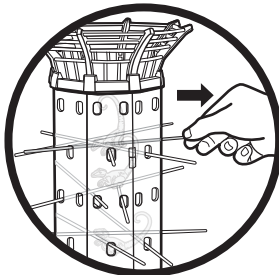

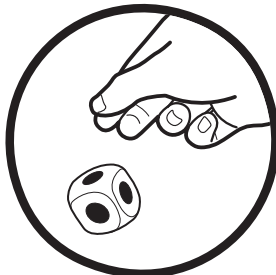

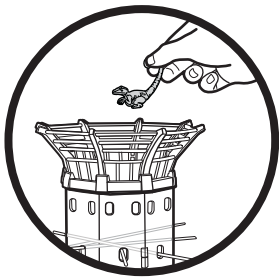

1. Randomly place two sticks of each color through the holes on each level of the Dinosaur Habitat.
2. Drop all the Raptors in the top. Put Blue in last, leaving her on top. If any fall out, put them in again.

LET'S PLAY!

1. The youngest player goes first.
2. On your turn, roll the die and carefully pull out one stick of the matching color from the Dinosaur Habitat – always taking sticks from the highest level first.
3. If any Raptors fall from the Dinosaur Habitat, you must keep them.
4. If all the sticks of one color have been removed and you roll that color, you are lucky and miss that turn.
5. Continue in turn (clockwise) until all the Raptors have fallen out of the Dinosaur Habitat.
6. The player with the LEAST Raptors wins the game!

RESCUE BLUE

Same as steps 1, 2 and 4 above, except the objective is to get Blue to drop when you pull out a stick. If you are successful, you WIN!
