[Splat Cup]

LET'S PLAY!

- Both players make sure they have their hammer in their hands and their 4 Mole Cups in front of them in random order.
- Turn over the top Sequence Card from the deck and place it on the playing surface.
- Both players IMMEDIATELY use their hammers to stack the cups in the correct order, reading the Sequence Card from top to bottom

(HINT: the color at the top of the card is the first cup you **WHACK**). FOR EXAMPLE: if the icons on the Sequence Card from top to bottom are: blue, green, red, orange, purple, yellow, you would first **WHACK** your hammer on the blue cup. The blue cup will stay inside your hammer as you **WHACK** the green cup next, then the red cup, then orange, then purple and finally yellow.

- When you are finished, **WHACK** the Splat Cup to complete your stack.
- If you have stacked them in the correct order, you win that round!
- The winner keeps the card and the game is reset for the next round.

WINNING

The first player to collect 5 cards **WINS!**
