Doodle Pro™ Designs

IMPORTANT! Before first-time use, completely darken the drawing screen with the drawing pen. Slide the eraser lever slowly up and down to clear the drawing screen. Repeat this procedure several times to enable the drawing screen to create the clearest, darkest images.

Use the drawing pen to write messages, create your own drawings or play games.

To erase the drawing screen, slide the eraser lever slowly up and down. Now you can create a new design!

IMPORTANT! To avoid damage to the drawing screen keep this toy away from extreme heat sources such as ovens, heaters and radiators.

Do not apply heavy pressure or force to the drawing screen. Heavy pressure is not necessary and could damage the drawing screen. A light touch makes a dark line.

Use only the drawing pen included. Do not use any other object on the drawing screen.
