

IMPORTANT! Before first-time use, completely darken the drawing screen with one of the magnetic stampers. Slide the eraser lever from side to side to clear the drawing screen. Repeat this procedure several times to enable the drawing screen to create the clearest, darkest images.

- Use the magnetic stampers to make squares, circles, triangles and flowers!
- Use the fine line pen to: create your own drawings, play games or write messages.

- **To erase the drawing screen,** slide the eraser lever slowly from side to side.

- Store the stampers in the pull-out drawer.

- To copy a drawing on to the screen, place the drawing on the screen and trace over it with the fine line pen.

Hint: Hang Doodle Pro™ on a wall and use it as a message board!

IMPORTANT! To avoid damage to the drawing screen:

- Do not leave the magnetic stampers on the drawing screen for extended periods of time.
- Use only the fine line pen included.
- Do not use regular pencils, pens, crayons, or markers.
- Keep this toy away from extreme heat sources such as ovens, heaters and radiators.

Do not apply heavy pressure or force to the drawing screen. Heavy pressure is not necessary and could damage the drawing screen. A light touch makes a dark line.

Use only the special, fine line pen included. Do not use any other object on the drawing screen.
