## Fisher Price®

Each sold separately and subject to availability.

G5788

Please keep this instruction sheet for future reference, as it contains important information.

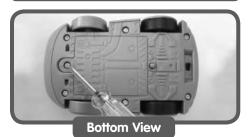

Requires three "AA" batteries (included). Adult assembly is required (for battery replacement).

Tool required for battery replacement: Phillips screwdriver (not included).

This product is not recommended for use on loose dirt or wet surfaces.

## **Battery Replacement**

For best performance, we recommend replacing the batteries that came with this toy with three, new alkaline "AA" (LR6) batteries.

- Locate the battery compartment door on the bottom of each car.
- Loosen the screw in the battery compartment door with a Phillips screwdriver. Remove the battery compartment door.
- Remove the exhausted batteries and throw them away.
- Insert three, new "AA" (LR6)
  alkaline batteries.

**Hint:** We recommend using **alkaline** batteries for longer life.

- Replace the battery compartment door and tighten the screw with a Phillips screwdriver. Do not over-tighten.
- When sounds or motions become faint or stop, it's time for an adult to change the batteries!

 Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities (Europe only).

# Battery Safety Information

#### **Battery Safety Information**

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your toy. To avoid battery leakage:

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the toy. Dispose of batteries safely. Do not dispose of the product in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type, as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging.
- If removable, rechargeable batteries are used, they are only to be charged under adult supervision.

## Shake It, Then Race It!

### **A** CAUTION

Please keep small parts such as plastic tabs out of children's reach. Throw the plastic tabs away.

Note: Plastic tabs are attached to the toy for in-store demonstration purposes. While the tabs may have already been removed, check the bottom of the toy to be sure. If a plastic tab is still attached, pull and remove the tab. Throw the plastic tabs away.

- Locate the On/Off switch on the bottom of the car.
- Slide the switch to the oposition to turn the tov on.

 Lift the car and shake it to start the "engine" and the sound effects.

Hint: For maximum distance, shake the car 7 or 8 times. Shaking more than this does not increase the distance it will travel.

- Set the car down and let it go. The car races up to 20 feet (6 m)!
- When you're finished, slide the On/Off switch O position to turn the

Race your cars on the Shake 'n Go Speedway™!

Sold separately and subject to availability.

### **FCC Statement**

#### **United States Only**

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.
