FOR PRODUCT SOLD IN USA

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

- Below Information Only Suitable for Battery Operated or Dual Supply (battery and transformer) Operated Products.

Battery Replacement

Batteries included are for demonstration purposes only. Replace batteries when sounds become distorted or lights become faint, and the play modes do not work properly.

To Replace Batteries

Use a Phillips head screwdriver (not included) to open the battery cover. Insert 3 new button cell (LR44/AG13) batteries as shown. Replace battery cover and tighten screw. When exposed to an electrostatic source, the product may malfunction. If this problem occurs, reset the product by reinstalling the batteries.
