

## Let's Play!

Use the switch-track to choose the direction for your engine! Some engines may not work on this track set.

Push to fill the car with passengers; push again and passengers have disembarked!

Close one of the flaps on Knapford Station. First load the straight tracks (S1), then the Y tracks (TL and TR), H track (TU4), and the bridge parts. Place smaller parts toward the top of the Knapford Station and then add the rest of the tracks.

## Helpful Hints

Look for codes on the bottom of each track.

This set includes tracks with a bend so that the engine can climb up and travel down!

It's easier to assemble track inside Knapford Station if you slide it under the tabs!
