

Gas Out™

Contents in English

Play Your
Card but **DON'T**
BLAST THE GAS!

START HERE!

How to Set Up the Game:

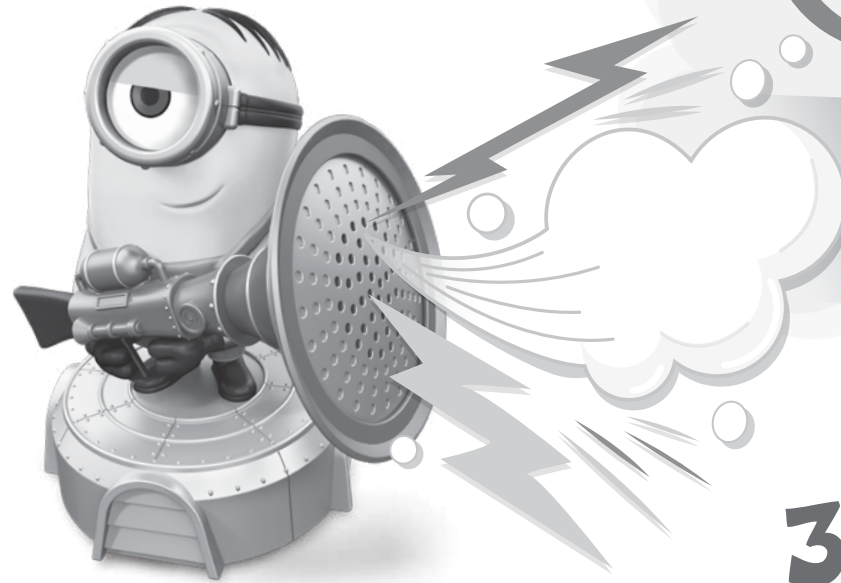

NOTE: BEFORE YOU PLAY, MAKE SURE THE UNIT IS SWITCHED FROM THE "TRY ME" POSITION TO THE "ON" POSITION.

REMOVE THE GAME CARDS FROM THE CARD STORAGE LOCATED ON THE BOTTOM OF THE UNIT.

Put Stuart in the middle of the playing area where everyone can see and hear him!
To get the full sound benefit of his fart blaster, a table is best.

5+
2-6

CONTAINS:

- MINION STUART WITH FART BLASTER
- 56 GAS OUT™ CARDS

Shuffle the cards and deal 2 to each player.

Play Clockwise

OVER

The youngest player goes first and play goes clockwise.

3

Place the rest of the cards face down for a draw pile. You'll form a discard pile as you play right next to the draw pile.

How to Play:

1

On your turn, draw a card and place it in your hand.
Next, choose one of the three cards in your hand and place it on the discard pile.
What you do next is determined by which card you've played:

3

If you play a **REVERSE** card, play changes to move in the opposite direction.
Note: in a 2-player game, if you play a Reverse card, it means your opponent must go again!

2

If you play a **NUMBER CARD**, press Stuart on top of his head as many times as the number shown.
If the number is zero, you do not have to press Stuart's head and it's the next player's turn.

If you hear him chatter, you're okay.
But if you hear the sound of him **FIRING THE FART BLASTER**, you're out!

This is important:
IF STUART FIRES THE FART BLASTER, YOU'RE OUT!

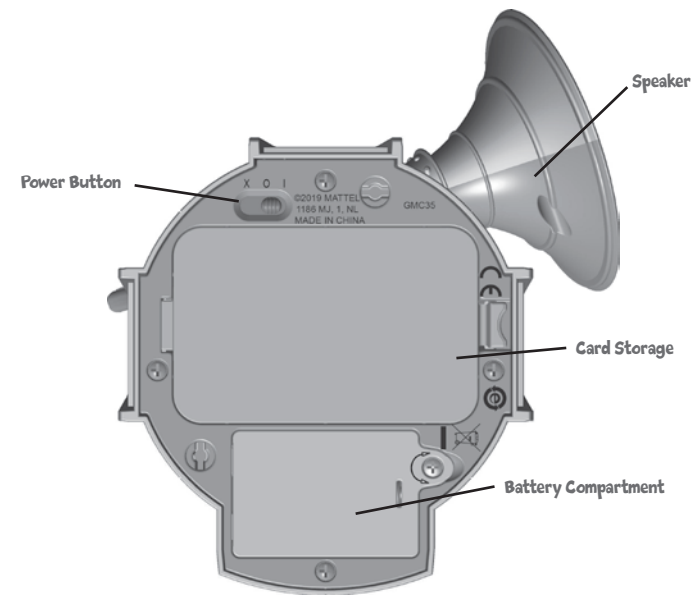

4

Once Stuart has fired the Fart Blaster, keep playing with the remaining players. Again, place cards down and push Stuart's head, skip a player or reverse directions!

You'll hear Stuart chatter as you push but there's no doubt when he **FIRES THE FART BLASTER! WHAAA!**

Last player in wins!

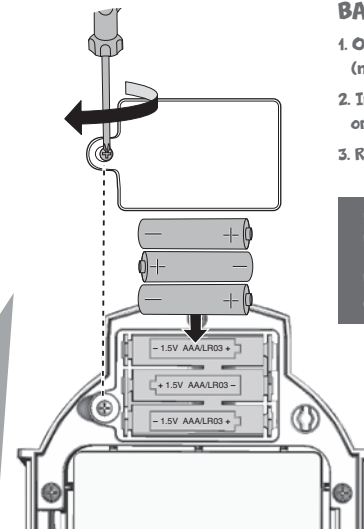

BATTERY INSTALLATION

1. Open battery cover with Phillips head screwdriver (not included).
2. Install 3 new 'AAA' alkaline batteries in the orientation (+/-) shown.
3. Replace battery cover and tighten the screw.

For best performance, use only alkaline batteries.

Replace batteries when sounds become distorted.

batteries included are for demonstration purposes only.

When exposed to an electrostatic source, the product may malfunction. To resume normal operation, remove and re-install the batteries.

Keep these instructions for future reference as they contain important information.
