Set Up

- Make sure that Tony's tail is in the "Ready" position.
- Each player chooses a color and then takes the 6 discs of that color.
- Place Tony in the middle of the play area in reach of both players.

Let's Play!

There are two ways to play Tic Tac Tony™, FLIPPIN' TIC TAC TOE or CLASSIC TIC TAC TOE.

Flippin' Tic Tac Toe

- The youngest player goes first.
- Put a disc in Tony's tail.
- Push DOWN on Tony's tail (please don't pull it!) and then RELEASE it to FLIP the disc in the air and into a slot in Tony's back.
- Think about where you want the disc to land and adjust how you push down on Tony's tail.
- The further down you push Tony's tail, the farther the disc flies!

- The next player then puts a disc in Tony's tail and FLIPS it into Tony's back.
- Play continues alternating between players until one player gets three discs of their color in a row either horizontally, vertically or diagonally OR all the available spaces are filled.
- If all the spaces are filled and no one got three in a row, remove the discs and start again (it's okay – Tony doesn't mind!).

Classic Tic Tac Toe

- The youngest player goes first.
- On your turn, use your hand to drop one disc in the slot in Tony's back.

- The next player then drops a disc in Tony's back.
- Play continues alternating between players until one player gets three discs of their color in a row either horizontally, vertically or diagonally OR all the available spaces are filled.
- If all the spaces are filled and no one got three in a row, remove the discs and start again (it's okay – Tony doesn't mind!).

Winning

The first player to get three discs on a row either horizontally, vertically or diagonally WINS!
