

Let's Go!

Before inserting a software cartridge, turn power off! Insert the software cartridge into the software port. Turn power back on.

- Some of the tools on the tool menu may not be available for use in an activity. If a tool is not available for use, you will hear a tone.
- Please keep this manual for future reference, as it contains important information.

IMPORTANT! If the tip of the stylus and the image on screen do not align, it's time to calibrate them! Please refer to page 11, Calibrating the Stylus.

Play a Video or Create a Scene

• Touch your choice on the screen with the stylus.

Play a Video

Hint: Each software cartridge is different. You will either play a full video, or you will have the option of playing a scene of a video.

Full Video

• Watch the count down.

• Enjoy the show!

Play a Scene

- Touch the arrows on the screen with the stylus to scroll through scene choices.
- When you find one that you like, touch your choice on the screen with the stylus.

Hint: You can also select full video. Simply touch the full video choice on the screen with the stylus.

• Watch the countdown.

• Enjoy the show!

Create a Scene

- First, select a background. Touch the arrows on the screen with the stylus to scroll through choices.
- When you find one that you like, touch your choice on the screen with the stylus.

- The blinking arrow on the bottom of the screen encourages you to use the Stamp It tool on the toolbar.
- Touch the Stamp It 🚍 tool on the toolbar with the stylus.

- Touch the arrows on the screen with the stylus to scroll through stamper choices.
- When you find one that you like, touch your choice on the screen with the stylus.

 Now, place your stamper on the background. Touch the screen with the stylus.

• Touch the play button 🕑 on the screen with the stylus to watch your animated scene!

IMPORTANT! From time to time, the mark made on your screen from the stylus and the location of the tip of the stylus may not align. When this happens, you must calibrate the stylus.

- Turn Pixter[®] over and locate the calibration hole.
- Insert, push and hold the stylus in the calibration hole. Turn Pixter over so that you can see the screen. When you see two \bigoplus , you can remove the stylus from the calibration hole.
- First touch the upper left corner \oplus with the tip of the stylus.
- \cdot Then, touch the lower right corner \oplus with the tip of the stylus.
