The S2000 is a JDM icon and everywhere in pop culture, so naturally we wanted to recreate it as a building set. This design balances authenticity from the real car and the extra Hot Wheels® cool factor, including a bigger spoiler and lowered roof. It has something to offer JDM fans, Hot Wheels® collectors, and building enthusiasts.

La S2000 est une icône des JDM et de la culture pop, c'est pourquoi nous voulions la recréer sous forme de set de construction. Ce design allie l'authenticité de la vraie voiture au charme de Hot Wheels, avec notamment

un aileron plus grand et un toit abaissé. C'est le modèle idéal pour les fans de JDM, les collectionneurs Hot Wheels et les passionnés de construction.

El S2000 es un ícono de la cultura popular tanto en Japón como en el resto del mundo, así que, obviamente, queríamos recrearlo como un conjunto de construcción. Este diseño respeta el equilibrio entre la autenticidad del coche real y el estilo de Hot Wheels, por ejemplo, al incluir un alerón más grande y un techo más bajo. Es un artículo imprescindible para los fans de los coches japoneses, los coleccionistas de Hot Wheels y los entusiastas de la construcción.

Der S2000 ist eine wahre Ikone und in der Popkultur stark verbreitet, weshalb wir ihn natürlich auch als Bauset entwickeln wollten. Dieses Design vereint die Authentizität des echten Autos mit dem besonderen Hot Wheels-Stil, einschließlich eines größeren Spoilers und eines niedrigeren Verdeckes. Fans japanischer Autos, Hot Wheels Sammler und Baufans werden begeistert sein.

The S2000 is a neo-classic JDM car that has a cult-like following with car enthusiasts. It's one of the highest revving street cars ever built! For our version, we modified the aero on the car and created a custom aggressive body kit with a big wing and a hardtop. It's quickly become one of our iconic collector cars.

La S2000 est une voiture JDM néo-classique à laquelle les fans de voitures vouent un culte. C'est l'une des voitures les plus puissantes jamais construites ! Pour notre version, nous avons modifié l'aérodynamisme

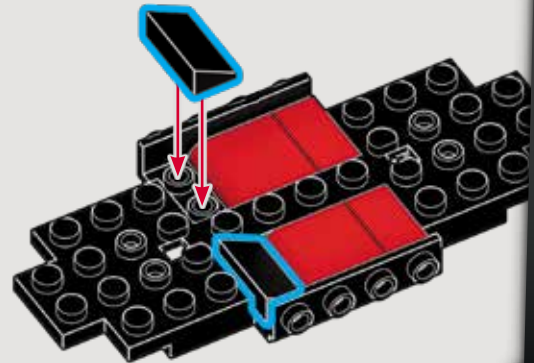

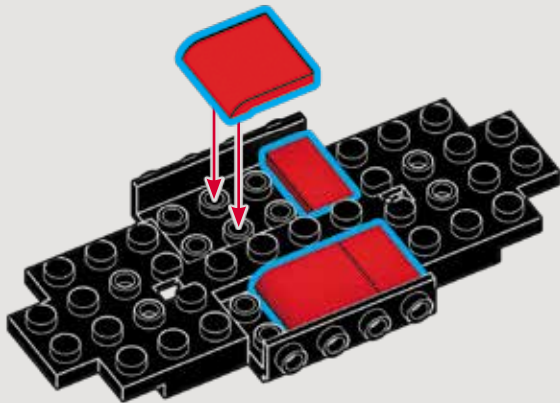

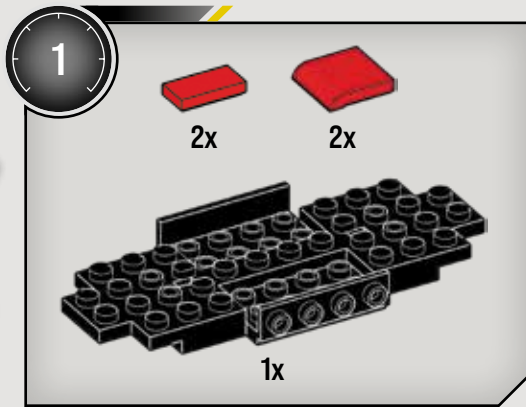

de la voiture et créé une carrosserie personnalisée avec un grand aileron et un toit rigide. C'est rapidement devenu l'une de nos voitures de collection emblématiques.

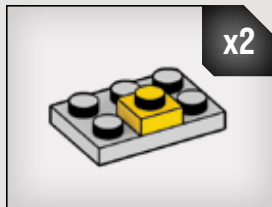

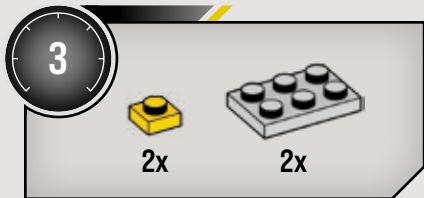

El S2000 es todo un clásico moderno de la automoción japonesa y, con el tiempo, se ha transformado en un objeto de culto para los amantes del motor. ¡Es uno de los urbanos más veloces jamás fabricados! Para crear nuestra versión, rediseñamos su aerodinámica y desarrollamos una carrocería personalizada y dinámica, equipada con un gran alerón y un techo rígido. Rápidamente se ha convertido en uno de los coches más emblemáticos de nuestra colección.

Der S2000 ist ein neoklassisches japanisches Auto, das eine riesige Fangemeinde hat. Es ist eines der hochtourigsten Autos, das je gebaut wurde.
