'84 **AUDI** SPORT QUATTRO

The Audi Sport quattro is a car with a legendary reputation. Derived from the quattro, the Sport quattro is characterized by its reduced wheelbase and four-valve turbocharged engine with an aluminum cylinder block. While it was designed for the road, its lightweight materials meant the Audi Sport quattro was a serious competitor in rallying.

L'Audi Sport quattro est une voiture à la réputation légendaire. Dérivée de la quattro, la Sport quattro se distingue par son empattement réduit et son moteur turbo à quatre soupapes avec bloc-cylindres en aluminium. Bien qu'elle ait été conçue à l'origine pour la route, ses matériaux légers ont fait de l'Audi Sport quattro une sérieuse concurrente en rallye.

El Audi Sport quattro es un coche con una reputación legendaria. El Sport quattro está basado en el modelo quattro, pero se caracteriza por una distancia menor entre los ejes y un motor turboalimentado de cuatro válvulas con un bloque motor de aluminio. Aunque se diseñó para la carretera, los materiales ligeros del Audi Sport quattro lo convierten en un digno adversario en las competiciones.

Der Audi Sport quattro ist ein Auto mit legendärem Ruf. Der vom quattro abgeleitete Sport quattro zeichnet sich durch seine verkürzte Radaufhängung und seinen Vierventil-Turbomotor mit Aluminium-Zylinderblock aus. Obwohl er für die Straße konzipiert wurde, war der Audi Sport quattro dank seiner leichten Bauweise ein ernstzunehmender Konkurrent im Rallyesport.

STEVE ROSS

A true 80s icon, the Audi Sport quattro was sold as a high-performance car on the road but also saw huge success in rally racing! It's also one of the first European cars with four-wheel drive, making it an important historical artifact. In designing this as a set, we wanted to preserve the natural elegance of the car, paying particular attention to the angles of the hood and the rectangular headlights.

Véritable icône des années 80, l'Audi Sport quattro a été commercialisée comme voiture haute performance pour

la route, mais a également connu un énorme succès en rallye! C'est aussi l'un des premiers modèles européens à transmission intégrale, ce qui en fait une pièce maîtresse dans l'histoire de l'automobile. Lors de la conception de cet ensemble, nous avons voulu préserver l'élégance naturelle de la voiture, en portant une attention particulière aux angles du capot et aux phares rectangulaires.

El Audi Sport quattro, un auténtico icono de los años 80, se vendió como un coche de alto rendimiento para carretera, ¡pero también cosechó un enorme éxito en las carreras de rally! Además, es uno de los primeros coches europeos con tracción en las cuatro ruedas, por lo que también tiene relevancia histórica. Nuestro objetivo al diseñar este conjunto era preservar la elegancia natural del coche y prestar especial atención a los ángulos del capó y los faros rectangulares.

Der Audi Sport quattro ist eine wahre 80er-Legende! Auf der Straße ein Hochleistungsfahrzeug, auf der Rallyepiste ein Sieger. Als einer der ersten europäischen Wagen mit Allradantrieb hat er Automobilgeschichte geschrieben. Beim Design dieses Sets haben wir großen Wert darauf gelegt, die unverwechselbare Form des Originals einzufangen, von der kantigen Motorhaube bis zu den typischen rechteckigen Frontscheinwerfern.

ANDRÉS ANDRIEU

The 1984 Audi Sport quattro is hands down one of the most legendary homologation specials to come out of the wild Group B rally era, and easily one of my all-time favorite cars. Built with a shorter wheelbase than the standard quattro, it was engineered for sharper handling and better agility on brutal rally stages. While our version is made of bricks and die-cast, the real thing was built with Kevlar and fiberglass to shed weight. It was radical for its time and pushed the limits of what rally car aerodynamics could do back then.

L'Audi Sport quattro de 1984 est sans conteste l'un des modèles d'homologation les plus légendaires issus de la folle époque du rallye Groupe B — et sans hésitation, l'une de mes voitures préférées de tous les temps. Dotée

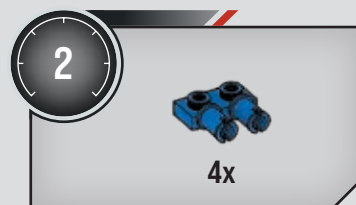

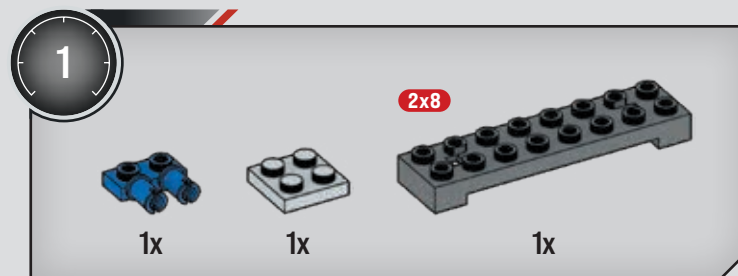

d'un empattement plus court que la quattro standard, elle a été conçue pour une maniabilité plus vive et une meilleure agilité sur les étapes de rallye les plus exigeantes. Si notre version est faite de briques et de métal moulé, le modèle original, lui, misait sur le Kevlar et la fibre de verre pour alléger sa silhouette. C'était une voiture révolutionnaire pour son époque et repoussait les limites de l'aérodynamisme en rallye.

El Audi Sport quattro de 1984 es, sin duda alguna, uno de los vehículos especiales homologados más icónicos de la era más indómita de los rallies del Grupo B. Se construyó con una distancia entre ejes menor que la del modelo estándar, por lo que su fabricación permite un manejo más preciso y una agilidad mayor en los rallies más brutales. Aunque nuestra versión está hecha de ladrillos y metal, el coche real se construyó con Kevlar y fibra de vidrio para hacer el vehículo más ligero. Fue una decisión radical en su época y expandía los límites del aspecto que podían tener los coches de rally aerodinámicos en ese momento.

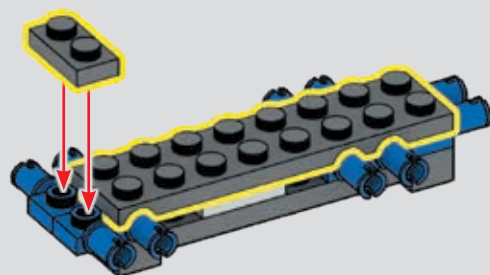

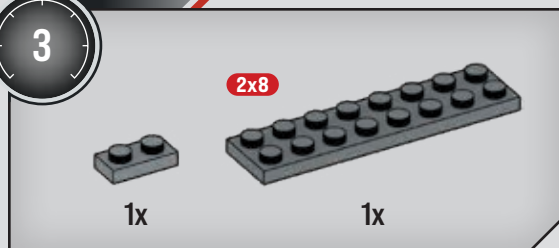

Der Audi Sport quattro von 1984 ist zweifellos eines der legendärsten Homologationsmodelle aus der wilden Rallye-Ära der Gruppe B und definitiv eines meiner absoluten Lieblingsautos. Mit einer kürzeren Radaufhängung als der Standard-quattro wurde er für ein präziseres Handling und bessere Agilität für Rallye-Etappen entwickelt. Während unser Modell aus Klemmbausteinen und Metallteilen gefertigt ist, setzte das Original auf ultraleichte Materialien wie Kevlar und Fiberglas, um das Gewicht konsequent zu reduzieren. Der Audi war seiner Zeit weit voraus und zeigte, was damals mit Rallye-Aerodynamik möglich war.
