

Fisher-Price®

**Light**  
**SKETCHER™**

[www.fisher-price.com](http://www.fisher-price.com)

## Consumer Information

- Please keep this instruction sheet for future reference, as it contains important information.
- Requires four "AA" batteries (included).
- Adult assembly is required for battery replacement.
- Tool required for battery replacement: Phillips screwdriver (not included).

## Battery Replacement

***For best performance, we recommend replacing the batteries that came with this toy with four, new LR6 ("AA") alkaline batteries.***

- Locate the battery compartment on the back of the toy.
- Loosen the screw in the battery compartment door with a Phillips screwdriver. Remove the battery compartment door.
- Remove the exhausted batteries and throw them away.
- Insert four new LR6 ("AA") **alkaline** batteries.

***Hint: We recommend using **alkaline** batteries for longer battery life.***

- Replace the battery compartment door and tighten the screw with a Phillips screwdriver. Do not over-tighten.
- When lights from this toy become faint or stop, it's time for an adult to change the batteries!

- Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities.

## Battery Safety Information

**In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your toy. To avoid battery leakage:**

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the toy. Dispose of this product safely. Do not dispose of batteries in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type, as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging.
- If removable, rechargeable batteries are used, they are

## FCC Statement

### United States Only

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

# Draw With Light!

- Use the light pen to create designs.
- Turn the dial to choose a line style (solid, dots or dashes).
- Place a stencil on the screen. Trace or "rub" the light pen on top of the stencil to transfer the design to the screen. Be sure to set the dial to "solid line" when using stencils.
- Your drawings disappear after a minute or two.
- When you are finished with the toy, turn the dial to the off position.

## Hints:

- Move the pen slowly to make a darker image. Do not move the pen too quickly or your drawing will be too light.
- Drawings will last longer if you do not expose this toy to intense heat or direct sunlight for prolonged periods of time.
