When you remove the dollhouse from the package, it will be in the closed position. To open the dollhouse, press down on the chimney and the rooms will automatically spring open.

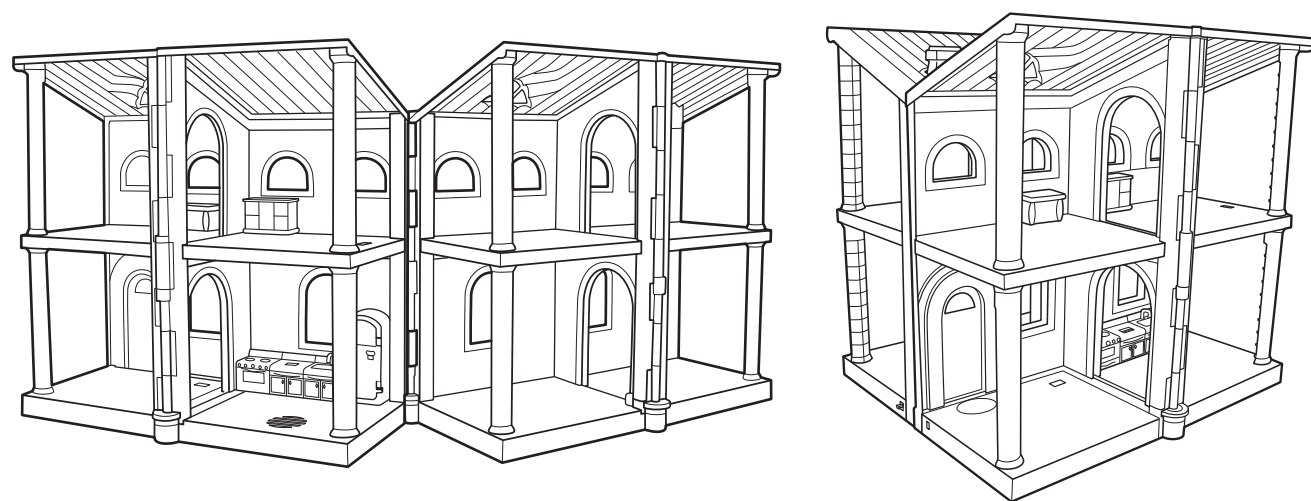

NOTE: Make sure the dollhouse is on a hard, flat surface. The "spring open" action will not work on an uneven or carpeted surface.

Lock each room into a 90-degree or 180-degree position by turning the **HINGE LOCKS**. (see diagram).

FOLDING THE DOLLHOUSE

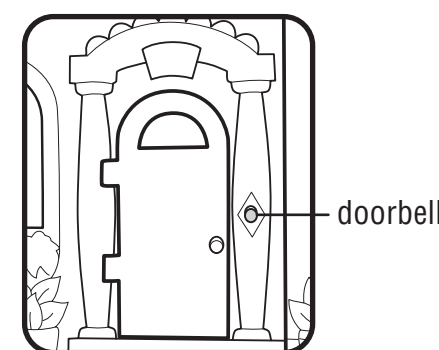

Fold all 8 rooms closed until the entire house is again in the closed position and you hear the lock operated by the chimney switch snap shut.

- Press the doorbell
