Battery Replacement

⚠ CAUTION

Please keep small parts such as the plastic tab out of children's reach. Throw the plastic tab away.

Note: A plastic tab was attached to the toy for in-store demonstration purposes. While the tab may have already been removed, check the back of the toy to be sure. If the plastic tab is still attached, open the fasteners on the back of the toy and pull to remove the tab. Close the fasteners and throw the plastic tab away.

For best performance, we recommend that you replace the batteries that came with this toy with three, new "AA" (LR6) alkaline batteries.

- Open the fasteners on the back of the toy.
- Pull the sound box out of the toy to access the battery compartment.
- Loosen the screws in the battery compartment door. Remove the battery compartment door and the exhausted batteries.
- Pull tether strap to remove batteries. Discard the batteries.
- Replace tether strap in bottom of battery compartment.
- Insert three "AA" (LR6) **alkaline** batteries. Make sure the bottom battery is inserted **on top** of the tether strap.

Hint: We recommend using **alkaline** batteries for longer battery life.

- Replace the battery compartment door and tighten the screw.
- Fit the sound box back into the toy and close the fasteners.
- When sounds or lights become faint or stop, it's time for an adult to change the batteries!

- Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities (Europe only).

Soothe Baby with Lullabies and Ocean Sounds

- Open the fasteners on the back of the toy to access the sound box.
- Pull sound box out of toy to access the switches.
- Slide the power switch on ●.
- Adjust the volume switch to low volume ◀ or high volume ▶.
- Fit the sound box back inside the toy and close the fasteners.
- Squeeze the belly on the sea horse for lights and music.

Hint: If you cannot see the lights, open the fasteners and adjust the sound box to align the light with the sea horse tummy.

- When you are finished playing with the toy, open the fasteners and slide the power off ○.

Battery Safety Information

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the product. Dispose of batteries safely. Do not dispose of this product in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type, as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the product before charging.
- If removable, rechargeable batteries are used, they are only to be charged under adult supervision.

Care

Wipe this toy with a clean cloth dampened
with a mild soap and water solution.
Do not immerse this toy.

United States Only

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.
