Pony Assembly

CAUTION

This product contains small parts in its unassembled state. Adult assembly is required.

Handlebars

1

- Insert a handlebar into the hole on the pony head.
- Insert the other handlebar on the other side of the pony head.
- Push to “snap” the handlebars together.

Rear Wheel

Rear Axle

Rear Hubcap

2

- Slide a rear wheel onto the rear axle.
- Note:** The indented side of the rear wheel should be facing out.
- “Snap” a rear hubcap into the rear wheel.

Rear Axle

3

- Slide the rear axle through hole in the pony's back legs.

Pony Assembly

- Slide the other rear wheel onto the rear axle.
- Note:** The indented side of the rear wheel should be facing out.
- “Snap” the remaining rear hubcap into the rear wheel.

- Slide the front axle through the pony's front legs.

- Slide a spacer onto one side of the front axle.
- Slide a front wheel onto the front axle.
- Note:** The indented side of the front wheel should be facing out.
- Fit a lock nut onto the end of the front axle. Make sure the rounded side of the lock nut is facing out. Tighten with the wrench (included).
- Repeat this procedure to assemble the remaining spacer, front wheel and lock nut.

- “Snap” the front hubcaps into each front wheel.

Rocker Assembly

- Match the end of the crossbar labeled 4 into the end of the rail labeled 4.
- Insert three screws into the holes in the outside of the rail and tighten with a Phillips screwdriver.

- Match the end of the other crossbar labeled 3 into the end of the rail labeled 3.
- Insert three screws into the holes in the outside of the rail and tighten with a Phillips screwdriver.

- Fit the remaining rail onto the ends of the crossbars.
- Note:** The ends of the rail are labeled 1 and 2. Match these numbers to the ends of the crossbars labeled 1 and 2.
- Insert six screws into the rail and tighten with a Phillips screwdriver.

Rock 'n Ride

Rock 'n Roll

- Fit the front axle on the pony into the grooves on the rocker assembly.
- Push the pony to "snap" it into place.

- Push the latch on the back of the pony.
- Lift the pony off the rocker assembly.
- Store the rocker assembly for future use.

Care

Pony and Rocker Assembly

- Wipe with a clean cloth dampened in a mild soap and water solution. Do not use bleach.
- The ears and tail are surface washable.

Mane and Seat Pad

- Push the tab on the back of the pony's head and slide the mane up and off of the pony.
- To re-attach the mane, fit the end of the mane into the top of the slot in the pony head. Pull the mane down into place.
- Remove the seat pad from the pony.
- Machine wash the mane and seat pad in cold water on the gentle cycle. Tumble dry on low heat. Do not use bleach.
