T9477/T9478/T9479-0920

Keep these instructions for future reference as they contain important information. **IMPORTANT:** Please read all "Consumer Information" before operating your vehicle.

CAUTION: To prevent entanglement, keep all hair away from the wheels.

CAUTION: Surfaces may become hot and cause burns if electronics get wet. Do not operate vehicle through water or snow.

I. CONTENTS / FEATURES

Vehicle

Transmitter

- ❶ Steering wheel
- ❷ Forward
- ❸ Reverse
- ❹ Battery cover
- ❺ ON (I) / OFF (O)
- ❻ Steering adjuster - Turn with screwdriver (not included) to keep vehicle running straight.

II. BATTERY INSTALLATION

(Transmitter & Vehicle)

Requires 3 AA alkaline batteries for the vehicle and 2 AA alkaline batteries for the transmitter. Batteries not included.

Vehicle

1. Unscrew the battery cover with a Phillips head screwdriver (not included).
2. Your vehicle requires 3 AA alkaline batteries. Install with polarity (+/-) as shown inside the battery compartment.
3. Replace battery cover and tighten screw.

Transmitter

1. Unscrew the battery cover with a Phillips head screwdriver (not included).
2. Transmitter requires 2 AA alkaline batteries. Install with polarity (+/-) as shown inside the battery compartment.
3. Replace battery cover and tighten screw.

NOTE: Once the batteries are installed the transmitter will always be "ON" and will work automatically the moment you use it.

III. OPERATION

FORWARD

REVERSE

TURN LEFT

TURN RIGHT

IV. QUICK TIPS

- ❶ When your vehicle starts to lose power, it may lose functionality or performance. It's time for fresh batteries. Your vehicle's running time may change depending on your driving style.
- ❷ Radio interference can affect your vehicle's performance. Interference can be caused by other R/C vehicles running on the same frequency, electrical wires, large buildings or CB radios. Try to stay away from these!
- ❸ Point your transmitter up - not down toward your vehicle. If your vehicle gets too far away, it won't work properly.
- ❹ Don't drive your vehicle in sand or through water or snow. If your vehicle does get wet, wipe it with a towel and allow to dry completely overnight.
- ❺ Don't store your vehicle near heat or in direct sunlight. Always turn switches OFF and remove all batteries for storage.
- ❻ If the vehicle malfunctions, please turn the power OFF and ON again. This should reset your vehicle and let you resume normal operation.

V. BATTERY SAFETY INFORMATION

In exceptional circumstances batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the product before being charged (if designed to be removable).
- Rechargeable batteries are only to be charged under adult supervision (if designed to be removable).
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Do not mix old and new batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the product.
- The supply terminals are not to be short-circuited.
- Dispose of battery(ies) safely.
- Do not dispose of this product in a fire. The batteries inside may explode or leak.

Battery Performance Note:

For best performance use regular or high-performance alkaline batteries (where disposable batteries are called for). If your vehicle is supplied with standard (carbon-zinc) batteries for initial use and/or demonstration purposes, we recommend replacing them with alkaline batteries when necessary. Battery life may vary depending on battery brand.

VI. CONSUMER INFORMATION

Note to Adults: To ensure that the child's play is both safe and fun, please review all operating instructions and safety rules with your child.

Safety Tips

- NEVER drive your vehicle on streets! They're for real cars!
- DO NOT pick up the vehicle while in motion.
- Keep fingers, hair and loose clothing away from the tires and the wheel hubs while the vehicle is switched ON.
- Adult supervision is recommended when this vehicle is being operated.
- To avoid accidental operation, remove all batteries when not in use.

Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

• This equipment has been tested and found to comply
with the limits for a Class B digital device, pursuant
to part 15 of the FCC rules. These limits are designed
to provide reasonable protection against harmful
interference in a residential installation. This equipment
generates, uses and can radiate radio frequency energy
and, if not installed and used in accordance with the
instructions, may cause harmful interference to radio
communications. However, there is no guarantee that
interference will not occur in a particular installation.
If this equipment does cause harmful interference to
radio or television reception, which can be determined
by turning the equipment off and on, the user is
encouraged to try to correct the interference by one or
more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and
receiver.
- Connect the equipment into an outlet on a circuit
different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV
technician for help.

NOTE: Changes or modifications not expressly approved
by the manufacturer responsible for compliance could
void the user's authority to operate the equipment.
