

Actual product may vary from the photos.

Please keep this instruction sheet for future reference,  
as it contains important information.

Requires four "AA" (LR6) **alkaline** batteries  
(not included) for car operation.

Adult assembly is required. Tool required for battery installation:  
Phillips screwdriver (not included).

This product is not recommended for use  
on loose dirt or wet surfaces.

# Asse

Each track piece has a number on the top and fit the pieces together! For best performance, we

Fit the sign posts into the sockets in the track.

Fit the building posts into the sockets in the track.

Fit the ramp

Fit the flags into the sockets around the track.

# Assembly

the bottom. Simply match the numbers  
we suggest assembling the track on a hard, flat surface.

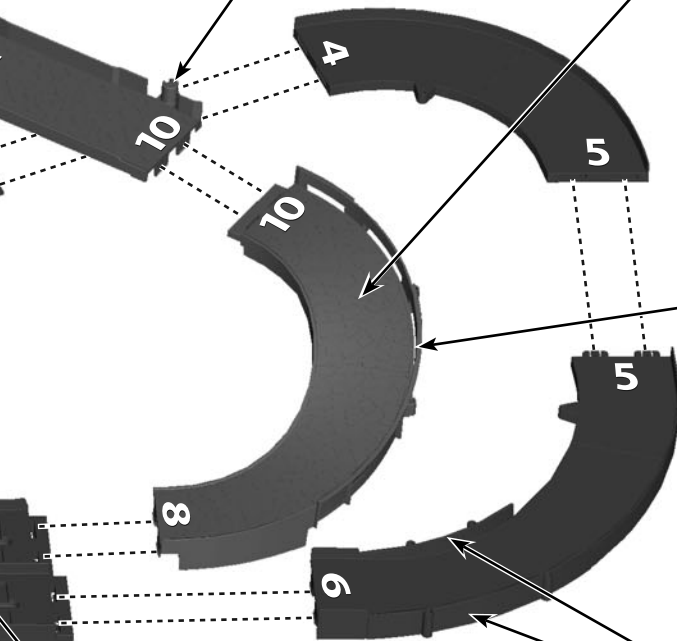

the trestle under the  
top track.

Fit the camera onto the  
post on the ramp track.

Fit the trestles under the  
ramp track.

Fit the sign posts into the  
sockets in the track.

Fit the building posts into the  
sockets on the start track.

Fit both bridge posts into the  
sockets on the track.

# Decor

Before applying the labels, wipe the surface with a clean dry cloth.

Place the labels exactly as shown in the illustration.

After applying a label, rub it firmly with a clean dry cloth.

# ation

th a clean, dry cloth to remove any dust or oils.  
stration and avoid repositioning the labels.  
oth, starting at the center, to remove any air bubbles.

## Battery Installation

- Locate the battery compartment door on the bottom of each car.
- Loosen the screw in each battery compartment door with a Phillips screwdriver. Remove the battery compartment door.
- Insert two "AA" (LR6) **alkaline** batteries into each car.

**Hint:** We recommend using **alkaline** batteries for longer battery life.

- Replace the battery compartment door and tighten each screw with a Phillips screwdriver. Do not over-tighten.
- If a car begins to operate erratically, you may need to reset the electronics. Slide the power switch off and then back on.
- When sounds or motions from a car become faint or stop, it's time for an adult to change the batteries!

- Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities (Europe only).

## Battery Safety Information

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the product. Dispose of batteries safely. Do not dispose of this product in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the product before charging.
- If removable, rechargeable batteries are used, they are only to be charged under adult supervision.

# Race to Win!

- Slide the power switch on the bottom of each car ON ●.

- Shake a car to start the "engine" and the sound effects.
- Hint:** For maximum distance, shake the car 7 or 8 times. Shaking more than this does not increase the distance it will travel.

- Lift the starting gates on the track.
  - Set the cars on the arrows behind the starting line.
  - When both cars are ready, press the button and they're off.
  - When your car stops, pick it up, shake it and set it down again to rejoin the race.
- Hint:** You can also race your cars on any smooth, flat surface. Shake the car, set it down and let it go.

- Turn the camera to knock the cars off the track!
- When you're finished playing, slide the power switch on each car OFF ○.

## Care

- Wipe this toy with a clean cloth dampened with a mild soap and water solution. Do not immerse this toy.
- This toy has no consumer serviceable parts. Do not take this toy apart.

## ICES-003

- This Class B digital apparatus complies with Canadian ICES-003.
- Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

## NMB-003

- Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.
- L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes : (1) il ne doit pas produire de brouillage et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

## FCC Statement (United States Only)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.
