- 4 Once the boulder is in the cargo basket, release the cargo basket down the zipline by lifting the hook.

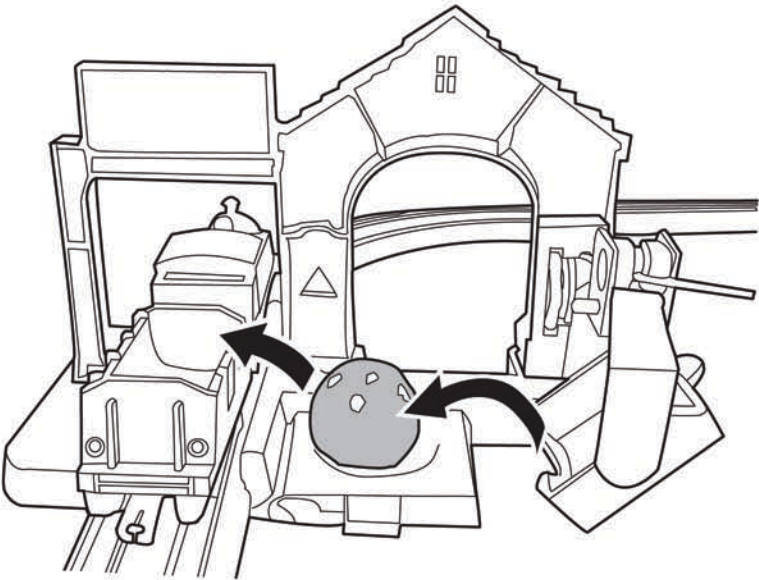

**NOTE:** If the basket doesn't make it all the way down the zipline, adjust the tension making the zipline tighter. (See STEP 1)

- 5 Set the STOP/GO switch at the top of Blue Mountain Quarry to the GO position and send Thomas down the bridge drop!

**6** Once Thomas arrives at the bottom of the zipline he will stop to pick up the boulder again. Set the STOP/GO switch at the bottom of the zipline to the GO position and send Thomas on his way.
