

We've Made a Change!

Please follow the instructions below for the electronic function of your product.
Actual product may appear different than the illustration shown.

- Turn the ignition, “VRRROOOM!”
- Press the left or right turn signals for flashing blinkers.
- Press any of the sound buttons for music, a horn or other fun phrases!
- If this product begins to operate erratically, you may need to reset the electronics. Press the reset button with the point of a pen (or similar object).
