Consumer Information

WARNING

Prevent Entanglement Injury

- Keep out of baby's reach.
- Remove mobile portion of product from crib or playpen when baby begins to push up on hands and knees.
- This product may not attach to all crib designs. Do not add additional strings or straps to attach to crib or playpen.
- Use **ONLY** attached to a crib.

IMPORTANT! Always attach with all provided fasteners tightly to a crib or playpen according to the instructions. Do not add additional strings or straps to attach to a crib. Check frequently.

- The mobile portion of this product may be used from birth until 5 months.
- The base portion of this product may be used from birth until 24 months.
- A crib mobile is intended for visual stimulation and is not to be grasped by a child.

Parts

Crib Adaptor

Note: All of the screws used to assemble this toy are attached to the product. Follow these instructions carefully to fully secure the screws. Tighten and loosen all screws with a Phillips screwdriver. Do not over-tighten the screws.

Battery Installation

We recommend using **alkaline** batteries for longer battery life.

- Loosen the screws in the battery compartment door with a Phillips screwdriver and remove the door.
- Insert four "D" (LR20) **alkaline** batteries.
- Replace the battery compartment door and tighten the screws.
- If this product begins to operate erratically, you may need to reset the electronics. Slide the power/volume switch on the mobile base off and then back on.
- When sounds or lights become faint or stop, it's time for an adult to change the batteries.

Battery Safety Information

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the product. Dispose of batteries safely. Do not dispose of product in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type, as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the product before charging.
- If removable, rechargeable batteries are used, they are only to be charged under adult supervision.

Care

- Wipe this toy with a clean cloth dampened with a mild soap and water solution. Do not immerse this toy. The soft toys are surface washable.
- This toy has no consumer serviceable parts. Do not take this toy apart.

- Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities.

ICES-003

This Class B digital apparatus complies with Canadian ICES-003.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

NMB-003

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes: (1) il ne doit pas produire de brouillage et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

FCC Statement (United States Only)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

Assembly

1

- Fit the crib adaptor to the base and tighten the screws.

2

- Fit the mobile onto the peg on the end of the arm. Push to "snap" in place.

Assembly

3

- First, press the button on the base, next to the socket **A** and then slide the socket door open **B**.
- Fit the arm into the socket in the base and tighten the screws.

Crib Attachment

- Position the toy inside the crib.
- Wrap the toy's attachment strap around the crib top rail **A**.
- Slide the end of the attachment strap through the slot on the back of the toy. Pull the end of the attachment strap up and fasten to the slot on the peg on the back of the toy **B**.

Note: This toy should be snug against the crib rail and spindles. Use the strap slot that provides the tightest fit.

- If you have excess strap, slide the free end of the attachment strap under the slot at the top of the attachment strap **C**.

Crib Attachment

- Tie the base strings to a crib spindle.

Note: It is better to tie the strings in a knot than a bow, since a bow may be easily untied.

- If the distance between the base and the mattress is less than 7 Inches (18 cm), lower the crib mattress.

Use

Projector/Sound Switch

Slide the switch to:

-  Sounds, mobile and projection
-  Sounds and mobile
-  Sounds only

Power/Volume Switch

Slide the switch to:

-  ON with low volume
-  ON with high volume
-  OFF

SIDE VIEW

Music or Sound Select Buttons

Press a music or sound button on the front of the base.

-  Classical music
-  Lullabies
-  Nature sounds

FRONT VIEW

Convert to Music Box

Remove the mobile and use as a music box with a projection show!

- Loosen both screws in the arm near the base. Lift and remove the arm.
- Close the socket door on top of the base.

IMPORTANT! The socket door must be closed for sound and projection operation. If sounds or lights are not working, make sure the door is **completely** closed.

- Store the mobile in a safe place for future use.
