#### ICES-003

This Class B digital apparatus complies with Canadian ICES-003. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### NMB-003

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes : (1) il ne doit pas produire de brouillage et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

## Battery Replacement

## Battery Safety Information

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- For longer life, use **alkaline** batteries.
- Locate the battery compartment door on the bottom of the toy.
- Loosen the screws in the battery compartment door with a Phillips screwdriver and remove the door.
- Remove the exhausted batteries and dispose properly.
- Insert four new AA (LR6) **alkaline** batteries.
- Replace the battery compartment door and tighten the screws. Do not over-tighten.
- If this toy begins to operate erratically, you may need to reset the electronics. Slide the power switch off and back on.
- When sounds/motion from this toy become faint or stop, it's time for an adult to change the batteries.
- Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities.

## Roaring Action!

### ⚠ WARNING

Do not aim at eyes or face. Only use projectiles supplied with this toy. Do not fire at point blank range.

- When you press the top or bottom button on dino's back, watch the defense armor lift into action and the cannon's fire!

4

Press top for walking and battle modes

Press bottom for battle only mode

Slide the power switch ON ● or OFF ○.

- Turn the figure to release spikes on the defense armor.

- Remove the defense armor for classic dino play!

**IMPORTANT!** The legs are designed with a clutch if the dinosaur bumps into an obstacle, or if the feet are not flat on the floor. Simply remove the obstacle and rotate the legs so all four feet are flat on the floor.

## Assembling Legs

## FCC Statement

### (United States Only)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

---

**Hint:** The legs on this toy are designed to break away.

- If a leg falls off, simply fit the peg on the leg into the socket on the dinosaur body.
- Push the leg to “click” into place.

**Hint:** If more than one leg falls off, match the number on the leg to the number near the socket (1, 2, 3 or 4).
