NOTE TO PARENTS: Before applying Command™ Strips make sure the wall surface is clean and dry. If cleaning is necessary 3M recommends using isopropyl rubbing alcohol. Do not use household cleaners.

2 PREPARE BRACKETS

There are 2 yellow brackets [Marked A - B] and 3 Command™ Strips (1 extra strip). Separate strips. Remove red-printed liner from Command™ Strips and apply to back of brackets as shown. Make sure the strip tab is accessible for future removal.
