

INSTRUCTIONS

Dolls' limbs are detachable and can be reattached by user.

Expose doll's eyes to light before play to enable "Glow-in-the-dark" feature.

Keep these instructions for future reference as they contain important information.

"Glow-in-the-dark" feature will last longer if you do not expose this product to intense heat, or direct sunlight for prolonged periods of time. Place product approximately 5 feet (152cm) away from a light source for 30 seconds. Placing product closer will not intensify the "Glow-in-the-dark" feature.
