

INSTRUCTIONS

Contents

Water toys sometimes get messy. Protect play surfaces before use. Drain, rinse, clean and dry all items thoroughly before storing. Color change will last longer if you do not expose this toy to intense heat or direct sunlight for prolonged periods of time.

Let's Play!

1

You can draw your designs on the highlighted areas shown here.

2

Place doll parts into warm water to change color. To avoid burns do not use water that is too hot, above 120°F (49°C).

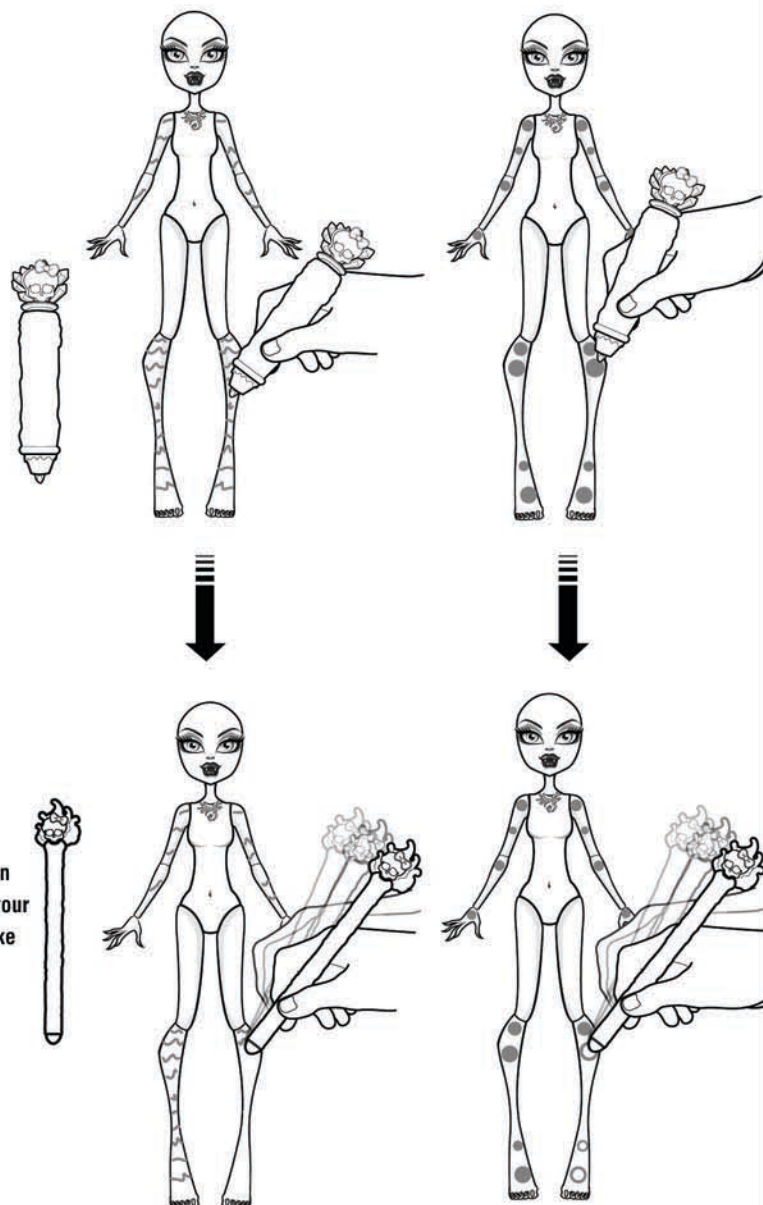

IMPORTANT: Remove from warm water and let them rest a few minutes before play.

3

A. Use the Cold Stylus to add monsterrific designs.

B. Use the Friction Stylus to edit your designs or make corrections.

NOTE: When designs are erased with icy cold water, use the Friction Stylus to draw designs and the Cold Stylus to edit or make corrections.

Completely erase designs in warm or icy cold water and create again!
