

Please keep this instruction sheet for future reference,
as it contains important information.

Requires three AA (LR6) **alkaline** batteries (not included) for operation.
Adult assembly is required. Tool required: Phillips screwdriver (not included).

Age: 12-36 months

Weight limit: 43 lb (19,5 kg)

For children able to get on and off unassisted.

Wipe this toy with a clean, damp cloth. Do not immerse.

This toy has no consumer serviceable parts. Do not take apart.

Parts

CAUTION

This package contains small parts. For adult assembly only.

Body

**4 Feet
(all different)**

Handles

**2 Long Rails
(both different)**

**2 Short Rails
(both different)**

#8 x 3/4" (1,9 cm) Screw – 8

SHOWN ACTUAL SIZE

**Tighten all screws with a Phillips
screwdriver. Do not over-tighten.**

Assembly

- Fit a short rail onto a long rail.

Hint: The long and short rails are designed to fit one way. If they do not seem to fit, try another rail.

- Insert a screw into the short rail and tighten.
- Fit the rail assembly onto the body.

Hint: The rails are designed to fit onto the body one way. If it does not seem to fit, turn the body over and try again.

- While holding the rail in place, match the number on a foot to the number on the body. Insert a screw into the foot and tighten.
- Repeat to these steps to assemble the other rail and feet.
- When properly assembled, the feet should match the outline on the body and rail.

- Turn the toy upright.
- Fit a handle to the post on each side of the toy.
- Insert a screw into each handle and tighten.

FCC Statement (United States Only)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

ICES-003

This Class B digital apparatus complies with Canadian ICES-003. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

NMB-003

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes : (1) il ne doit pas produire de brouillage et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

Battery Installation

- For longer life, use **alkaline** batteries.
- Locate the battery compartment on the underside of the giraffe body.
- Loosen the screws in the battery compartment door with a Phillips screwdriver and remove the door.
- Insert three AA (LR6) **alkaline** batteries.
- Replace the battery compartment door and tighten the screws.
- If this toy begins to operate erratically, you may need to reset the electronics. Slide the power/volume switch off and back on.
- When sounds/lights become faint or stop, it's time for an adult to change the batteries.
-  Protect the environment by not disposing of this product with household waste (2002/96/EC). Check your local authority for recycling advice and facilities.

Battery Safety Information

In exceptional circumstances, batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Do not mix old and new batteries or batteries of different types: alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium).
- Insert batteries as indicated inside the battery compartment.
- Remove batteries during long periods of non-use. Always remove exhausted batteries from the product. Dispose of batteries safely. Do not dispose of this product in a fire. The batteries inside may explode or leak.
- Never short-circuit the battery terminals.
- Use only batteries of the same or equivalent type, as recommended.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the product before charging.
- If removable, rechargeable batteries are used, they are only to be charged under adult supervision.

Rocking is fun!

- Spin the rollerball for fun sounds and lights.
- Rock the giraffe for rewarding sounds and lights! The more baby rocks, the more baby is rewarded with lights and music!
