### FCC Statement

**United States**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- **Increase the separation between the equipment and receiver.**
- **Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.**
- **Consult the dealer or an experienced radio/TV technician for help.**

**Canada**

This Class B digital apparatus complies with Canadian ICES-003.

**Europe**

This product is in compliance with the requirements of the R&TTE directive 99/5/EC of the European Parliament and of the Council of 9 March 1999 on radio and television equipment and satellite earth stations, and amending directive 89/106/EEC and directive 90/384/EEC.

• Now you can use these pictures in the program:
  • Drag or copy pictures from anywhere on your computer into the "Add Pictures" folder on your computer desktop.
  • Pictures saved here are available to e-mail.

You can only import images in the following file formats: .jpg, .png or .bmp.

Make sure Digital Arts & Crafts Studio is not running.

Add Pictures
Backgrounds and Stamper Design Tools.

Start by selecting the Stampers or Backgrounds tab on the toolbar.

Press the on/off button on the Studio to launch the software. Look at the Project Studio screen.

Hint: The stylus is perfect to draw sharp lines.

Use the paintbrush for a wide stroke.

Use the spray paint tip for a softer, sprayed look.

Use the other drawing or design tools to decorate the page.

Press the stylus on the tablet to choose any of 256 different colors.

Press the on/off button on the Studio again to return to the Project Studio screen.

Use the other design tools to decorate the page.

Note: Some Share or Add pictures come with additional notes that explain selecting the tools (stamping, cutting, gluing, etc.). Follow the instructions on the print-out to finish the project.
