**SPECIAL CARDS**

- **Reverse Card**: When you play this card, the next player to your left must now play a Reverse card or any color besides Red. If no one has a Reverse card, the player must draw a card from the Deck. However, there is a hitch! On your next turn, you must play a Reverse card. The player after the Reverse card is played will have an extra turn to play a Reverse card or any other color besides Red. If no one has a Reverse card, they must draw two cards from the Deck. Reverse cards are very popular among players, because they often turn a winning situation into a losing one. Also, the Reverse card may be played on a Skip card. However, any Reverse card played on a Skip card will not affect the Skip card. The player after the Reverse card is played will have an extra turn to play a Reverse card or any other color besides Red. If no one has a Reverse card, they must draw two cards from the Deck.

- **Wild Card**: Green, Blue, Red, or Yellow. This card can be played on any color. It reverses the order of play. The player to the left of the player who played the Wild Card now must play a Reverse card or any other color besides Red. If no one has a Reverse card, they must draw two cards from the Deck. Reverse cards are very popular among players, because they often turn a winning situation into a losing one. Also, the Reverse card may be played on a Skip card. However, any Reverse card played on a Skip card will not affect the Skip card. The player after the Reverse card is played will have an extra turn to play a Reverse card or any other color besides Red. If no one has a Reverse card, they must draw two cards from the Deck.

- **Draw 4 Card**: This card requires the next player to pick 4 cards from the Deck. If a player cannot pick 4 cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and cannot pick 4 more cards, they must draw 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck.

- **Wild Draw 4 Cards**: This card requires the next player to pick 4 cards from the Deck. If a player cannot pick 4 cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and cannot pick 4 more cards, they must draw 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck. If a player picks 4 cards and can pick 4 more cards, they must draw 4 cards from the Deck. If no one can pick 4 cards, the player draws 4 cards from the Deck.

**LET'S PLAY!**

1. **Draw the Wild Card**: The first player draws a Wild Card from the Deck and puts it on the Table. This player is the Starter. The Starter puts the Wild Card on the Table and then draws two cards from the Deck. Each player in turn draws a card from the Deck until all cards have been drawn.

2. **Shuffle the Cards**: After all the cards have been drawn, the cards are shuffled in a clockwise direction. The player to the left of the Starter draws a card from the Table and puts it on the Table. This player is the Starter. The Starter puts the card on the Table and then draws a card from the Deck. Each player in turn draws a card from the Deck until all cards have been drawn.

**SCORING**

- **Winning Player**: The player who first reaches 500 points is the winner. If no one is out of cards by the time the Draw pile runs out, the player who has the highest number of points wins.
