1 Instruction Sheet

*Please remove all contents from package, and compare them to the list above. If any items are missing, please call 1-800-524-8697.*

Leapin' Ladders! The pet hospital is on fire! Your mission: save the pets and reach the top of the building where the helicopter is waiting to take you to safety. Become one of the Rescue Heroes and climb up the hospital and carry the pets away. Ladders will let you leap ahead, while the ropes let you slide down to get any pets still in danger. First one to the top invites all the Rescue Heroes

along as you fly away to safety. It's Firefighter Fun as you play the ultimate Pet Patrol!

### Object:

Save the most pets as you race up the Pet Hospital Game Board to the Rescue Heroes' helicopter.

### Set Up:

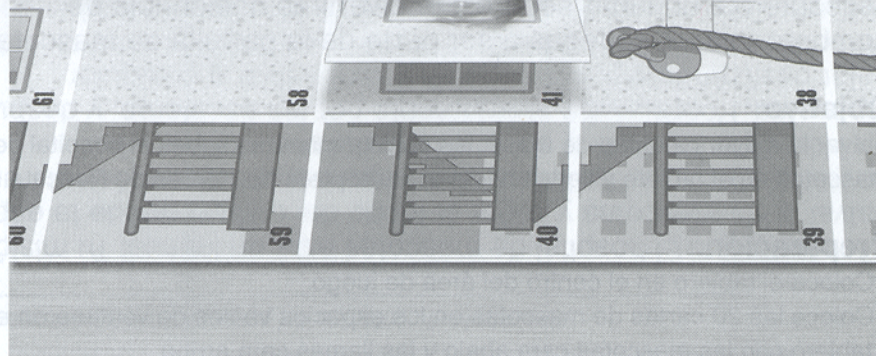

- Place the Game Board in the middle of the playing area.
- Place the 20 Pet Cards on the empty window spaces on the Board with the pets face down and the flames facing up.
- Put the die where everyone can reach it.
- Each player picks a Rescue Heroes Mover and places it on the fire truck that's just rolled up to the building. This is the start space.

### Let's Play:

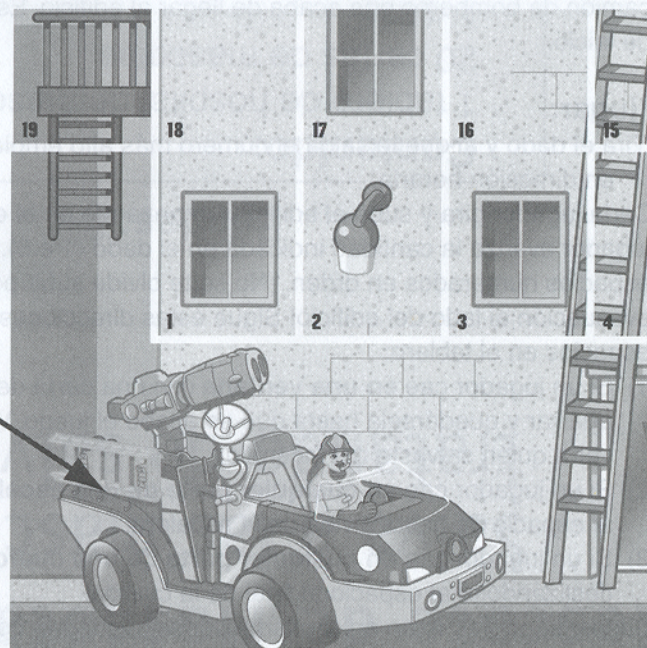

- Roll the die and whoever gets the highest number goes first. Play continues clockwise.
- Each player rolls the die to the side of the Game Board (so you don't knock the Pet Cards off their spaces!) and moves up the building, starting with space 1. From there, players advance the number indicated by the die (1 through 6), following the numbered spaces on the Board. Don't forget to go up the fire escape ladders next to the building! Follow these directions for the different spaces on the Game Board:
  - 1) If a player lands **on a window** with a Pet Card, he may pick it up and keep it for the rest of the game. Turn it over and see who you rescued from the fire!
  - 2) If a player lands **on any part of a ladder**, he must go **up** to the space at the end of that ladder.
  - 3) If a player lands **on any part of a rope**, he must slide **down** to the space at the end of the rope.
- If two players land on the same space, they may share that space.
- Once a player reaches the last space (#68) on the Game Board and reaches the roof of the Pet Hospital, he may go back and collect the remaining Pet Cards so no animals are left in the building!
- Now, invite all the Rescue Heroes along to join you and you'll all be whisked to safety by the awaiting helicopter!

### Winning:

Once the first player reaches the Rescue Heroes helicopter, all players should count their Pet Cards and the one who has "rescued the most animals" wins!
