Please keep these instructions for future reference.
Adult assembly is required.
Tool needed for assembly: Phillips Screwdriver.
If you experience a problem with this product, or are missing a part, please call us at 1-800-432-KIDS, rather than return this product to the store.
Message to Parents

Thank you for purchasing the Fisher-Price® Caring Touch™ Nursery Center. With the Caring Touch™ Nursery Center, your make-believe mommy or daddy has everything needed to care for baby. Wash baby in the pretend basin and then flip the cover to put on a fresh diaper (diaper not included). Put baby in the cradle and rock baby to sleep. Sweet dreams are ahead for baby with your child’s caring touch!

Parts

If you experience a problem with this product, or are missing a part, please call us at 1-800-432-KIDS, rather than return this product to the store.

- Please save all packaging material until assembly is complete to ensure that no parts are discarded.
- Before assembling the Caring Touch™ Nursery Center, please wipe each part with a clean, dry cloth.

! CAUTION

Please keep small parts and plastic bags out of children’s reach. Dispose of plastic bags properly.
1. **Position the headboard so that the tabs face the basin.**
2. **Insert and snap the headboard into the slots in the base assembly.**
3. **Gently pull up on the headboard to be sure it is secure.**

1. **Turn the basin base upside down on a flat surface.**
2. **Turn the cradle base upside down and fit it onto the basin base.**
3. **Insert two ¾” screws through the cradle base and into the basin base. Tighten the screws with a Phillips screwdriver. Do not over-tighten.**
4. **Set the base assembly aside.**

1. **Turn the basin upside down on a flat surface.**
2. **Fit the side panel labeled A to the side of the basin.**
3. **Insert two ¾” screws through side panel A and into the basin. Tighten the screws with a Phillips screwdriver. Do not over-tighten.**
4. **Fit the side panel labeled B to the side of the basin.**
5. **Insert two ¾” screws through side panel B and into the basin. Tighten the screws with a Phillips screwdriver. Do not over-tighten.**

1. **Turn the base assembly and basin assembly upright.**
2. **Insert and snap the tabs on the basin assembly side panels into the slots in the base assembly.**
3. **Gently pull up on the basin assembly to be sure it is secure.**

1. **Position the headboard so that the tabs face the basin.**
2. **Insert and snap the headboard into the slots in the base assembly.**
3. **Gently pull up on the headboard to be sure it is secure.**
• While holding the cradle in place, insert a sleeve into the outside hole in the foot of the cradle.
• Insert a 1 3/4" screw with 1/2" washer through the inside hole in the foot of the cradle and into the basin. Hand-tighten the screw.

6

• Insert a sleeve into the inside hole in the headboard.
• Position the cradle so that the quilted side is toward the basin.
• While holding the cradle in place, insert a 1 3/4" screw with 1/2" washer through the outside hole in the headboard and into the cradle. Hand-tighten the screw.

7

• Tighten the screw in the foot of the cradle and the headboard with a Phillips screwdriver. Do not over-tighten.

8

• Check to be sure the cradle swings freely. If the cradle does not swing freely, loosen the screw in the foot of the cradle and the headboard 1/4 turn with a Phillips screwdriver. Again, check to be sure the cradle swings freely, and loosen if necessary.

• While holding the cradle in place, insert a sleeve into the outside hole in the foot of the cradle.
• Insert a 1 3/4" screw with 1/2" washer through the inside hole in the foot of the cradle and into the basin. Hand-tighten the screw.
• Position the cover with the quilted side facing away from the basin.
• Fit the back peg on the cover into the back slot in the basin.
• Insert and snap the front peg on the cover into the front slot in the basin.

• Position the mobile so that the arched side is up.
• Make sure the areas where the labels will be applied are clean and dry.
• Apply the labels as indicated in the illustration.
• For best adhesion, try to avoid applying the labels more than once.

• Insert the plug into the top of the mobile arm.
• Position the mobile so that the label side is toward the plug.
• Fit and snap the mobile onto the end of the plug.

• Insert and snap the mobile arm into the slot in the top of the headboard.
Assembly

- Fit the cream jar cover onto the cream jar.
- Insert the sprayer into the hole in the basin.

Assembly is now complete.

Care

- To clean or remove static electricity, wash all parts with a mild cleaning agent and damp cloth. Do not use bleach. Rinse with clean water to remove residue.
- Periodically check the Caring Touch™ Nursery Center for loose fasteners and tighten as needed.
