Move 'n Groove™ Dance Mat

INSTRUCTIONS

Please keep these instructions for future reference as they contain important information.

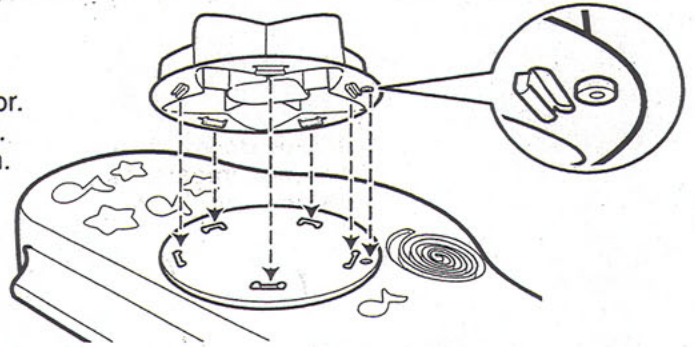

BARNEY'S™ MOVE 'N GROOVE™ DANCE MAT allows children to dance to six different tunes with BARNEY™ and make their own music using a keyboard. Children can select which song they want to hear, and play sound effects by stepping on the footprints, star, BJ™, and Baby Bop™ icons. All the while, BARNEY dances along to the music! There's also a game mode where Barney asks you to find certain icons.

ADULT ASSEMBLY:

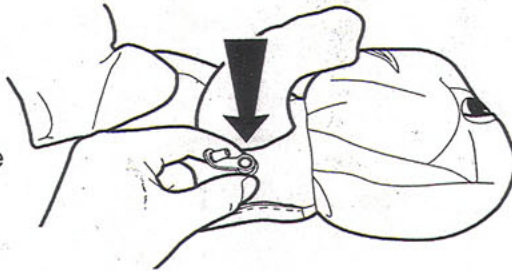

- Unfold the vinyl dance mat and lay it flat on the floor.
- Remove the plastic "star" from below the main unit.
- Insert the star on the top of the main unit as shown.

WARNING:

This is a one-time assembly - once the star has snapped into place it will remain there permanently and cannot be disassembled or corrected.

- Inflate BARNEY by blowing into the tube until fully inflated, and close tube.

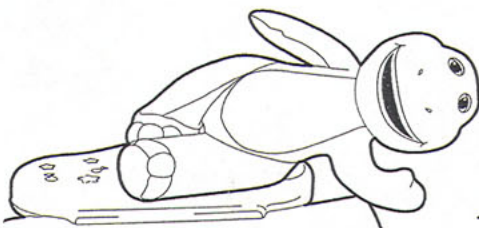

- Insert the plastic piece below Barney's left foot into the plastic star.
- BARNEY is now ready to dance!

NOTE:

Non-return valve needs to be squeezed at bottom while inflating by mouth. Do not use a high-pressure pump. To avoid damage, keep the toy away from sharp objects. To ensure best performance, make sure BARNEY is fully inflated before each use.

WARNING:
BARNEY WILL NOT OPERATE PROPERLY IF NOT FULLY INFLATED BEFORE EACH USE.
