

Creative Café™

Frappe Maker™

Includes:

- Creative Café™ Frappe Maker
- Reusable Straw with Removable Spoon
- Reusable Frappe Cup with Lid
- 1 Apple Flavor Mix, 1 Mango Flavor Mix, 1 Strawberry Cream Flavor Mix 0.7 oz (20 g) each

Get ready to dazzle your friends and family with delicious, tropical treats you make with the Creative Café™ Frappe Maker!

Until you get the hang of making your own Frappes, you might want to ask a parent to help you. The Creative Café™ Frappe Maker works with most milk substitutes, including Soy milk, Almond milk, Coconut milk, and Lactose Free milk, but low-fat milk gets the best results.

Before You Begin:

1. Hand wash the Creative Café™ Frappe Maker, cup, lid, and straw before first use and after each use.
2. Wash your hands with soap and water before you get started.
3. Choose a work area with a flat surface and cover your work area before use. Mix your Frappe on a washable surface – some mix may slosh out of the cup during mixing.
4. Hand wash all components and work surfaces that come into contact with milk.
5. Do not consume any milk or Frappe that has been left out of the refrigerator for an extended period of time.

Frappe Basics:

STEP 1: Place Creative Café™ Frappe Maker in freezer for at least 12 hours (overnight is best). There is no need to place the Frappe Cup, Lid, or Straw in the freezer.

STEP 2: Once frozen, fill your Creative Café™ Frappe Maker to the fill line on the inside of the mug with milk or a milk substitute.

STEP 3: Using the spoon on the end of the included straw, pick your favorite flavor and scoop two heaping spoonfulls into the Creative Café™ Frappe Maker.

STEP 4: Using the spoon, mix the powder into the milk until there are no more clumps (approximately 1 minute). Make sure to mix down deep to the bottom.

STEP 5: Right about now, you'll start to see ice crystals forming on the inside wall of the Creative Café™ Frappe Maker. Use the spoon to scrape the sides of the cup, alternating mixing and scraping, until your mixture is a firm, slushy consistency. This could take up to 5 minutes.

STEP 6: Spoon the frozen mixture into the included Frappe Cup and place the lid securely on top. Remove spoon from straw, then insert through the hole in the lid and enjoy!

Frappe Maker

Rainbow Frappe Recipe: ★ ★

STEP 1: Follow the Frappe Basics instructions to make the first flavor. Pour 1/3 of the mixture into the Frappe Cup and return to the freezer. Reserve the excess mixture as indicated in the tip below.

STEP 2: Without washing or rinsing the Creative Café™ Frappe Maker, create the second flavor. Spoon 1/3 of this mixture on top of the first flavor in the Frappe Cup and return to the freezer. Reserve the excess mixture as indicated in the tip below.

STEP 3: Create the third flavor. Spoon 1/3 of this mixture on top of the second flavor in the Frappe Cup. Reserve the excess mixture as indicated in the tip below.

STEP 4: Continue to layer frozen mixture until cup is full. Then enjoy your tropical rainbow-colored treat!

TIP: Store any excess frozen mixtures for each flavor separately in a freezer safe container. When ready to use, allow approximately 1 hour for frozen mixtures to thaw completely.

Decorating Tips: ★ ★

- Do not need to consistently mix; let mixture sit to allow crystals to form.
- Do not hold body of cup when slushing; hold handle.
- Do not rinse between layers.
- Slushing rates vary. Factors like temperature of milk and temperature of cup affect slushing; keep all components as cold as possible.
- Store Frappe Cup in freezer with each added layer to keep layers as separated as possible.

Clean Up: ★ ★

- Handwash the Creative Café™ Frappe Maker, Frappe Cup, lid, and straw with soap and warm water.
- Dry each piece thoroughly.
- Place the Creative Café™ Frappe Maker back in the freezer for next time!
