BATTERY INSTALLATION/REPLACEMENT:

Open battery cover. Insert 2 "D" alkaline batteries in the orientation shown. Close battery cover. For optimal performance use only alkaline batteries. Replace the batteries when the booster runs slowly or no longer propels the cars through the set.

BATTERY SAFETY INFORMATION

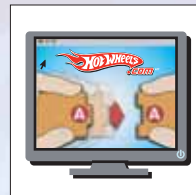

In exceptional circumstances batteries may leak fluids that can cause a chemical burn injury or ruin your product. To avoid battery leakage:

- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the product before being charged (if designed to be removable).
- Rechargeable batteries are only to be charged under adult supervision (if designed to be removable).
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Do not mix old and new batteries.
- Only batteries of the same or equivalent type as recommended are to be used.

Protect the environment by not disposing of this product with household waste [2002/96/EC]. Check your local authority for recycling advice and facilities.

- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the product.
- The supply terminals are not to be short-circuited.
- Dispose of battery(ies) safely.
- Do not dispose of this product in a fire. The batteries inside may explode or leak.

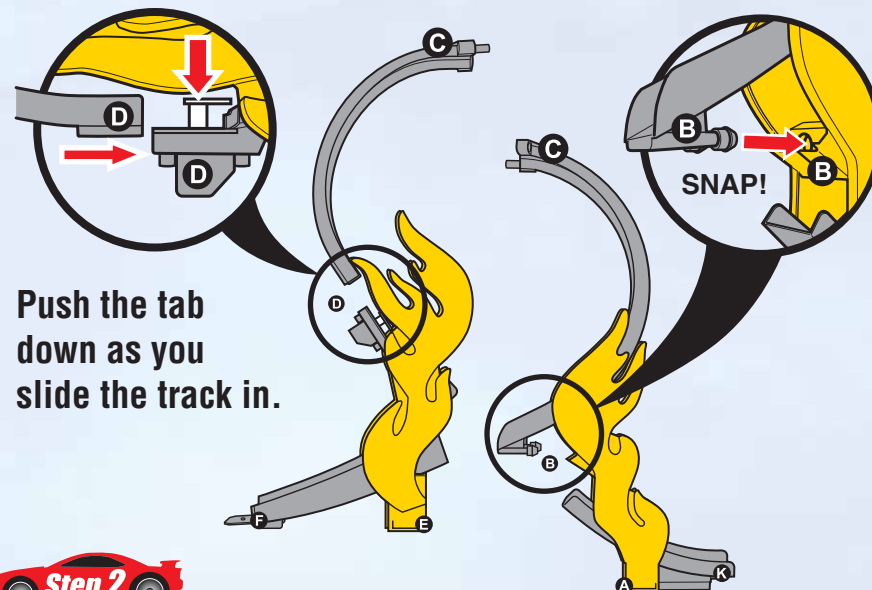

Refer to letters on parts and contents page to help with assembly.

For additional help with assembly check out our animated instructions online!

Step 1

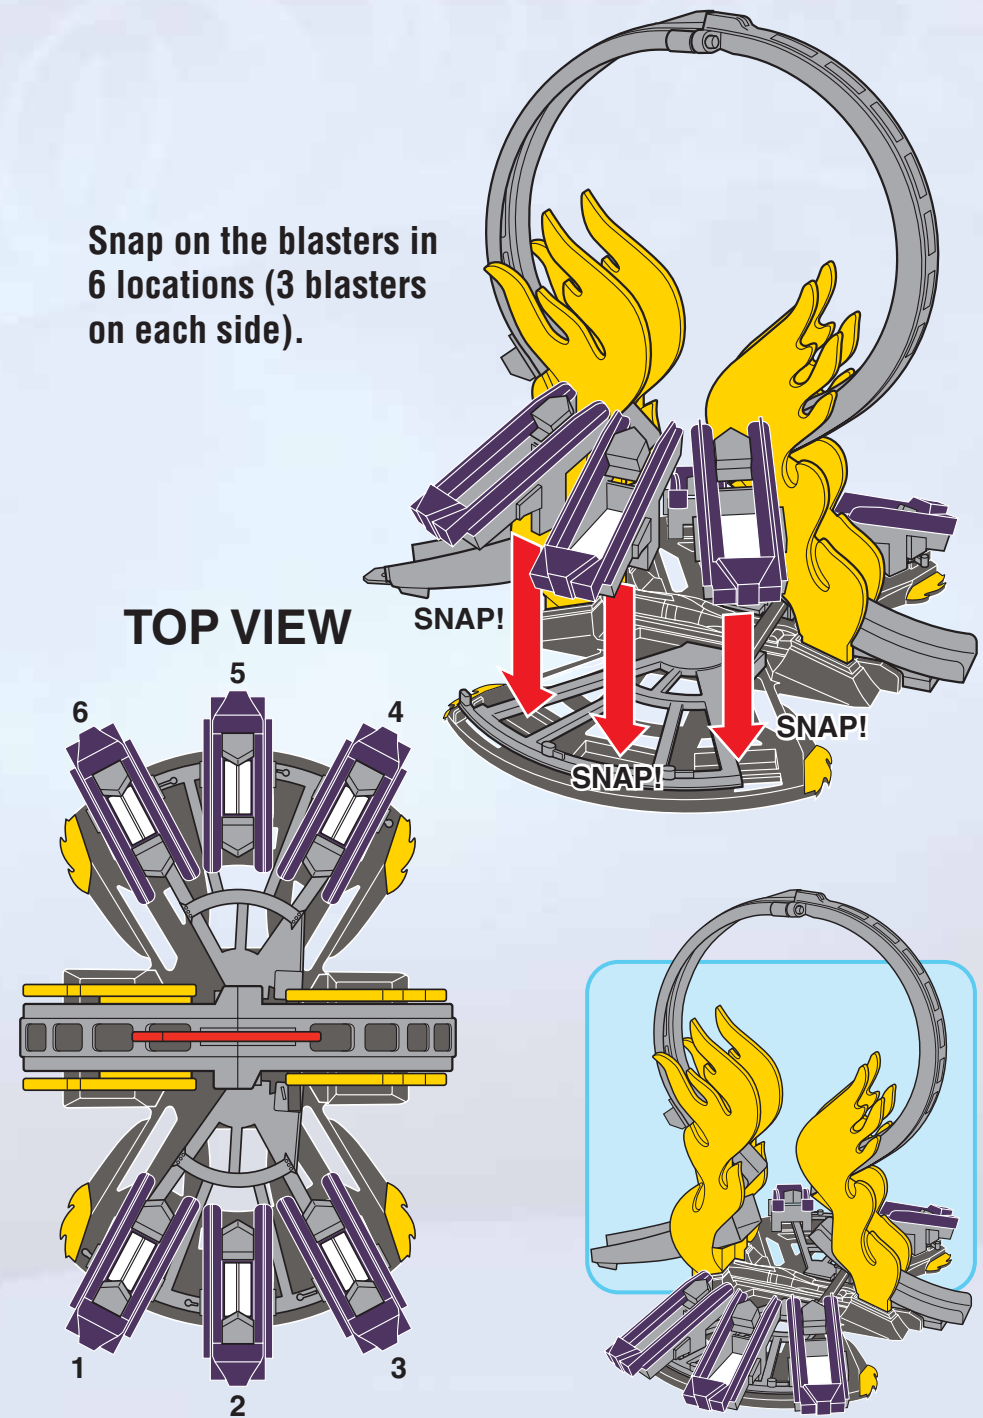

Step 2

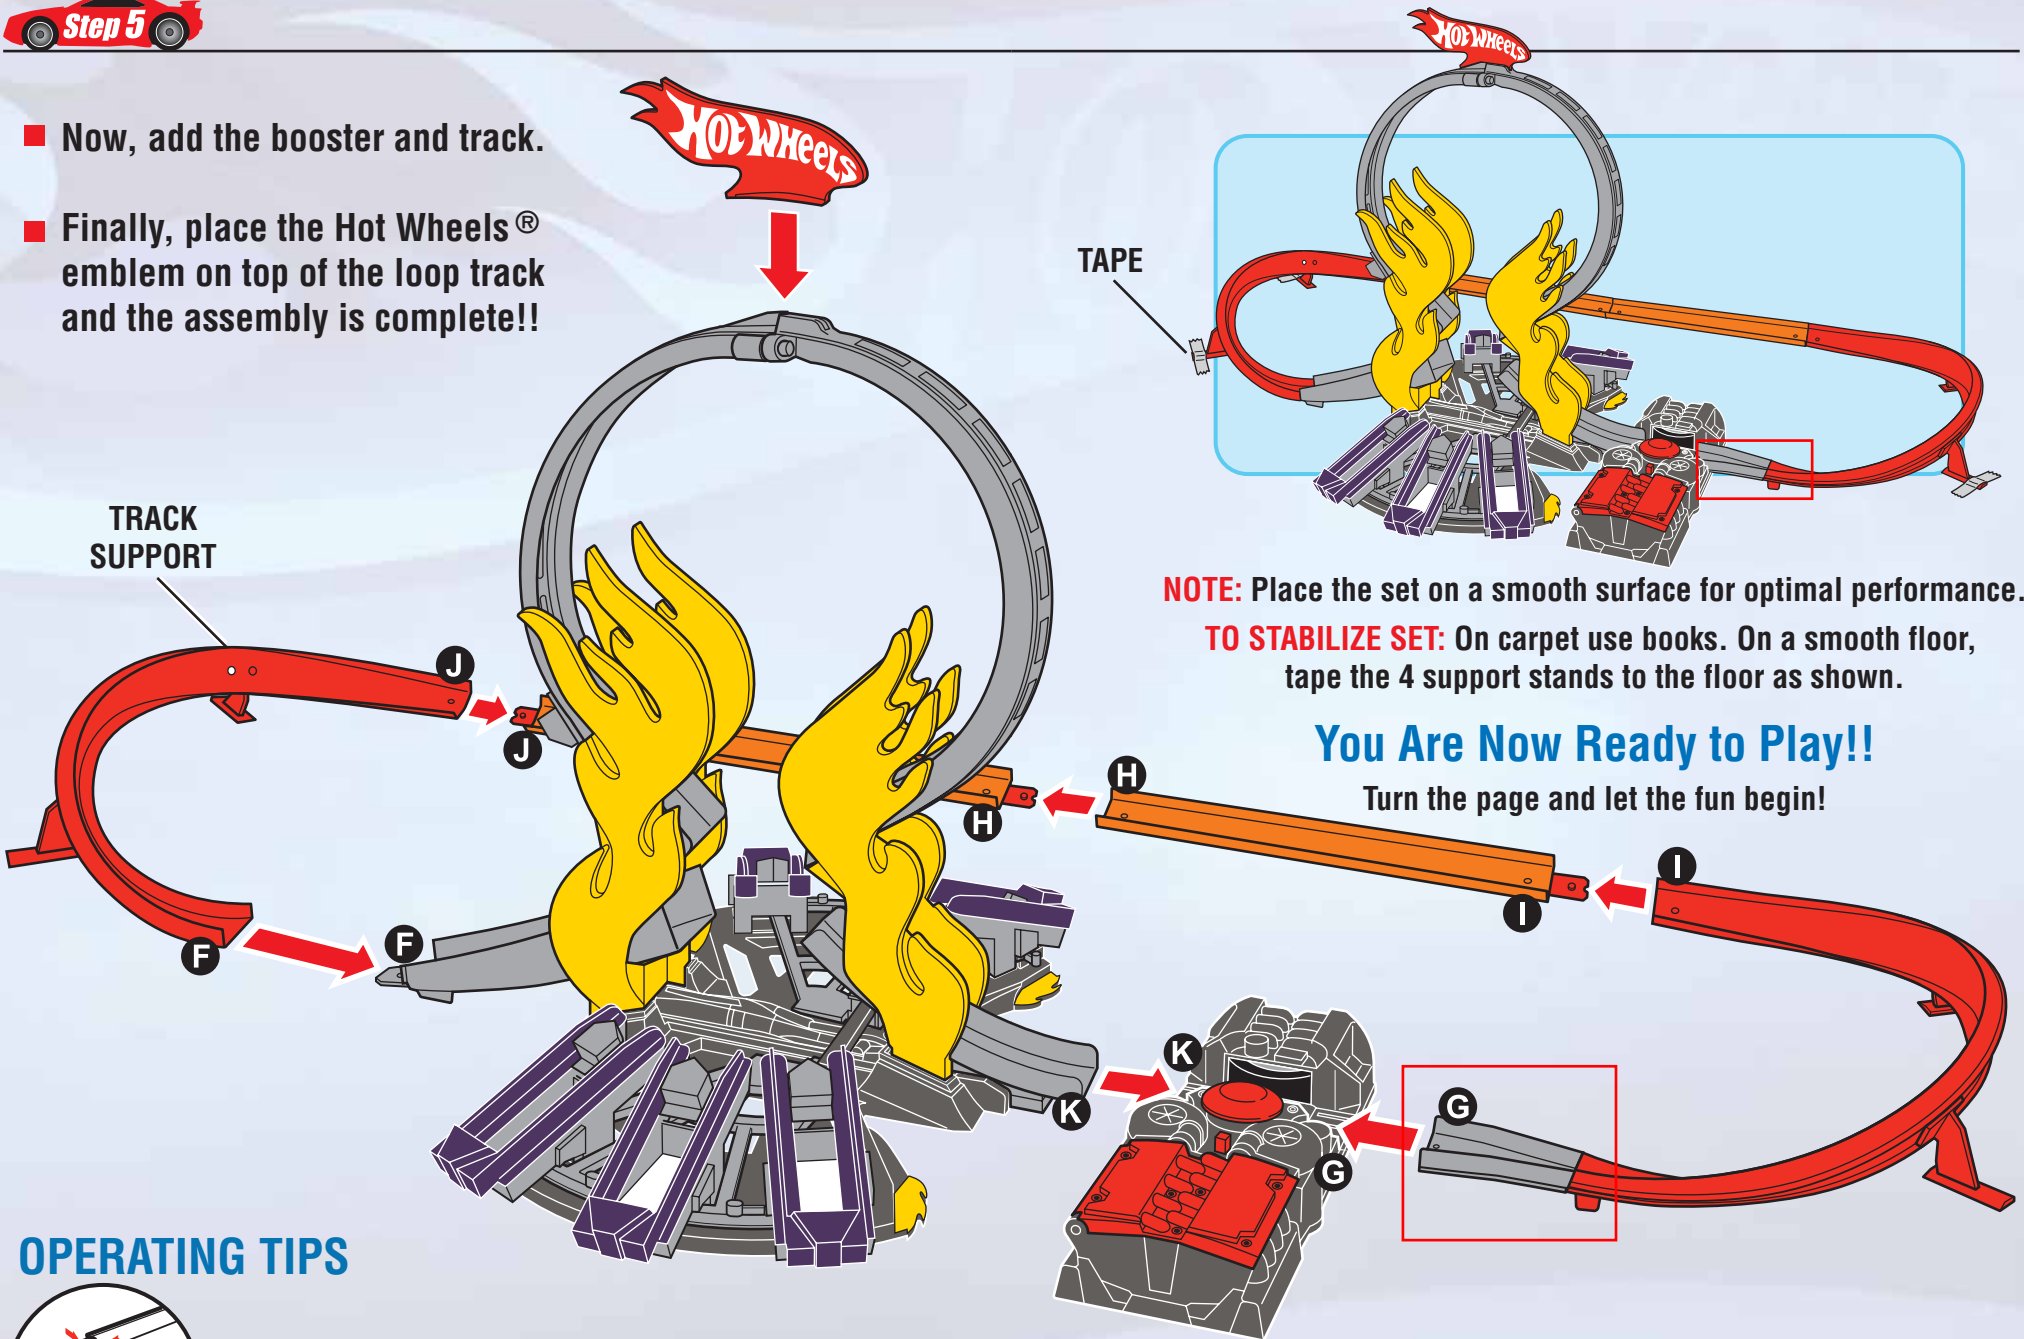

Snap on the blasters in 6 locations (3 blasters on each side).

Step 5

- Now, add the booster and track.
- Finally, place the Hot Wheels® emblem on top of the loop track and the assembly is complete!!

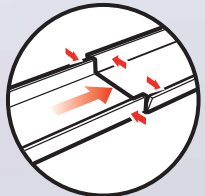

NOTE: Place the set on a smooth surface for optimal performance.

TO STABILIZE SET: On carpet use books. On a smooth floor, tape the 4 support stands to the floor as shown.

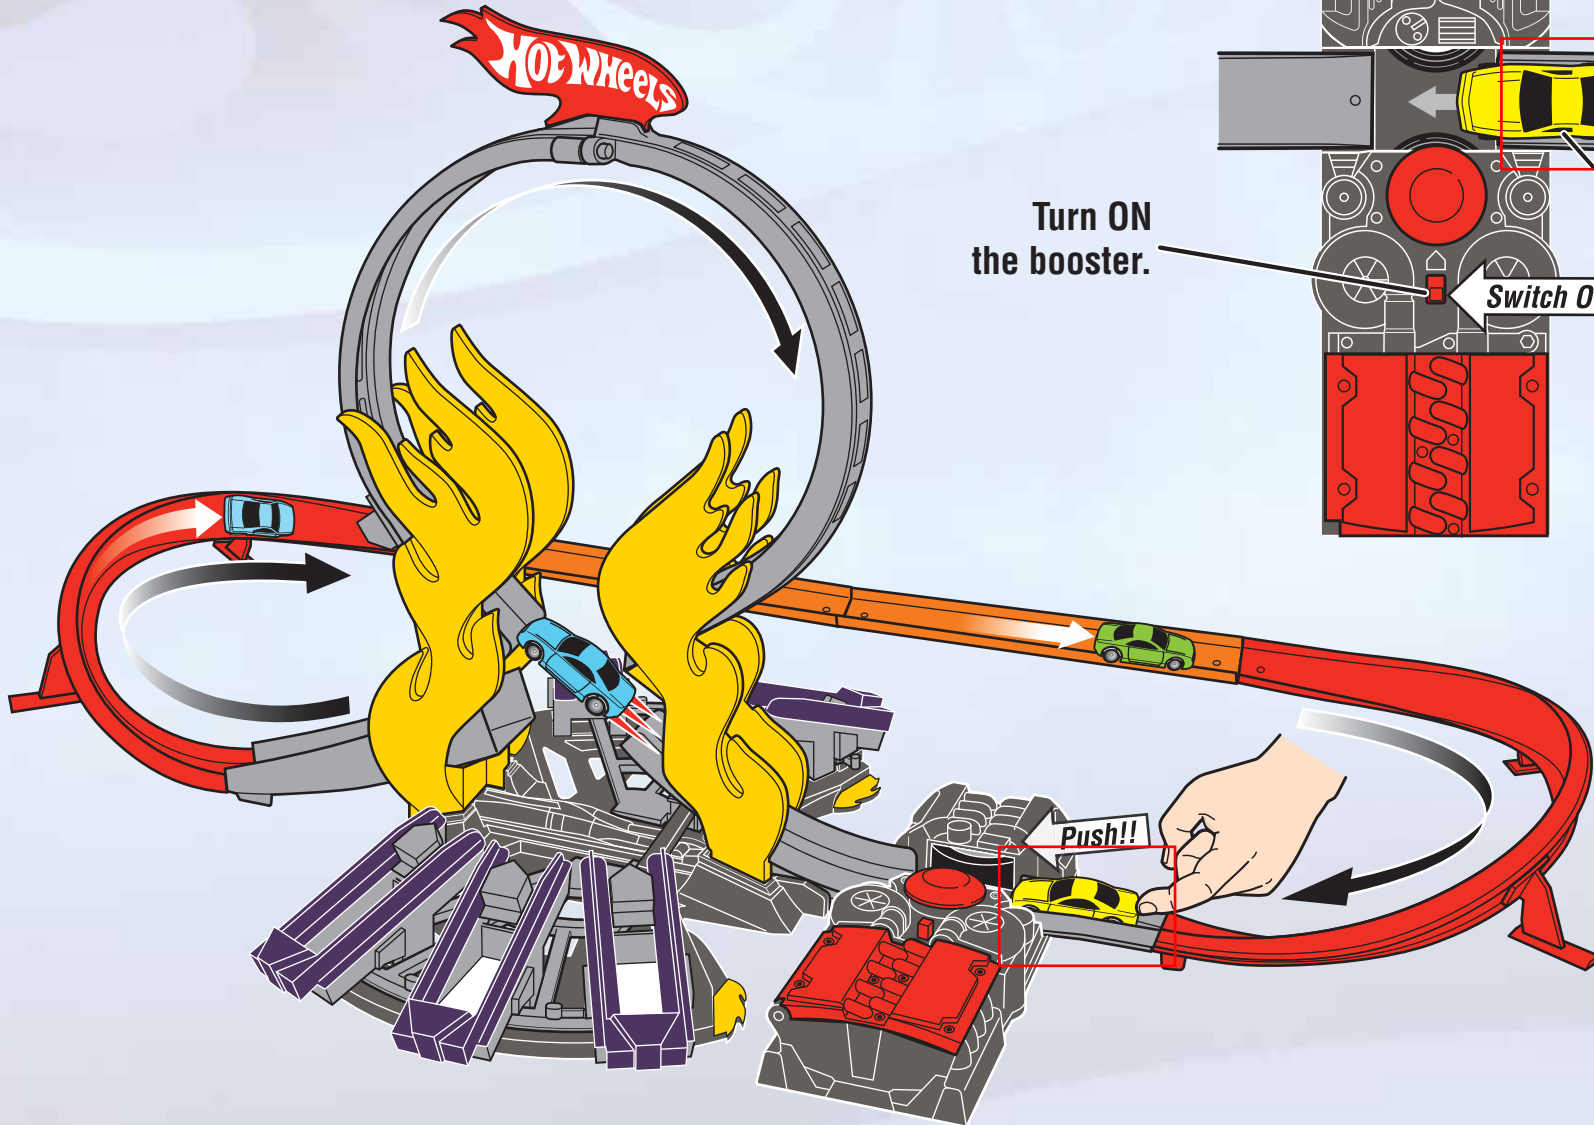

You Are Now Ready to Play!!

Turn the page and let the fun begin!

OPERATING TIPS

Adjust track side walls at each connection point as shown. Make sure tabs are on the inside of the track wall as shown here. Make sure track supports are lined up with holes on track.

Turn ON
the booster.

Switch ON!!

Place a car on the
track in the direction
of the arrow.

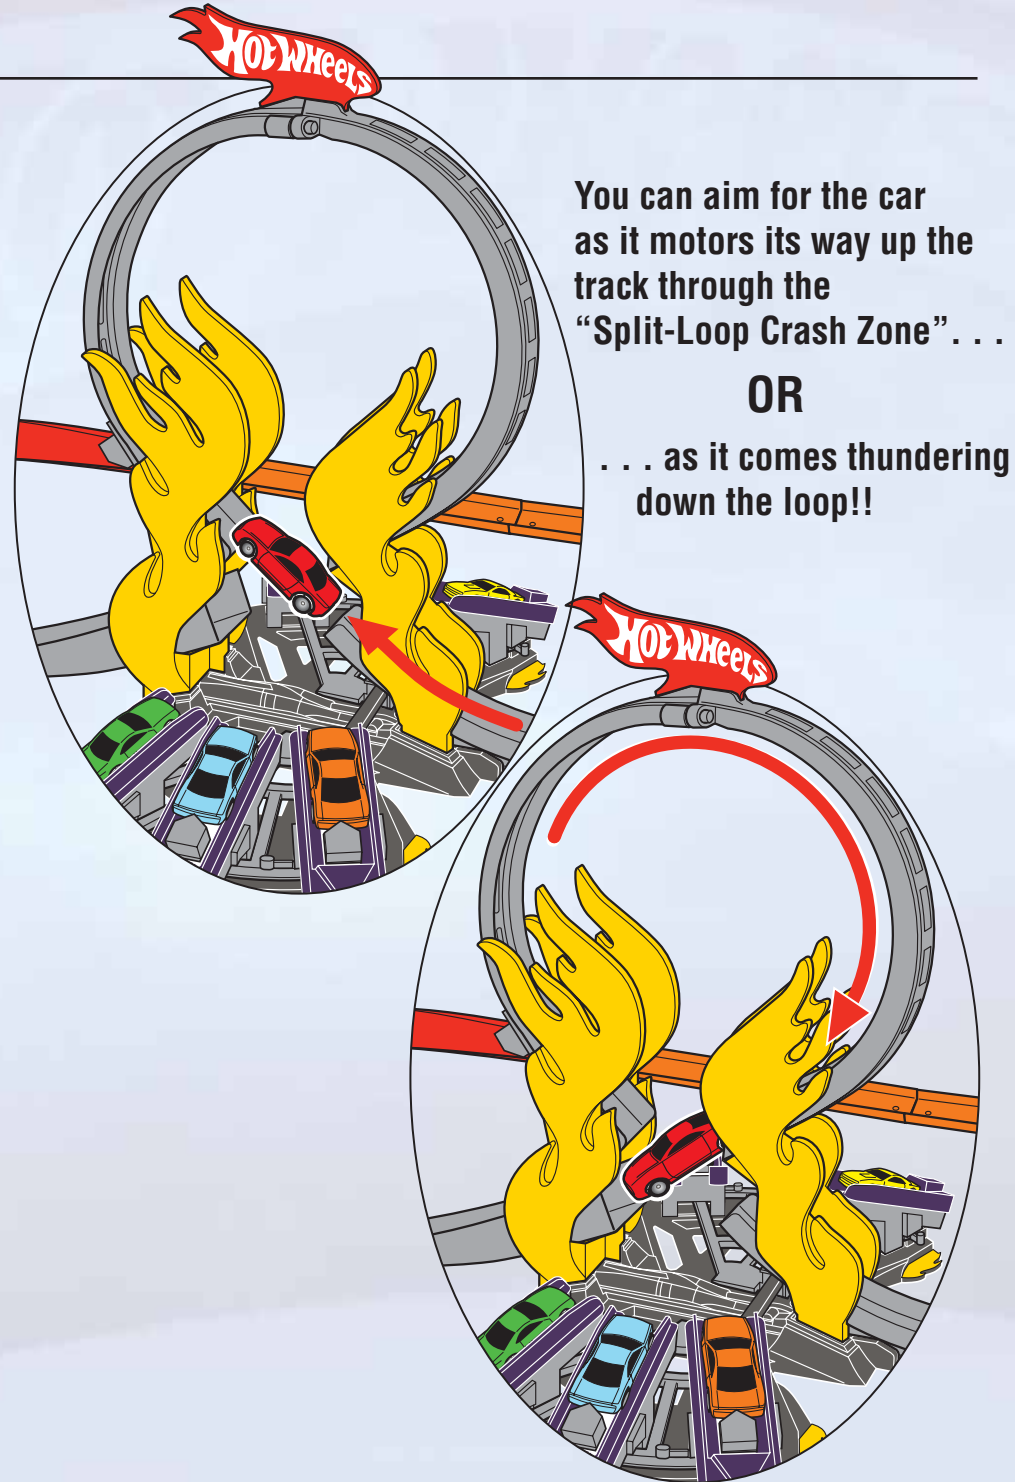

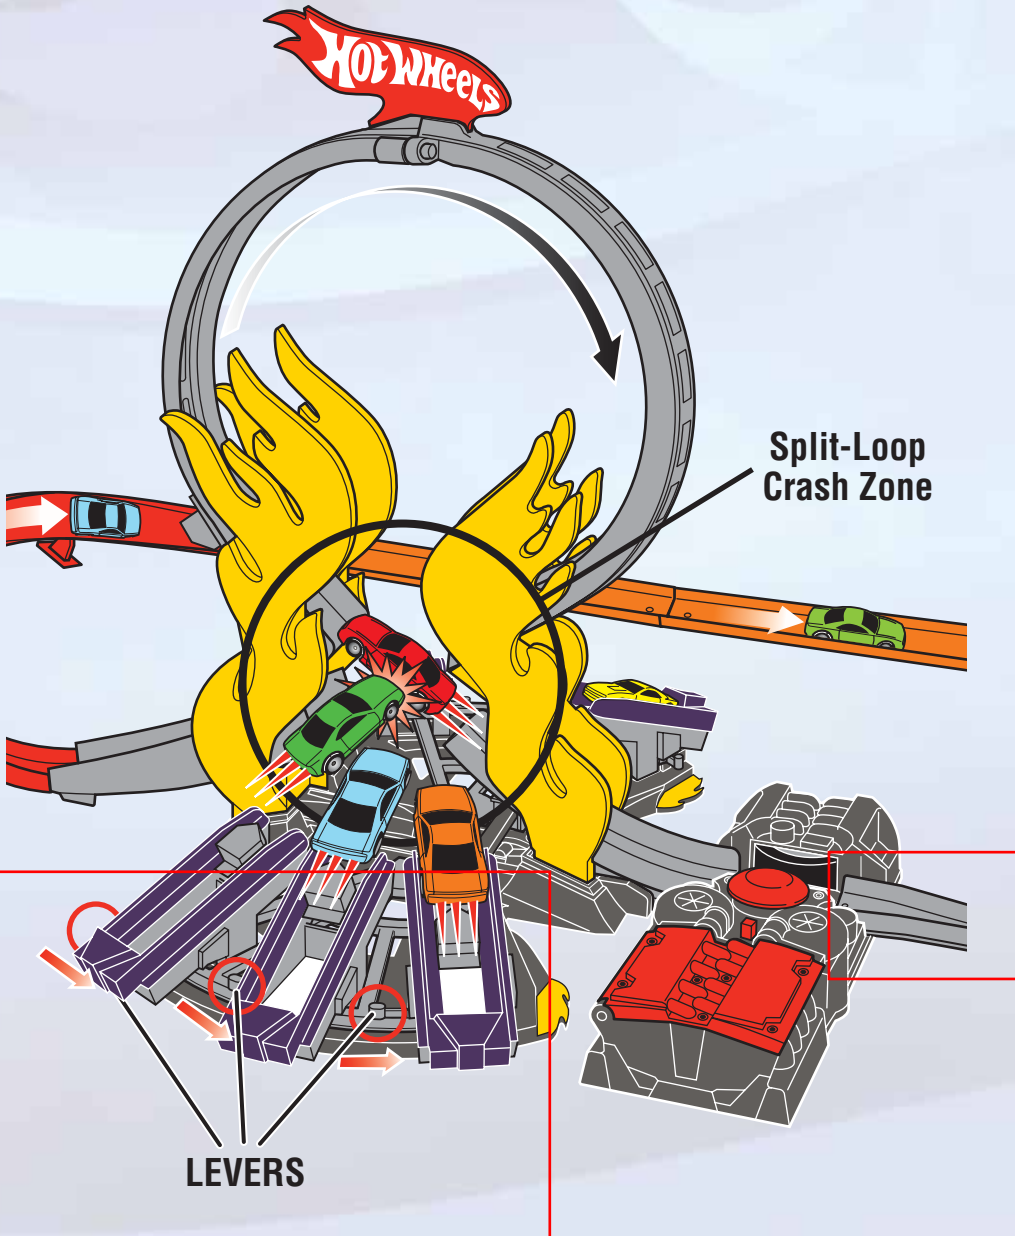

Push it between the
rotating wheels of
the booster and
watch it GO!!

Push!!

Push!!

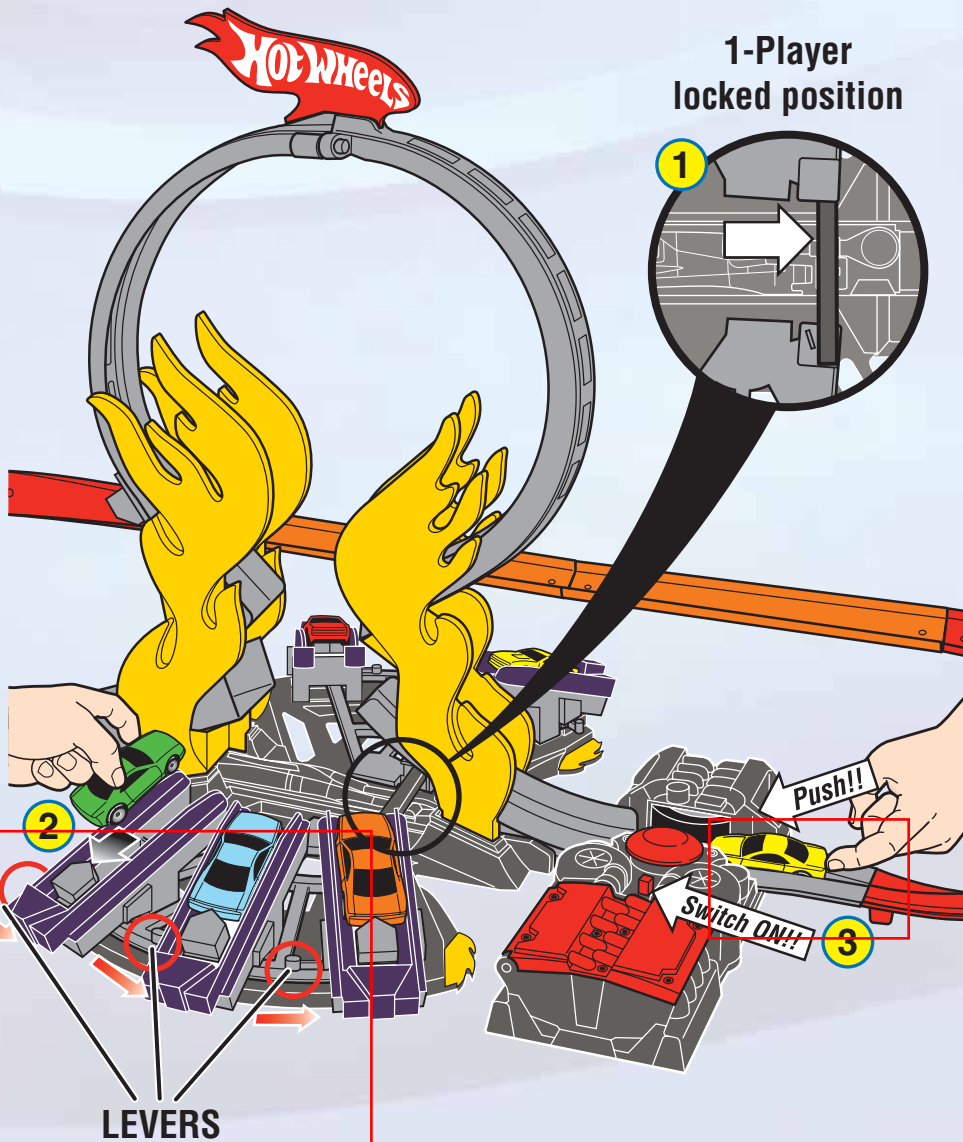

Objective: To knock out the speeding car as it flies through the “Split-Loop Crash Zone”.

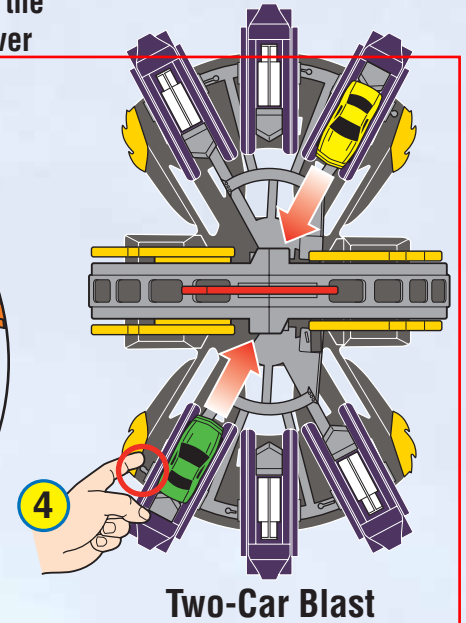

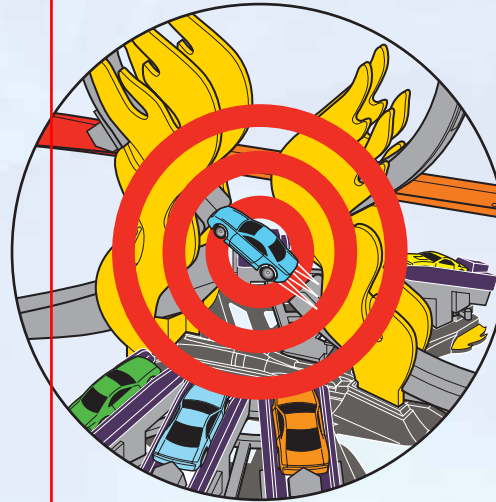

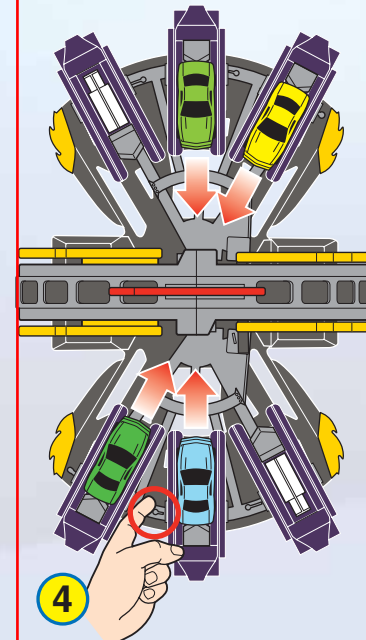

- 1 Set lever to 1-Player locked position.
- 2 Place cars in blasters (1 to 6 cars).
- 3 Turn the booster ON and launch the car.

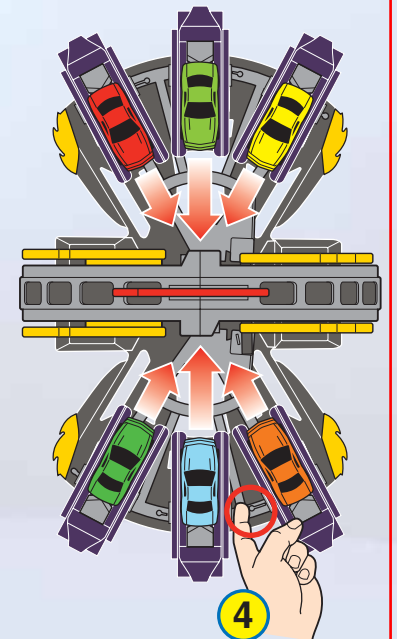

- 4 As the speeding car flies through the "Split-Loop Crash Zone" push lever to activate blasters.

Target: Hit and WIN!!

Four-Car Blast

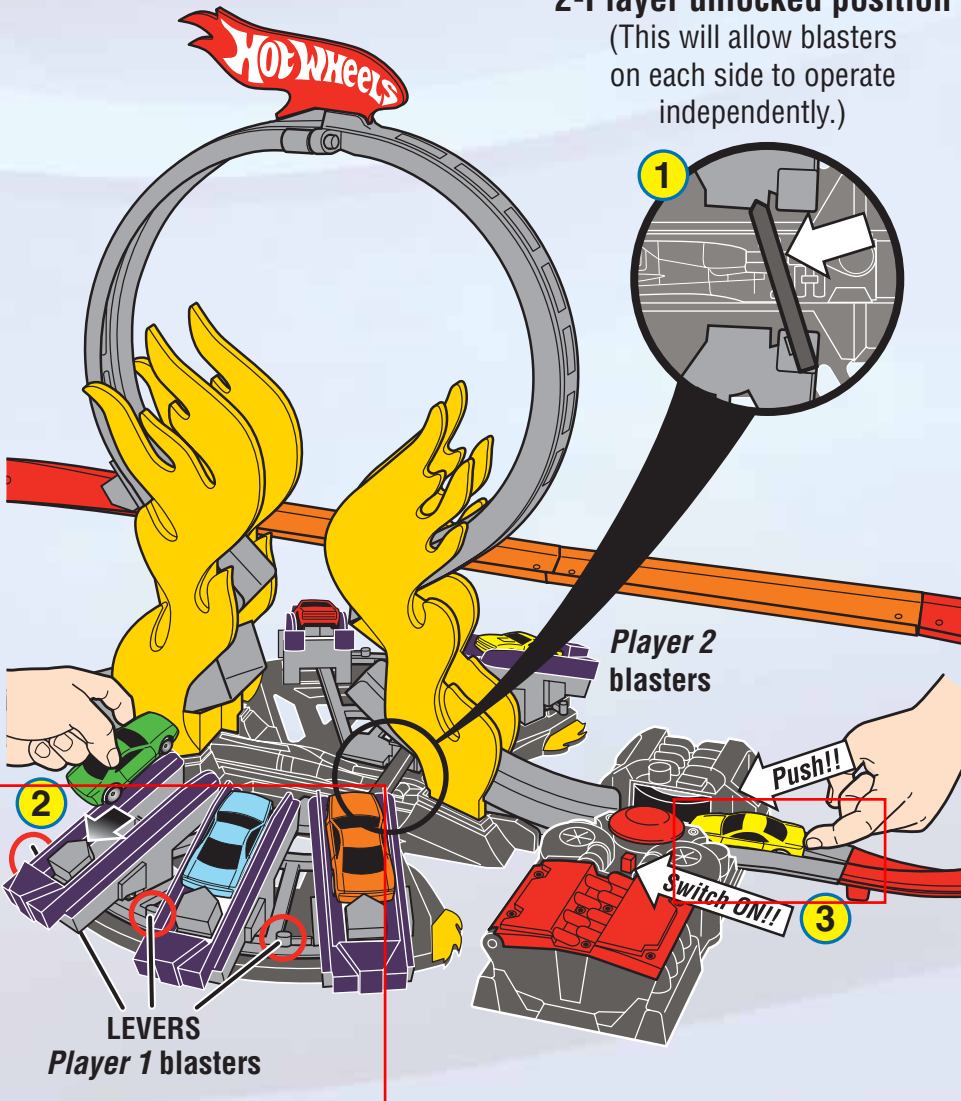

For the Ultimate Action!!
Six-Car Blast!!

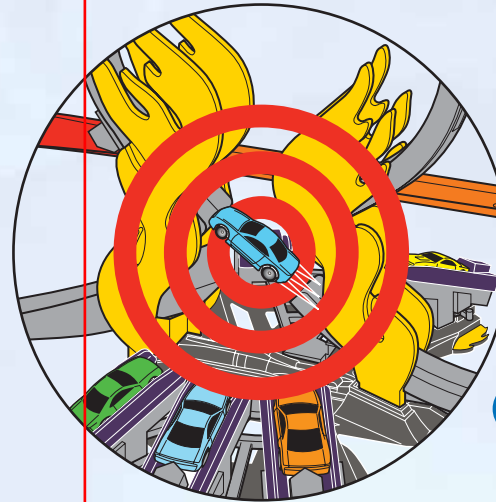

Did you get enough practice with 1-Player mode? Now, challenge a friend for the ultimate head-to-head blasting battle!

- 1 Set lever to 2-Player unlocked position.
- 2 Place cars in blasters (1 to 3 cars on each side).
- 3 Switch on the booster and launch the car.

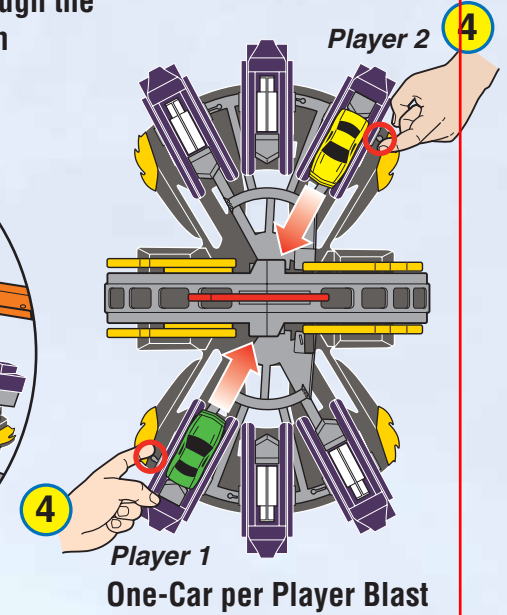

2-Player unlocked position
(This will allow blasters on each side to operate independently.)

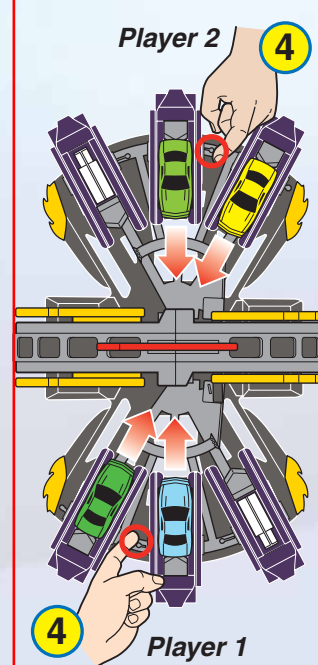

- 4 As the speeding car flies through the "Split-Loop Crash Zone" push levers to activate blasters.

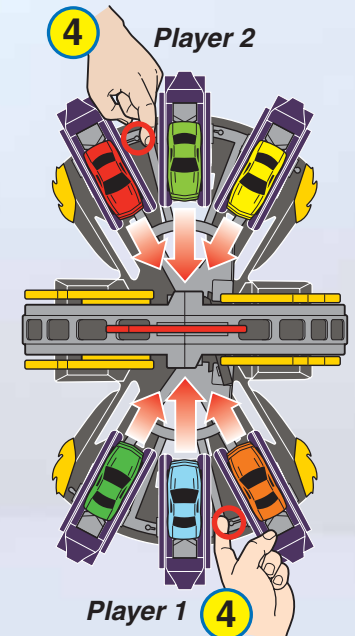

Hit the "Target" and WIN!!

Player 1
One-Car per Player Blast

Player 1
Two-Cars per Player Blast

Player 1
For the Extreme Pile-Up!!
Three-Car per Player Blast!!
