

Fisher-Price® 4-in-1 Rock 'n Glide Soother Recall

Fisher-Price, in cooperation with the U.S. Consumer Product Safety Commission (CPSC), announced a voluntary recall of the 4-in-1 Rock 'n Glide Soother. Infants who are placed unrestrained in the product and later found on their stomach are at risk of suffocation. Four infant deaths have occurred in the 4-in-1 Rock 'n Glide Soothers.

This recall involves the 4-in-1 Rock 'n Glide Soother, model numbers **CBT81, CHP55, and CHP56**. The products have two use modes: a powered glider seat and an infant rocker. In both modes, the product can move in a head-to-toe or side-to-side motion. The model number is located on the underside of the base.

Consumers should immediately stop using the product and contact Fisher-Price at 800 463 59 89 or (55) 59 05 51 00 ext. 5206. In order to verify that your product is affected, we will need the product number and date code from the underside of the base. Please be sure to have your product with you when you call.

As always, Fisher-Price's greatest concern and primary focus has always been the safety of the children who use our products. For that reason, we've taken action to recall the 4-in-1 Rock 'n Glide Soother. Fisher-Price is dedicated to creating safe and helpful products for you and your family.
