2. Press and hold the Volume + Button then press and hold the Power Button together until a menu appears in the upper left hand corner of the screen.

3. Use Volume – Button to select and highlight "Recovery Kernel" in green, then press the Volume + Button to select it.

4. When nabi shows the Android character with the exclamation sign (!), press and hold the Volume – Button and Volume + Button together until the next menu appears. (You may need to try this a few times to make that blue menu appear)

5. Use the Volume – Button to select and highlight "Wipe Data/Factory Reset" and press the Power button to select it.

6. Use the Volume – Button to select and highlight "Yes-delete all user data" and press the Power button to select that option.
