

## nabi 2S Factory Reset

1. Turn off your nabi 2S.

2. Press the Volume + button first, then press the Power button and hold them both until the dead android logo appears.

3. Hold the Volume - Button. As it is being held down, tap the Volume + Button once which will bring up the next menu.

4. Use the Volume - button to highlight "Wipe Data/Factory Reset," and press the Power button to select it.

5. Use the Volume - button to highlight "Yes" (Scroll down past all of the "No" options) and then press the Power button to select that option.

6. When the data wipe is complete, "Reboot system now" should be highlighted. Press the Power button to reboot your nabi 2S.

7. It will take about five minutes to reboot your nabi 2S. Once the initialization is complete, you will see the Welcome screen to complete setup.
